

The Wife I Picked Up Is Too Chapter Chapter 671

Chapter 671: Apologize to Me Publicly

A comment flew past. "This Siren is not simple. She must have a backer behind her. The account that scolded her just now has been permanently blocked."

Xie Shihao was stunned for a moment. Then, he opened the personnel list and took a look. He realized that many of the accounts that were scolding Feng Qing had disappeared from the list. Such a large-scale account ban must have been done by the officials. Very quickly, an official announcement appeared on the public screen. "Just now, the large-scale account ban was unofficial. The maintenance personnel of the server sent back news that a hacker had hacked into the server just now and permanently banned all the accounts that were insulting Feng Qing on the Internet. The official technicians are currently undergoing maintenance for it. We will inform you of the recovery time of the banned accounts. We apologize for the inconvenience!"

"Tsk, interesting. It looks like this hacker god is also a die-hard fan of the Siren," Xie Shihao muttered to himself.

The reporters at the press conference were completely crazy. They no longer cared about order and rushed towards Mo Yi. The news that Feng Qing had exposed was too big, so big that it would definitely make the trending topic again.

The reporter asked, "Mo Yi, only you were awake in the photo just now, and Director Han had obviously lost consciousness, so you helped him take off his clothes, right?"

Mo Yi's face was pale. "I-I, he was drunk and his clothes were covered in things when he vomited. I kindly helped him take them off, but I didn't expect that just as I took off his clothes, he would..."

Another reporter asked, "But from the photos that were taken, it was obvious that you were the one who took off Han Jintian's underwear. Moreover, the nine photos show him lying on the bed without moving. It's enough to say that he definitely had no resistance at that time and could only be played by you."

Without waiting for Mo Yi to answer, Feng Qing smiled and reminded all the reporters, "Everyone can look at Han Jintian's watch in the photo. As long as you pay a little attention to the smart watch, you should know what functions this watch has. It's all thanks to this watch that everyone can see these photos."

At this moment, the screen suddenly changed and a loaded page popped up. It was as if someone was transmitting documents to the tablet from afar. Before anyone could react, the data was loaded. Then, a brand new photo appeared in front of everyone. In the photo, Mo Yi revealed a very enjoyable expression. He was lying in Han Jintian's arms and taking a selfie with his phone. What made everyone's eyes burn was that Mo Yi and Han Jintian were naked in the photo.

Finally, Mo Yi panicked. His fair face was dyed green. He could still make some excuses for himself for the first nine photos, but he could not explain himself in the tenth photo.

This time, the reporters looked at him differently. Many of them looked at him with teasing and playful eyes, so they started asking questions.

“Mo Yi, what do you think of the tenth photo? Didn’t you say that you were forced by Han Jintian? Why are you still wearing a look of enjoyment?”

“In the photo, Han Jintian is already asleep, but you’re very awake. Which one of you fell asleep?”

“May I ask how Han Jintian, who is in this state, violated you? Moreover, you could have resisted. Why did you deliberately lie in Director Han’s arms?”

“Hmph, I’ve been a reporter for almost thirty years. It has always been the directors cast-couching actors and actresses. This is the first time I’ve seen an actor cast-couching a director. No wonder you’ve been unwilling to call the police and only post on Weibo. It turns out that you’re the real culprit!”

“Miss Guan, what do you think of these ten photos?”

Guan Xinxin hurriedly pretended not to hear anything and wanted to leave the scene immediately when she saw that she had also become the target of public criticism. However, before she could take two steps, she was stopped by Feng Qing.

Feng Qing said with interest, “Miss Guan, you were the one who said that the Xia country’s Music Alliance ordered me to be banned. Moreover, it was you, the executive director, who applied for that, right?”

Guan Xinxin said awkwardly, “This-this isn’t my fault. After all, I was deceived by Mo Yi. I’ll withdraw my application from the Music Alliance later. The Music Alliance will also withdraw their ban on you at that time.”

Feng Qing smiled and said, “Oh, in that case, please apologize to me publicly in front of everyone. Regardless of whether you were deceived by Mo Yi, it’s also a fact that you slandered me in public.”

Guan Xinxin was stunned at first upon hearing Feng Qing’s request for her to apologize. Then, she looked at Feng Qing in disbelief. She was a senior in the music industry. How old was Feng Qing when she was famous in Xia country? Now, she actually wanted her to apologize?
