

## The Wife I Picked Up Is Too Chapter Chapter 615

Chapter 615: Because She Had Seen Her Husband Before

The corners of Imperial Concubine Anna's mouth curled up into a smile. "Mingxue, you're thinking too much. With Qingqing's brain and wisdom, the husband she found is naturally a top figure. Although Raymond is not bad, isn't he not in Qingqing's eyes too? I advise you to give up on this idea."

Madam Mingxue raised her eyebrows and said, "Your Highness, how do you know that the husband Qingqing found is a top figure? Can he be better than my son?"

Imperial Concubine Anna said smugly, "Because I've seen her husband."

With that, she sat in the backseat of the car, wind up the car window, and smiled at Madam Mingxue. "By the way, the Duke's Manor method is also very strange. You actually thought of giving Feng Qing a big diamond, oh no, two diamonds. Don't you think it's a little silly to give that kind of thing? If you use such a method to chase after a girl, not to mention an outstanding girl like Qingqing, Raymond won't be able to chase any kind of girl. Hahaha..."

Imperial Concubine Anna waved at the two people standing outside. After the royal convoy rang with a horn, it slowly drove off. Madam Mingxue turned to look at Duke Raymond after hearing Imperial Concubine Anna's words, her eyes filled with coldness. "What big diamond?"

She had been taking medicine and recuperating recently and had often been in seclusion, so she did not pay much attention to what was going on outside. This was the first time she had heard that Duke Raymond had given Feng Qing two large diamonds. Regardless of what it was, it was a slap in her face to be mocked by Imperial Concubine Anna.

Duke Raymond said, "I originally planned to build a one-to-one ratio golden statue for Feng Qing, but I think it's more suitable to use glass carvings as diamonds according to Country F's culture. After all, diamonds represent eternity, right? It means that our Duke's Manor will forever remember her saving our lives!"

Madam Mingxue's eyes were about to roll out of their sockets after she heard her son's explanation. Finally, anger rushed to her head. She raised her leg and kicked Raymond's butt, causing him to stumble.

Madam Mingxue said in exasperation, "Why did I give birth to a simple-minded son like you?!"

Duke Raymond rubbed his butt and said aggrievedly, "Mother, I've admired her more and more ever since Qingqing treated your illness as the Healer. However, I know that I'm not worthy of such a good girl, so I gradually lost the thought of marrying her. Now, I'm more curious about who her husband is and what kind of man is worthy of a woman like her."

Madam Mingxue's anger dissipated a little. "Just now, Imperial Concubine Anna said that she had seen Qingqing's husband, which means that her husband's identity is definitely not ordinary. Moreover, when Anna said it, she had a very honored and smug expression, which further proves that Qingqing's husband is an extraordinary person."

When she spoke up to this point, a ball of worry arose in her eyes, and she muttered to herself, "I only hope that she can marry someone who really loves her. I don't want her to repeat Feng Yiru's mistake."

Raymond said in confusion, "Mother, what are you worried about?"

Madam Mingxue shook her head, and the worry in her heart instantly dissipated. Her concern caused her to be in a mess, and she felt that her worry was completely unnecessary. After all, there were only a few men in the world who were as powerful as Feng Qing's biological father!

Madam Mingxue looked at Raymond and asked, "Son, do you know what it means to create a golden statue for someone or carve a person's image on something?"

Duke Raymond replied, "I've specially checked this. It represents the highest respect for a person."

Madam Mingxue resisted the urge to kick him again and explained, "Silly child, remember. In Xia country's traditional culture, erecting a statue or engraving image usually represents a memorial for the dead. People remember and commemorate it by worshiping the carved image, not forgetting what this person had done."

Duke Raymond came to a realization when he heard this explanation. He finally understood why Feng Qing had a look of embarrassment when he gave it to her just now. So this was what it meant. In other words, sending two large diamonds with Feng Qing's image was equivalent to cursing her to death in Feng Qing's eyes.

Xing Yue rolled up the car window and drove back to the Presidential Manor after watching the convoy of the Duke's Manor leave. The news of the three major factions in Country F appearing at the airport at the same time to send them off had already been spread on the Internet. The people in Bali were even more gossipy, and all sorts of guesses were spreading on the Internet.

...

Country F's Presidential Manor.

When Xing Yue stepped into the presidential palace, a nurse rushed over. "Young Master Xing Yue, Miss Tessa has been making a scene. No matter how we persuade her, she won't take the medicine."
