

The Wife I Picked Up Is Too Chapter Chapter 641

Chapter 641: Thank You

The reporters looked at each other and smiled. They all got the cameras to start the live broadcast. Feng Qing's words just now had made them smell a stream of views, so the reporters started a new round of attacks.

"Siren, may I ask what your stance was just now? Are you supporting Han Jintian?"

"Do you know that this will go against the entire entertainment industry? You will be boycotted by the people in the industry. You might even lose a large number of fans because of this. Have you considered it carefully?"

"As everyone knows, it's already common for the entertainment industry to have unspoken rules, but no one dares to really stand up and say anything. Only Mo Yi stood up bravely. We all know the video you're talking about, but the video is very blurry and there's no sound, so it can't be used as evidence that Han Jintian was wronged. Do you think it's possible that Han Jintian used the alcohol to unleash his beastly nature?"

The reporters seemed to have gone crazy as they surrounded Feng Qing tightly in the middle, looking like they would not let her leave unless she answered clearly today.

Feng Qing looked around at the reporters and said in a soft voice, "First of all, I hope everyone can understand one thing. It's not up to us to judge whether Director Han has sexually violated Mo Yi, but it has to be decided by Xia country's laws. Before the law makes a final judgment, no matter who says that

Director Han did that kind of thing, it can be treated as slander against him. One has to bear the corresponding responsibility.

“Secondly, if that really happened, why didn’t Mo Yi choose to call the police at the first moment but post the photo on Weibo? Shouldn’t we think deeply about this? I don’t support anyone. I’m just looking at people and things from a fair perspective, so I hope that all the reporter friends will be the same.”

As she spoke, the reporters were broadcasting live. All sorts of flashes lit up the room. If not for the strong microphone, the people on the Internet would not have heard what Feng Qing said.

Han Jintian couldn’t help but laugh at himself as he heard Feng Qing’s words. He never expected that the person who was willing to believe him and was willing to put a question mark on this matter and even speak up for him in front of so many reporters was actually Feng Qing, who had beaten him up last night. Strictly speaking, the two of them had only met today.

Han Jintian’s frown deepened as he stared at Feng Qing’s calm smile for a long time. He didn’t know why this woman was doing this. She was trying her best to express her goodwill to him. Could it be that she wanted to use this opportunity to make herself famous? Or did she have other motives?

At this moment, a group of hotel security personnel rushed into the room. They had only just received the news that the reporters were here to cause trouble, so they hurriedly came with rubber sticks.

“I’m sorry, everyone. This is the presidential suite. The people living here are our guests. Please leave immediately and don’t disturb the rest of our esteemed guests.”

“Breaking into a hotel guest’s room without permission is an insult to our hotel’s rules and guests’ privacy. Although you’re reporters, you can’t violate other people’s privacy. Please leave immediately!”

“Please leave immediately. Don’t disturb the guests’ rest here. If you don’t leave now, we’ll call the police. When the time comes, we’ll let the police arrest all of you.”

Feng Qing, who was surrounded in the middle, observed very carefully. She realized that at least half of the twenty bodyguards were the bodyguards of the Xie family. There were even a few people who were very familiar. They should be the bodyguards she often saw in the Xie family.

As expected, a figure slipped to Feng Qing’s side when no one was paying attention and whispered, “Young Madam, are you alright?”

Feng Qing asked curiously, “Why are you guys here too?”

Xie Qi said, “I’ve investigated just now. The original security personnel of this hotel have already been bribed by the reporters. Many of them are even related to the reporters, so they can enter so arrogantly. I realized that the reporters who were waiting in the underground parking lot had disappeared, so I guessed that they might have come up. Then, I brought my brothers up as security personnel. Young Madam, come with us. We’ll bring you to a safe place.”

Feng Qing nodded and walked out under the protection of Xie Qi and the bodyguards of the Xie family. Just as she passed by Han Jintian, she heard him shout, "Wait!"

Feng Qing stopped and turned to look at Han Jintian. "What's wrong?"

The corners of Han Jintian's eyes twitched. He said unwillingly, "I'll remember you. No matter what your goal is, you're the first one who dares to stand up for me. Thank you."
