

The Wife I Picked Up Is Too Chapter Chapter 692

Chapter 692: Instant Kill

The audience shouted for a long time before they gradually quietened down at the host's request. Then, the host shouted into the microphone, "Next, let us welcome the dark horse of this year's underground boxing competition, Huge Whale!"

A black figure appeared in the passageway at the other end of the boxing field. Xie Jiuhuan was wearing a black sports suit and a pair of white sneakers. His identity for this mission is Huge Whale, so he did not wear the golden mask of the King of Killers, Netherworld. However, he did not want to reveal his true appearance, so he could only get a mask at the last minute.

The mask was black with white jawbone lines drawn on it. It looked like a skeleton and gave off a terrifying feeling. Only a pair of black eyes were revealed above the skeleton mask.

Under the white light at the entrance of the passageway, the man's figure looked especially slender and perfect. Although his figure was very good and his muscles were very compatible with his body, he was completely incomparable to the defending champion, Carol. This was also why many people did not think highly of Huge Whale. After all, the two of them were not on the same level at all.

Xie Jiuhuan and Carol looked at each other. Their eyes, which were filled with fighting spirit, collided violently in the air. Then, Xie Jiuhuan stretched his neck and walked towards the central octagonal cage. When Xie Jiuhuan stood in front of Carol, both of them exuded a suffocating aura.

The host stood between the two of them and said excitedly into the microphone, "Carol, do you still think you can win tonight? Can you beat this dark horse standing in front of you?"

Upon hearing this, Carol threw the three golden belts to the host and the host almost didn't catch them. The host didn't expect the three golden belts to be so heavy. Carol curled his lips and looked into Xie Jiuhan's eyes without blinking. He then bumped his hands in the air and his shoulders, which were filled with muscles, surged. He felt like the muscles on his body were alive. After showing off his muscles, he even made a neck-slitting gesture at Xie Jiuhan provocatively. "No one is my match. Regardless of whether he's a black horse or a white horse, they will all fall under my fists because I'm the true King of Boxing."

The host threw another question at Xie Jiuhan upon seeing Carol's confidence. "Huge Whale, as the biggest dark horse in this competition, you..."

"Cut the crap. Hurry up and start. I have more important things to do." Without waiting for the host to finish, Xie Jiuhan interrupted impatiently.

Unlike Carol's ostentatious appearance, Xie Jiuhan appeared relatively restrained and calm the entire time. He was like a saber with a sharp edge. The moment the saber was unsheathed, it was also the moment that blood would be seen.

The moment the host raised his arm and landed, he said, "I announce that the match between Huge Whale and Carol has officially begun."

The next second, Carol took a step back and assumed a counter-defense posture. His eyes behind the sunglasses were fixed on Xie Jiuhan, and his rough expression was filled with seriousness. This was the basic quality of a qualified boxer. No matter how much you despise your opponent, from the moment

the competition started, you had to respect the other party and deal with the competition with all your might. There were many times when people failed miserably because of carelessness.

Although Carlo sounded domineering, he was very cautious in his heart when he faced Xie Jiuhan. After all, Xie Jiuhan was a ruthless person who had won twenty consecutive rounds. There was no lack of experts among the people who had been defeated by him. There were even people who were ranked second in the last boxing competition. Therefore, before this match started, Carlo had already thought of a countermeasure. He would counterattack later and wait for Xie Jiuhan to take the initiative to attack. That way, he could rely on his rich experience to find flaws.

“Carol, kill that brat!”

“Carol, you’re the best. No one in the world can beat you.”

“Carol, as long as you can win tonight’s competition, I’ll belong to you tonight. Ca...”

The competition started, and the host walked out of the octagonal cage. A highly anticipated battle between beasts began, and the audience shouted in the stands. Everyone was eager to see Carol punch Huge Whale.

However, what Carol did not expect was that Xie Jiuhan’s footsteps were too ghostly. He only felt his vision blur and a punch was already in front of his face. Carol was shocked and could only barely block with his arms. He thought that he would only be smashed once. He did not expect that Xie Jiuhan’s

seemingly ordinary punch actually contained an incomparably terrifying force. Carol's body was sent flying with just one punch, and he fell heavily to the ground.
