

The Wife I Picked Up Is Too Chapter Chapter 669

Chapter 669: Change to A Police Station Press Conference

The reporters only looked at it for a while before they recognized the two people in the video. At the same time, they knew what had happened at the wrap banquet that day.

Feng Qing's large eyes turned into a crescent shape as she looked at Mo Yi. "The video just now was the surveillance video that the police obtained at the hotel on the night of your wrap banquet. Although the surveillance video had already been deliberately deleted, it was still restored by the police using hacker technology. After the police's confirmation, the banquet lasted for about three hours, and you sat beside Han Jintian and poured wine for him. Firstly, this is the opposite of when you posted on Weibo that Han Jintian specially poured wine for you at the banquet, so don't you think you should explain?"

Mo Yi took a deep breath and pointed at the tablet. "Are you blind? I drank a lot that night, so it's normal for me to remember wrongly. But just this video alone can't prove that Han Jintian didn't violate me, right?"

Feng Qing curled her lips and pouted at the tablet when she heard that he was still quibbling. "Mo Yi, what's the rush? Do you think the police only have this video?"

Before she could finish her sentence, the screen on the tablet on the table changed and a brand new video played. In this video, it showed that it was already ten in the evening. Mo Yi helped Han Jintian into a hotel and the two of them entered the elevator.

The senior detective, Ma Yong, who came in last, said, "From this video, it shouldn't be difficult for everyone to tell that the person in question, Han Jintian, was already in a drunken state after coming

out of the restaurant. Mo Yi's actions and expression showed that he was obviously in a conscious state. Moreover, from the body language, we can tell that Han Jintian's feet fell back, and Mo Yi's muscles were tense as his entire body fell forward forcefully. This means that he was resisting Han Jintian's strength forcefully, but why did they resist? Because Han Jintian didn't want to enter the hotel at all. At least, his physiological reaction at that time was that he didn't want Mo Yi to support him."

"Bullsh*t! Where did you get this nonsense from? Don't think that you can spout nonsense just because you're a detective!" Mo Yi scolded with an ugly expression.

However, Ma Yong touched the mustache on his mouth and glared at Mo Yi coldly. Before he could retort, a reporter below the stage said, "How dare you! Mr. Ma Yong is the best detective in Xia country. He has resolved countless cases under him. He can even find the real culprit of a headless case that has been sealed for thirty years. He's a professional at this. How can he accuse a small actor like you?"

Another reporter also said, "That's right. Since Mr. Ma dares to say this, it means that he has absolute judgment and definitely has a scientific basis."

At this moment, the senior lieutenant and Ma Yong walked to the stage and sat down. Instantly, Mo Yi's press conference turned into a police station press conference. Mo Yi started to act when he saw this scene. He looked at Feng Qing like he was a victim. "Siren, how did I offend you? Why do you have to go against me? Doesn't your heart hurt to help the wicked?"

Feng Qing smiled and said, "I just found the police to explain the situation of the case. I said from the start that if you're really the victim, why didn't you report it? Do you think it's fine to slander others on the Internet? The Internet isn't a lawless place. Everyone has to pay the price for their actions!"

Mo Yi's acting skills were realistic. His eyes turned red again as he said aggrievedly, "I don't want to report this. After all, Han Jintian is a big director in the industry. He has so many resources and connections. It will be very difficult for me in the future if he deals with me."

Feng Qing raised her eyebrows. "Since you're afraid of offending Director Han, why did you take a photo and post it on Weibo? Don't you think it's difficult for you to explain yourself?"

Mo Yi made an excuse and said, "That's different. I only did this to remind the people behind me to be careful of Han Jintian. Don't be like me and be..."

He could not continue anymore because his tears flowed out. He looked as aggrieved and pitiful as he could.

However, the corners of Feng Qing's mouth curled up. She was not affected by his words at all. She glanced at him indifferently and said, "You raised public opinion on the Internet and deliberately slandered Han Jintian. No matter how good your acting skills are, it will only seem laughable in front of real evidence. You should know very well what you've done. I've already handed the relevant evidence to the police. Mr. Mo, why don't you listen to the police's speech first if you still want to quibble? If you still feel indignant after hearing it, feel free to go to the court to appeal."
