

The Wife I Picked Up Is Too Chapter Chapter 666

Chapter 666: Leaving a Name in History

Han Jintian thought for a moment and said, "You're really Xie Jiuhan's woman. You're as ruthless as him. I'll have to be your slave from now on if you help me with public relations. I gave you a chance to sing the theme songs and I'll even give you three hundred and fifty million. Why do I feel that this isn't a win-win situation but a win for you only?"

Feng Qing's soft and cute voice sounded once she heard his words. "Yes, I won twice in one go. Isn't this a win-win?"

Han Jintian : "..."

Feng Qing said, "Director Han, I've already seen the promotional video for your movie. I'm very optimistic about your movie, but I'll guarantee that you'll benefit a lot if you're willing to work with me."

Han Jintian asked curiously, "How could I benefit from it?"

Feng Qing's eyes curved like two crescent moons. "For example... leaving a name in history!"

She had grasped Han Jintian's thoughts very well. Han Jintian had achieved what he had today at a young age. To reach his level, he was no longer interested in money. The only thing he wanted now was to leave a good name in history. Becoming the most remembered and most famous director in the

history of Xia country and even in the world's movie industry was what he wanted. And what did the director rely on? Naturally, it was a movie, but the music and theme song were also important in a good work.

After pondering for a while, Han Jintian agreed. "Deal!"

Feng Qing's words hit the nail on the head. He had to agree even if he didn't want to. With Feng Qing's help as the madam of the Xie family, not only could his current trouble be easily resolved, but he could also get Feng Qing to sing for him in the movie. The two of them could be considered to have gotten what they wanted.

"However, I'll leave the public relations to you. You have to do it carefully. If you don't do it well..." Han Jintian instructed.

"If I can't do it well, I'll wear a cat servant costume and apologize to you," Feng Qing added.

"Uh... cat servant... costume?" Han Jintian was a little confused. He wondered how his face would be if Xie Jiuhuan found out that the madam of the Xie family was wearing a cat servant costume to apologize to him. Just the thought of it made him feel amused. He had already thought of a punishment, but he still agreed after thinking for a while. After all, Feng Qing daring to say this meant that she was very confident.

...

The next afternoon, at the Happiness Hotel.

Feng Qing received another call from Han Jintian. He said that Mo Yi would hold another press conference this afternoon and specially answer the reporter's questions about the detailed process of "Han Jintian sleeping with the male actor". Feng Qing curled her lips into a smile after knowing this news. She was just worrying that there was no good opportunity. She didn't expect that Mo Yi would send this great opportunity to her.

The Happiness Hotel had already arranged the venue of the press conference early on. All the media outlets in the Capital that could be named had also set up all sorts of live broadcast equipment at the scene. When the reporters and audience were all in position, the protagonist of the press conference, Mo Yi, finally appeared.

The moment Mo Yi appeared, the crowd instantly fell silent. Only the sound of various cameras turning and pictures taken could be heard. The dazzling white light was about to blind people. However, Mo Yi seemed to enjoy this feeling very much. He was dressed neatly and walked to the table in an imposing manner. He had a smile on his face and even waved at all the reporters. No matter how one looked at it, he did not look like a person who had been bullied by someone.

As the third generation of the wealthy families in the Capital, Mo Yi was born with a silver spoon in his mouth. It was also because of his family background that he could successfully enter the entertainment industry as an actor.

The audience was mostly ordinary people, so they were naturally very interested in the matter of the third generation of the wealthy being an actor. There was also a probe into the mystery of the wealthy families, so Mo Yi could be considered to have attracted a large number of fans. They regarded him as a high-quality idol and a representative who was not afraid of power.

The director had the greatest rights in the entire movie industry ever since Xia country's movie industry flourished. Han Jintian was also famous for being the youngest director with a box office of ten billion, but his evaluation had never been good.

Many actors who had worked with him said that Han Jintian was a tyrant. It was common for him to scold actors during filming. At that time, many fans couldn't stand Han Jintian's character and criticized him on the Internet, but most people praised his achievements and results.

After the cast-couching incident, Mo Yi's fame did not plummet because of the ambiguous photo of him and Han Jintian, instead, he was pursued by countless netizens as a new generation artist who dared to expose the ugly truth of the entertainment industry. Instantly, the number of fans increased exponentially, and he became a top celebrity in the blink of an eye.
