

The Wife I Picked Up Is Too Chapter Chapter 645

Chapter 646: Our Grudge Is Huge

Lu Yingying crawled up from the ground and followed the female nurse to the bathroom. She had been injured by a dog, and it was most effective to get a rabies vaccine within twenty-four hours. However, before she left, she turned around and looked fiercely at Feng Qing and Xie Qi. "Feng Qing, your dog ruined my face and even bullied my poodle. Our grudge is huge."

Feng Qing walked to March and reached out to rub its head. "March, are you okay? Why did you go against the hornet's nest?"

March stuck out his tongue and licked Feng Qing's hand ingratiatingly. It even made a few coquettish sounds.

Feng Qing picked up March and said to the female nurse, "If you need compensation for the other eight little female dogs, you can let them contact me at any time. I will definitely be responsible to the end."

The female nurse looked in the direction Lu Yingying left. "Qingqing, quickly leave with March. You've offended Miss Lu. You know her family's strength. Try to avoid her in the future."

Feng Qing smiled and said, "Don't worry, she won't dare to do anything to me."

If Lu Yingying dared to take revenge on her, then don't blame her for being rude. She didn't mind letting the Lu family be farmers again.

Feng Qing put the leash on March and said, "Aren't you going to say goodbye to Teddy?"

Hearing her say this, March barked twice, puffed out his chest, and raised its head. It walked out without looking back, looking like it was saying, "Don't be infatuated with me. I'm a legend."

1

...

In a hidden dark room in the city center of the Capital, Han Jintian was sitting in front of his computer in deep thought. The sound system was playing Feng Qing's theme song that she sang.

Suddenly, the phone on the table lit up. Han Jintian glanced at it and realized that it was a call from Xing Yue. Hence, he picked up the call. "Hahaha, Director Han, you're too popular now, aren't you? I heard that you were beaten up on your own territory. I wonder which chivalrous man did it? Is this considered the common people's way of eradicating evil and pacifying the good?"

Han Jintian's mind was filled with the beautiful face of that 'chivalrous man' upon hearing Xing Yue's teasing words. At the same time, he recalled the scene of him being beaten and scolded by this 'chivalrous man' at the Feiyun Clubhouse. The corners of his mouth couldn't help but twitch.

“What do you know? I was injured when I accidentally fell down the stairs.” Han Jintian denied.

“You know very well how you got injured. It’s useless even if you don’t admit it. Everyone knows. However, it’s the first time you’ve been so obedient after being beaten up. Didn’t you find out who the other party was?” Xing Yue smiled.

Han Jintian said coldly, “I already said that it’s a rumor. How can I be beaten up in my own territory? Don’t you believe what I said?”

Upon hearing this, Xing Yue scolded with a smile, “Do you blame me for not believing you? You’re already approaching your thirties. How can you fall down the stairs for no reason? Could it be that you have cerebral thrombosis?”

Han Jintian snorted. “You’re the one with cerebral thrombosis. I fell by accident. Believe it or not.”

Xing Yue came to a realization as he heard his anxiety. “Oh, I understand. Han Jintian, you refuse to admit it no matter what. You should be protecting the person who beat you up, right? That’s right, that must be it. I know you too well.”

Xing Yue was even more certain of his speculation when he heard that Han Jintian was silent. “Tell me, who beat you up? Was it a man or a woman?”

Han Jintian's pupils dilated. As expected of Xing Yue, his brain was fast and his IQ was high. He could guess what he was thinking with just a few words. However, he still didn't want to tell Xing Yue. "Let's get down to business. Did you call me because of this? If you don't have anything else, I'll hang up."

With that, he touched the place on his face that Feng Qing had beaten up. After a day of recovery, the green and purple color had faded a lot but the range had increased. Moreover, it hurt a lot to touch it.

Xing Yue said, "I saw a piece of news on Xia country's short video platform just now. The Internet singer, Siren, who is also the Feng Qing I mentioned to you before, actually spoke up for you in front of the reporters. I called you because I wanted to tell you that Feng Qing is a very good girl. For her to stand on your side at a time like this, you, a big director, have to treat her well. You can't let her be bullied by others."

Ever since Feng Qing said those words on the live broadcast, she had caused a wave of public opinion to attack her. Many netizens were scolding her. Xing Yue wanted to look for Xie Jiuhuan and ask him to solve the problem of Feng Qing being scolded. However, Xie Jiuhuan couldn't be reached on the phone and he was anxious, so he could only call Han Jintian.
