

The Wife I Picked Up Is Too Chapter Chapter 667

Chapter 667: Banning Siren

Previously, Feng Qing had spoken up for Han Jintian in front of the media. It was only in the past two days that Mo Yi started to fight back. It wasn't that he didn't want to fight back, but he had been too busy recently. There were many things to do when he was famous. There were all sorts of offers and endorsements.

Mo Yi sat on the chair and cleared his throat before saying, "Firstly, thank you everyone for attending my press conference. Although it was held yesterday, I still want to clarify some things today. I don't have time to answer everyone's questions as I still have a lot of work to do later on."

At this point, the smile on his face disappeared and was replaced by a pained expression. "I feel very pained as the victim of this matter. Not only did Han Jintian not apologize to me, but he also refused to admit the monstrous crime he committed. He's simply inhumane."

As he spoke, Mo Yi's eyes turned red again. He looked like he had been wronged and hurt. He had slicked-back hair and a tear-stained face. Instantly, many of his fans felt their hearts ache. The netizens who were watching the live broadcast on the Internet started to scold Han Jintian.

Wiping his tears, Han Jintian choked up and said, "That day, when I saw the Internet celebrity singer, Siren, slandering me in front of the media, I felt very heartbroken. I didn't expect that in order to please a big director like Han Jintian, she actually ignored justice. It really made me break down."

With that, he even pulled a few tissues and blew his nose. His pitiful look broke the hearts of his fans. Some people on the Internet also started to stir up trouble. There were also fans who started to change from fans to haters.

“Sigh, this Siren is really too much. She actually can’t tell right from wrong. She’s simply destroying her future.”

“I really misjudged the Siren. I always thought that she was a very noble person. I didn’t expect that she would do such a thing in order to build a relationship with Han Jintian.”

“Hmph, that Siren is shameless. I didn’t like her in the past. It looks like she’s indeed not a good person.”

While Mo Yi was crying badly on the stage, a beautiful figure also walked up. The reporters were instantly stunned when they saw this person. Just now, all their attention was on Mo Yi, and it was now that they realized that the female singer, Guan Xinxin, was actually here too.

Guan Xinxin ignored the crowd and walked straight to Mo Yi’s side. She handed him a bag of tissues. Guan Xinxin patted Mo Yi’s shoulder twice to comfort him, and her high-end face which had undergone plastic surgery was filled with heartache.

Guan Xinxin took the microphone in front of Mo Yi and said, “Hello, friends from the media. I’m Guan Xinxin. Mo Yi is a good friend of mine in the industry. I deeply sympathize with his encounter. This matter has already left an indelible scar in Mo Yi’s heart. I can also understand Mo Yi’s feelings very well. I think there’s nothing else to say about this matter. After all, the evidence is conclusive. I beg everyone

from the media and netizens, fans, please stand with Mo Yi and condemn Director Han Jintian. Let a scumbag like him get lost from Xia country's entertainment industry forever!"

She was about to finish speaking, but after thinking for a while, she continued, "There's also that Internet celebrity singer, Siren. She actually publicly supported that scum, Han Jintian. This is tantamount to helping the wicked do evil. One has to have a bottom line. One can't do anything just to gain popularity. As I'm the executive director of Xia country's Music Alliance, I specially applied to the Alliance to punish the Internet celebrity singer, Siren due to her performance in this matter. The Xia country's Music Alliance had already come up with a punishment after some discussion."

Guan Xinxin took a deep breath and straightened her chest. She said righteously, "The Music Alliance, after much consideration, has decided to ban the Internet celebrity singer, Siren, in all aspects. We will no longer provide her with any public performances, as well as opportunities to produce promotional singles or albums. We will no longer allow her to sing live on the Internet. I hope that everyone can support the Music Alliance's decision to boycott the singer, Siren!"

After hearing Guan Xinxin announce Feng Qing's verdict on behalf of Xia country's Music Alliance, Mo Yi's eyes turned red and swollen. "Thank you, Xinxin."

"Just because of the Siren's words, Xia country's Music Alliance banned her?"

"Miss Guan, isn't the Music Alliance too rash? It's not to this level even if the Siren really trusted Han Jintian wrongly, right?"

“Miss Guan, apart from the punishments you mentioned just now, are there any other punishments?”

Guan Xinxin chose to answer, “According to the instructions of Xia country’s Music Alliance, the app has already taken down all the original songs of the Siren and removed her live stream account. It will no longer provide any performances for the Siren.”
