

The Wife I Picked Up Is Too Chapter Chapter 656

Chapter 656: Play Bigger

The servant at the door rejected, "I'm sorry, Miss Yuning. We only listened to the Ninth Master's instructions. If Miss Yuning wants to come in, you can call Ninth Master first. As long as the Ninth Master gives the order, we will immediately open the door for you."

The old servant scolded, "You watchdogs only know how to bully others. Why don't you think about it? Can the few of you bear the responsibility if anything happens to the Madam?"

The servant at the door said, "We won't open the door no matter what. We have to follow the Ninth Master's instructions and we do not care about the lives of others."

The old servant with a hoarse voice was extremely angry. "You, you bunch of watchdogs, you're too much!"

Another old servant said, "Ninth Master is on a business trip, he has no time to care about the matters at home. Old Madam is sick and needs Miss Yuning to take care of her. Why don't you ask Young Madam since you can't contact the Ninth Master? Or does Young Madam not agree?"

Upon hearing this, the corners of Feng Qing's mouth curled up. She thought that by scolding Xie Yuhuan in the dining room last time, she could make her behave for a while. She didn't expect that this old fellow would start to be smug again. Was she planning to attack her with Long Yuning?

After thinking for a while, Feng Qing decided to play with them. She had nothing to do anyway, so she instructed Xie Qi, "Contact the major media outlets in the Capital and tell them that someone is causing trouble at the entrance of the Xie Manor. Let them come over and join in the fun. Since they like to act so much, why don't we play it big?"

Xie Qi replied, "Alright, Young Madam."

This kind of news did not need to be ordered in the name of the Xie family because there were not many people in the country who dared to cause trouble at the entrance of the Xie Manor in the Capital. If the media received this news, they would immediately surround the entrance of the Xie Manor like flies. Most importantly, their Young Madam finally could not tolerate it anymore and finally bared her fangs at Xie Yuhuan.

"Also, bring Ji Yunchen here too," Feng Qing said.

"Yes, I understand." Xie Qi immediately understood.

...

At the entrance of the Xie Manor, the old servant shouted, "Where's your Young Madam? Hurry up and find her. I want to ask her in person why she didn't agree to our Miss Yuning coming in to visit Old Madam?"

Long Yuning's acting skills were not bad either. Her eyes shone with tears. She held the old servant's arm and wailed to the servant, "Go and find Qingqing. Let me talk to her. She will definitely agree to let me in."

Upon hearing this, the servant sneered. "Who do you think you are? Do you think you're worthy of our Young Madam coming out to see you? The Ninth Master has instructed that you're not allowed to step into the Xie Manor again, so our Xie Manor doesn't welcome you. Hurry up and leave."

The thin-voiced old servant said, "If Ninth Master is here, he will definitely let Miss Yuning in to visit our Old Madam. After all, the Ninth Master is Old Madam's nephew. Your Young Madam has always ostracized Miss Yuning. Even if she comes out, she won't agree to let Miss Yuning in."

With that, the old servant pulled Long Yuning's arm. "Hmph, I want to see who dares to stop Miss Yuning today!"

She didn't believe that the servants of the Xie Manor would really dare to stop them. If they really dared to do that, she would sit on the ground and cry. Anyway, she was an old woman and wasn't afraid that others would laugh at her. It would only be embarrassing to the Xie family if word got out.

Long Yuning cooperated with the old servant and barged in. She had wanted to return to the Xie Manor for a long time. This time, Xie Jiuhan was not at home, so it was definitely a heaven-sent opportunity. As long as she met Xie Yuhuan, Xie Yuhuan would use all sorts of methods to make her stay.

Her reputation had become a mess after the original 'High Song and Widow' incident in Country F's palace last time. Not only was she blacklisted by the Country F's royal family, but she had also become the laughing stock of the entire dance world.

It was also because of this that Long Yuning hated Feng Qing to death in her heart. Now that things had come to this, she had seen clearly that she would definitely not be the madam of the Xie family, but it did not mean that she would reconcile with Feng Qing. Instead, she wanted to do her best to chase Feng Qing out of the Xie family. Even if she could not become the madam of the Xie family, she could not let Feng Qing sit in this position.

At this moment, a black shadow pounced on Long Yuning. She felt her vision blur and before she could react, she felt a pain.

"Woof, woof!" March barked at Long Yuning fiercely with an expression that said, "Take another step forward and see if I'll bite you."

Compared to her, the old servant with the thin voice who pulled her in was even worse. When March scratched Long Yuning, he bit the old servant fiercely. At this moment, the old servant's hand was covered in blood. The flesh on the back of her hand was flipped over, and her white bones were showing.
