

The Wife I Picked Up Is Too Chapter Chapter 646

Chapter 647: Pregnant

Han Jintian raised his eyebrows. “Yo, Brother, this is the first time I’ve heard that you chase celebrities too. Moreover, how do you know Feng Qing?”

Xing Yue admitted, “I do chase after celebrities, and I like to listen to Qingqing’s songs. Didn’t I tell you last time? I met a girl at the International Fragrance Competition. I said that girl looked a little like our younger sister, and I was talking about Feng Qing. She’s back in Xia country now, so you have to take good care of her. The Internet is very violent now, and keyboard warriors dare to scold everything on the Internet. She’s a weak girl, so it’s inevitable that she’ll be affected by these negative comments.”

Han Jintian : “ ... ”

This was the first time he had seen Xing Yue so concerned about a girl since he was young. He was so nervous about a girl. This made him want to think too much.

“Brother, it seems like you’re also protecting the chivalrous man who beat me up now,” Han Jintian said with a smile.

“You mean, Qingqing beat you up?” After five seconds of silence, Xing Yue asked in surprise.

“Yes, it’s her. Moreover, she even hired a hacker to hack the surveillance cameras of the clubhouse. I asked the Ninth Master to help restore it. I would have gotten accident insurance in advance if I had known that Feng Qing was the madam of the Xie family. At that time, I would have extorted a sum of money from Xie Jiuhan. I wouldn’t have suffered a beating for nothing like now.” Han Jintian’s voice was a little aggrieved.

Recalling Xing Yue’s words just now, he continued, “You said that you wanted me to protect Feng Qing well and even said that she was willing to go against the entire world for me. You’re thinking too much. In my opinion, that little girl is very cunning. She probably spoke up for me in front of the reporters because she felt guilty for beating me up.”

Xing Yue suddenly became serious. “Jintian, I understand Qingqing. If she really beat you up, it must be your problem. Think of the reason yourself. What did you do wrong to make Qingqing treat you as a bad person?”

Han Jintian : “...”

He wondered if this person was still his brother, Xing Yue as he listened to Xing Yue’s voice on the phone. He was the one who was beaten up, but he still spoke up for the violent woman. What kind of drug did Feng Qing give his brother?

“Jintian, Qingqing is a very cute and kind girl. You have to treat her better.” Xing Yue reminded him.

“She threw a vase at my head and even scolded and beat me up. You call her cute?” Han Jintian sneered.

“Isn’t it cute? Think about it, don’t you think it’s funny and fun to have a soft and weak girl follow you and ambush you?” Xing Yue imagined that scene and smiled.

“Brother, you’ve changed. You’re no longer my brother. You’re only Feng Qing’s brother now. Goodbye.” Han Jintian almost fainted from anger upon hearing this. He hung up after saying this.

Just as he hung up the phone, Xing Yue sent another message. “By the way, our third brother seems to have gone to the Capital. Find a chance to have a meal with him.”

Han Jintian replied without thinking, “I’m not free.”

On the other end of the phone, Xing Yue looked helpless. Han Jintian’s temper had not changed at all. He really did not know who could control his stubborn temper.

Just as Xing Yue was discussing the matter between Han Jintian and his third brother, the internal phone on his desk rang. “This is Xing Yue. What’s the matter?”

On the other end of the phone, a servant from the Presidential Manor said anxiously, “Young Master Xing Yue, Miss Tessa just left the Presidential Manor. She seems to be going to the detention center.”

Xing Yue’s expression turned cold. “Didn’t I ask you to watch her? Why did you let her go out again?”

The servant said, “Young Master Xing Yue, Miss Tessa is the President’s daughter after all. We don’t dare to stop her.”

Xing Yue said in a deep voice, “She left with a whip?”

The servant said, “Yes.”

Xing Yue’s expression was extremely ugly.

Tessa’s personality had changed drastically ever since she found out that Feng Jianing’s laxative at the banquet had caused her to have epilepsy. She was like a ghost king in hell. Every day, she would take a whip and go to the detention center to beat Feng Jianing up.

Feng Jianing had also fainted a few times from her whipping. Just yesterday, she had been in emergency twice. Feng Jianing had just been sent to the detention center from the hospital when Tessa took the

whip and went to beat her again. It could be seen how much she hated Feng Jianing and no longer treated Feng Jianing as a person.

Xing Yue didn't say anything, the servant said, "Young Master, there's something else I need to report to you. There's news from the hospital. Feng Jianing underwent a checkup yesterday when she was being resuscitated. It's confirmed that she's already pregnant."

Xing Yue raised his eyebrows. According to Country F's laws, out of humanitarianism, criminals would be suspended from serving their sentences until Feng Jianing gave birth to the child. During the pregnancy, she couldn't accept the judgment of the law.
