

The Wife I Picked Up Is Too Chapter Chapter 661

Chapter 661: She Asked for It

Xie Yuhuan said hysterically, "I'm not sick anymore. You two kind people don't have to worry, especially you, my niece-in-law. You even specially invited Doctor Ji to treat me. You're really too filial!"

Feng Qing was still smiling. Her large eyes were lively, playful, and cute. She even deliberately blinked, as if she didn't understand Xie Yuhuan's anger.

"Oh, we can rest assured now since Little Aunt has recovered. Little Aunt, have a good rest. We'll go back now. If you still feel uncomfortable, feel free to tell me. I'll look for Ji..." Feng Qing said with a smile.

Without waiting for her to finish, Xie Yuhuan roared, "Shut up and get out now!"

"Yes, it looks like Little Aunt has really recovered. You're already so imposing when you're scolding people. Since you've already recovered, give the servant at the door a call. Don't let Long Yuning continue to embarrass you. You used to wholeheartedly nurture her because you wanted Long Yuning to become the number one socialite in the Capital. But now she's really getting further and further away from the number one socialite." Feng Qing still smiled.

It was easy to invite a god, but it was difficult to send the god away. Xie Yuhuan called Long Yuning over, so she had to send Long Yuning away personally. In the end, Xie Yuhuan deserved it.

Feng Qing and Ji Yunchen left Xie Yuhuan's room. Before they could walk out of the villa's small garden, they heard Xie Yuhuan roaring crazily in the room. Then, all sorts of things were smashed to the ground.

Ji Yunchen looked at the villa and then at Feng Qing. He said with admiration, "Little Qingqing, I feel that you're about to anger Little Aunt Xie to death!"

The corners of Feng Qing's mouth curled up. "Hmph, she only has herself to blame. Let's see if she still dares to pretend to be sick in the future. She still wants to bring Long Yuning in when Little Jiu Jiu isn't around. She's simply delusional. I hope she can learn from this lesson."

...

At the entrance of the Xie Manor.

Long Yuning was surrounded by hundreds of reporters. All sorts of messy questions were asked non-stop, almost making Long Yuning break down. Now, not to mention entering the Xie Manor, she wished she could run as far away as possible. If she had known this would happen, she would not have come to the Xie Manor even if Xie Yuhuan called her ten thousand times.

"Miss Long, can you talk about what happened in Country F's palace last time? Did you plagiarize Feng Qing's 'High Song and Widow'?"

“Also, such a big accident happened at the palace this time. What does the Sun dance troupe have to say? Are you still the chief of the dance troupe?”

“There have always been rumors that you were chased out of the Xie Manor for seducing the Ninth Master. May I ask if this is true? If not, why did the Ninth Master order you not to come in?”

The reporters thought that they would be able to meet Xie Jiuhan when they came here. Later on, they found out that Xie Jiuhan had already gone on a business trip, and the Young Madam of the Xie family did not come out to see them.

Therefore, they could only focus their attention on Long Yuning. Hence, all sorts of questions targeted at her past scandals appeared one after another. Many things that Long Yuning had almost forgotten were even mentioned again.

Suddenly, someone realized that Ji Yunchen had walked out of the depths of the Xie Manor. Immediately, the reporters surrounded him. “Doctor Ji, may I ask if Madam Xie Yuhuan is really sick? Is her condition serious? I heard that she was angered by the madam of the Xie Manor until she fell ill?”

When faced with the reporters’ various questions, Ji Yunchen smiled calmly and said, “Everyone, calm down. Listen to me. Madam Xie Yuhuan is indeed sick, but it’s just the flu. I’ve already done a checkup and prescribed a prescription for her. The symptoms of the cold have obviously improved after she takes the medicine. As long as she takes the medicine for two days in a row, there won’t be any major problems.”

While Ji Yunchen was answering the question, a servant from the Xie family sneaked to Long Yuning's side and whispered a few words to her. Long Yuning's expression darkened after hearing the servant's words. In the end, she said unwillingly, "Since Third Aunt is fine, why didn't she come out to pick me up?"

The servant in the Xie Manor said in a low voice, "Miss Yuning, Madam only feels better now and she had just fallen asleep. Before she fell asleep, she instructed me to specially come over to inform you to leave first, so you should leave first."

Upon hearing this, Long Yuning's face turned green. She was really unwilling. She had persisted when she was surrounded by the reporters for so long because she wanted Xie Yuhuan to think of a way to bring her in. However, Xie Yuhuan wanted to chase her away in the end. How could she not be angry? Wasn't this all for nothing?
