

The Wife I Picked Up Is Too Chapter Chapter 675

Chapter 675: Someone from the Mo Family Came

Initially, Guan Xinxin wanted to beg the president of the Music Alliance to retract his orders, but the president of the Music Alliance told her that she had to apologize. Otherwise, the world-renowned big shot, Blue Stocks Capital, would ban her completely.

Guan Xinxin felt bad after she heard the words “Blue Stocks Capital”. Only then did she understand that Blue Stocks Capital was the backer for Feng Qing.

A layer of cold sweat appeared on Guan Xinxin’s forehead at the thought of this. She knew that she had to apologize to Feng Qing. Feng Qing was not scary, but the Blue Stocks Capital behind her was. But how could she survive in the music industry in the future if a senior like her apologized to her junior? Wouldn’t she be a joke?

“Xinxin, did you hear that?” The president of the Music Alliance asked.

“I-I heard you...” Guan Xinxin said.

“A wise man submits to the circumstances. I advise you to be obedient. You can’t offend the Blue Stocks Capital.” The president of the Music Alliance said.

“Alright, I-I’ll apologize publicly on Weibo later.” Guan Xinxin gritted her teeth and agreed.

“Hmph, at least you’re smart. Otherwise, I don’t mind revoking your position in the Music Alliance and ordering you to be banned forever,” the president of the Music Alliance said coldly and hung up.

At this moment, the assistant at the side said, “Sister Xinxin, what should we do now? We received more than ten calls just now. They all informed us that we had broken the contract and asked us to compensate for the breach of contract.”

Another male assistant also said, “Sigh, I didn’t expect that you would actually get into such a situation just by riding on Mo Yi’s popularity. You just became famous again, and now you’re finished.”

Guan Xinxin’s face was cold. She didn’t need the two assistants to talk about the situation now. She knew it well enough. After thinking for a while, she instructed, “Call the television station. Tell them that the interview in the afternoon has been canceled.”

Her hands gripped the armrest tightly as she spoke. Her original plan was to accept an interview from the television station this afternoon. She had worked hard for a long time for this interview, but she didn’t expect it to be gone just like that.

“Also, give me a few marketing accounts immediately and get them to make an apology announcement. I want to apologize to Feng Qing and Han Jintian. Let them write as pitifully as possible. Then, post it on my Weibo and let the marketing accounts repost it.” Guan Xinxin said with an ugly expression.

Wasn't it just an apology? If she wanted her to personally draft an apology notice to apologize to Feng Qing, she would rather be banned!

The two assistants : "..."

...

At the police station, in the chief's office.

The police chief personally received Feng Qing and got someone to make Feng Qing a cup of freshly ground coffee. "Hehe, Madam Xie, I asked you to come here as a formality for outsiders to see. I've troubled you. Please forgive me."

Feng Qing leaned lazily on the sofa. She was leading Han Jintian to cooperate with the investigation team. There should be many details that they need to ask Han Jintian about. It would probably take a while before it ended.

Feng Qing's face was expressionless as she looked at the apology announcement on Guan Xinxin's Weibo. She could naturally guess that the apology announcement was not written by Guan Xinxin with her intelligence.

Guan Xinxin would definitely not write it to such a lowly extent with her personality. However, the netizens did not know. Therefore, as soon as Guan Xinxin's Weibo post was updated, it instantly caused a huge commotion on the Internet. The senior in the music industry, Guan Xinxin, apologized to the junior, Siren. Coupled with the live broadcast of the news conference just now, many people knew what was going on with Guan Xinxin. Therefore, there were a lot of curses under her Weibo. There were many netizens who canceled their attention on her Weibo.

Suddenly, there was a commotion outside the chief's office. Someone reported, "Chief, the Mo family is here."

Feng Qing raised her eyebrows. "The Mo family? They're here to fish Mo Yi out?"

The police chief nodded and said, "Madam Xie is right. Mo Yi is the only heir of the Mo family's third generation. The entire Mo family treats him as their favorite. It's normal for the Mo family to come and get him since Mo Yi has committed a crime."

Feng Qing acknowledged and said, "Does the Mo family know that Han Jintian had beaten up Mo Yi?"

The police chief said, "I don't know if they know, but I know that the Mo family came to the police station for you, Madam Xie. After all, the Mo family doesn't know your identity. They only know that Han Jintian has some status and background, and in their eyes, you're probably just an internet celebrity singer who's trying to gain popularity."

The Mo family did not provoke Han Jintian, so they could only go all out against Feng Qing. The Mo family could naturally bully a little girl without any background like Feng Qing.

Feng Qing pondered for a moment and said, "How much information do you have on Mo Yi here? What I mean is, for a rich third-generation heir like Mo Yi, apart from this matter with Han Jintian, has he done anything else?"
