

The Wife I Picked Up Is Too Chapter Chapter 655

Chapter 655: Standing Proudly at the Top of the World!

Feng Qing was not surprised when she saw the message from her assistant. After all, in the eyes of the outside world, Xie Jiuhan was a demon who ate people without even spitting out their bones. Anyway, those who had worked with the Xie Corporation were all quite miserable in the end. Moreover, according to rumors, the Xie Corporation had done many shameful business abroad, and they were all gangsters.

Now, the entire business world loved and hated the Xie Corporation. They had no choice but to cooperate with the Xie Corporation because the Xie Corporation had too many channels and resources in its hands. Moreover, the industries that they are involved in are broad. It was unrealistic to want to avoid it. The Xie Corporation was also like a demon, never knowing satisfaction. Behind its increasing strength was actually a foundation of flesh and blood.

Feng Qing typed, "Jinlu, believe in my judgment. Don't ever treat the Xie Corporation as your enemy, nor should you become enemies with them. The Blue Stocks Capital and the Xie Corporation are both large financial groups from Xia country. It's the best outcome for both sides to be able to take care of each other and make up for each other's shortcomings. It's precisely because you treat the Xie Corporation as your enemy that you're filled with fear for Xie Jiuhan, the leader of the Xie Corporation. Actually, you're going down the wrong path by doing this. Our ideals should be constantly surpassing ourselves and seeking a better self. We are our greatest enemies. Therefore, the Blue Stocks Capital has to stand proudly at the top of the world with the Xie Corporation!"

There was no flourish in her words, but it gave her assistant on the other side of the computer an indescribable shock. She would not be the enemy of the Xie Corporation, nor would she be the follower of the Xie Corporation. She wanted to build the Blue Stocks Capital into a battleship that could ride the waves of the business world with the Xie Corporation's aircraft carrier led by Xie Jiuhan.

After the shock, her assistant sent her a message. "I finally know why you can become the boss of Blue Stocks Capital. You're really ambitious!"

Just as Feng Qing ended the conversation, someone knocked on the bedroom door. Feng Qing cleared her throat and said, "Come in."

As soon as she finished speaking, Xie Qi gently pushed open the door and walked in. When he saw Feng Qing, he said respectfully, "Young Madam, I just heard from the servants in the Xie Manor that Little Aunt Xie is sick. She has been injecting and taking medicine in the villa for the past two days. She said that she wanted Long Yuning to enter the Xie Manor to take care of her, but this matter is difficult to do because the Ninth Master has long ordered Long Yuning to not enter the Xie Manor again. Now, our servants are quarreling with the two old servants on Little Aunt Xie's side. What do you think we should do?"

Ever since she got the two old servants to spread the word, Xie Yuhuan had been pretending to be sick. The entire upper circle of the Capital was spreading rumors that Madam Xie was the one who scolded Xie Yuhuan during dinner and made her so angry that she fell ill. This matter even reached Xie Jiuhan's ears, but Xie Jiuhan ignored her. The next day, he took a plane on a business trip. While Xie Jiuhan was not in the Xie Manor, Xie Yuhuan's thoughts stirred. She wanted to pull Long Yuning into the Xie Manor and let her fight with Feng Qing for Xie Jiuhan.

After hearing Xie Qi's report, Feng Qing did not say anything and walked out of the bedroom. She stood in the corridor and looked in the direction of the Xie Manor's door. Then, she closed her eyes and focused on her ears.

An old servant with a hoarse voice shouted hysterically, "Why aren't you letting Miss Yuning enter the Xie Manor? She's our Madam's personal servant. Madam has been sick for a few days, and she wants

Miss Yuning to serve her. What do you mean by not letting her in? Do you want to anger our Madam Yuhuan to death?!"

The servant at the door of the Xie Manor said, "We're also following the Ninth Master's orders. The Ninth Master doesn't allow Long Yuning to enter the Xie Manor again. It's useless even if you bring Old Madam out."

Another old servant with a very thin voice said, "Young man, we're all subordinates. Can't you make an exception? Old Madam has been sick for a few days. She wants to see Miss Yuning. Can't you let her in to see her?"

The servant at the door shook his head. "If I say no, it means no. I'm on Ninth Master's salary and will only listen to his orders."

The old servant said angrily, "Why are you so stubborn?! Ninth Master is on a business trip now anyway. Just let Miss Yuning come in to visit our Madam. The Ninth Master doesn't know anyway."

Just as Feng Qing was about to go towards the voice, she heard Long Yuning's familiar voice coming from outside the Xie Manor. "I'm Long Yuning. I just returned to the country and heard that Third Aunt is sick. I specially came to visit her. Please open the door and let me in. I promise, just one look, alright?"
