

## The Wife I Picked Up Is Too Chapter Chapter 662

Chapter 662: Xie Jiuhan's Nightmare

At this moment, the old servant who had a hoarse voice seemed to have received the news. She squeezed through the crowd and grabbed Long Yuning's arm before walking out. She ignored Long Yuning's resistance. The reporters hurriedly took more photos when they saw that she had been chased out!

The reporters frantically took photos of Long Yuning's back as she left in a hurry. Everyone looked at each other. Long Yuning had clearly said that she wanted to go in and visit Xie Yuhuan no matter what, but now she had left without a word?

The servant with the broken voice said, "I just received news from Old Madam that after Doctor Ji's treatment, she has already recovered a lot. She's already asleep and doesn't want to see anyone, so we can only let Miss Yuning go back first. When the Old Madam recovers someday, we'll invite her over as a guest."

A reporter said upon hearing the old servant say this, "Madam Xie specially invited Doctor Ji to treat Madam Xie Yuhuan. It seems like Madam Xie's attitude towards Madam Xie Yuhuan isn't as bad as you said?"

A reporter said, "That's right. If Madam Xie really doesn't care about Madam Xie Yuhuan, why did she specially invite Doctor Ji over? There's no conflict between them at all. Could it be that someone is deliberately defaming Madam Xie?"

The old servant's face turned red. Just now, she had been shouting the loudest and kept telling the media how Feng Qing had treated Xie Yuhuan badly, how her niece-in-law had contradicted Xie Yuhuan, her aunt, and so on. Since she was exposed by the reporters on the spot, she could only brace herself and say, "Nonsense! When did we say that? You reporters, don't slander her. Our Young Madam has a good relationship with Old Madam!"

She had no choice but to say this. Feng Qing had established her image as a filial and sensible niece-in-law in front of the reporters. Moreover, Ji Yunchen had personally testified, so if they, as servants, still said that about Feng Qing, the reporters could only think that they were deliberately hostile to the Madam of the Xie family.

After answering a few more questions, Ji Yunchen left the Xie Manor. The old servant with the broken voice also went back to look for Xie Yuhuan. The old servant with the hoarse voice went to find a place to inject the rabies vaccine. The servants in the Xie Manor also invited all the media reporters out of the Xie Manor under Xie Qi's instructions, completely ending this farce.

Xie Yuhuan was the most depressed today. After Feng Qing and Ji Yunchen left, she smashed everything in the room that could be smashed. When the old servant with the broken voice entered the bedroom, the ground was in a mess.

Xie Yuhuan wanted to take this opportunity to teach Feng Qing a lesson and let her know that the Xie family members would forever be in charge of the Xie family. At the same time, she would get Long Yuning into the Xie Manor again and nurture another opponent for Feng Qing.

However, all her moves were resolved by Feng Qing one by one. Moreover, Feng Qing even used Ji Yunchen to tease her and teach her a lesson, forcing her to have no choice but to chase Long Yuning away. It could be said that she had completely lost to Feng Qing in this confrontation.

...

Just as the servants in the Xie Manor chased the reporters away, in M6 Strait, thousands of kilometers away, Xie Jiuhuan was dreaming. In his dream, he was standing at the entrance of the hospital's gynecology department with a nervous and excited expression. When the door opened, he hurriedly asked, "Nurse, how is it? Is my wife and children safe?"

A beautiful young nurse said, "Congratulations, Ninth Master. Madam Xie and her child are safe."

Xie Jiuhuan was extremely excited upon hearing this. He didn't know what to say at all. His noble thin lips trembled, but he couldn't even utter a word.

The female nurse smiled and said, "Ninth Master, guess if it's a boy or a girl?"

Xie Jiuhuan said excitedly, "It-it's a boy this time?"

The female nurse said, "Ninth Master, you're wrong. This time, Young Madam gave birth to a little princess."

Xie Jiuhan : "..."

The next second, Xie Jiuhan sat on the chair. He hugged his head with both hands. Feng Qing had already given birth to seven daughters for him, including his newborn daughter. Why was it so difficult for him to have a son?

Xie Jiuhan was on the verge of a breakdown. Just as he was scratching his head, his seven daughters appeared in front of him one after another. All of them shouted 'Daddy' at him. In the end, Xie Jiuhan woke up amidst those chants. His forehead was covered in a layer of sweat. Then, he realized that he had a nightmare.

Xie Jiuhan walked out of the cabin and stood on the deck to breathe. He looked into the distance at the end of the sea and sky, looking in the direction of Xia country. He didn't value boys over girls. He just wanted both boys and girls. However, Feng Qing had given birth to seven daughters for him in his dream. Everyone said that daughters were their father's little darlings, but there were too many of them.
