

## The Wife I Picked Up Is Too Chapter Chapter 700

Chapter 700: What Are You Trying to Do?

The Sword God beamed with joy when he agreed. "Hehe, alright, I like being on top."

Xie Jiuhan : "..."

The next second, the man exuded a terrifying aura. The Sword God felt as if countless pistols were aimed at him, scaring him so much that he hurriedly retracted his smile.

The Sword God said nonsense in a serious manner, "I don't mean that. I'm a very innocent person. Don't think so dirty of me. I just want to express that I'll listen to you. I'll do whatever you want me to do and will never resist!"

The veins on Xie Jiuhan's forehead twitched again. He couldn't be bothered with the Sword God. If not for the fact that he was still useful, he would have kicked him into the sea. After snorting coldly, he ignored the Sword God and walked straight to the port. The Sword God looked at his tall back with stars shining in his eyes. In the past, he was Xie Jiuhan's little fan. He hadn't changed now and would always be so.

...

On the freighter.

The two guards who were standing guard were shocked when they saw Xie Jiuhan standing under the ship. They hurriedly put down the boarding ladder. However, when they saw the Sword God who came up with Xie Jiuhan, they immediately raised their guns and aimed at the Sword God. "Who is it?!"

The Sword God stopped in his tracks and raised his eyebrows. The ancient sword on his back trembled non-stop, as if it was alive. Xie Jiuhan said coldly, "Put down your gun. He's my personal guard. I advise you not to find trouble with him. Otherwise, he can kill all of you alone."

The guards : "..."

The cargo ship slowly set sail under Xie Jiuhan's orders. The customs personnel who wanted to stop them had all disappeared. Only when the cargo ship left the port and entered the open sea did the guards heave a sigh of relief.

"How did Huge Whale do it? The customs actually let us go just like that?"

"Did any of you see Huge Whale get off the ship last night? I was shocked when he came back this morning. I thought some expert wanted to attack us."

“Through this period of observation, I realized that Huge Whale is not as simple as it looks. He knows technology, has super strong combat strength, and is very clear-headed. There are definitely more identities behind such a person.”

On the deck, the guards were all discussing softly. When they saw the Sword God, they felt that this person was definitely extraordinary. They could no longer see through Xie Jiuhan with this matter. They felt that this man was covered in a fog. Xie Jiuhan was leaning against the railing at the bow of the ship, enjoying the sea wind and sunlight. The Sword God handed him a can of beer. Xie Jiuhan took it and took a big gulp.

The Sword God also took a sip and pointed at the guards. “Who are they? Why haven’t I seen them before? They shouldn’t be mercenaries. Moreover, looking at the calluses on their hands, their eyes and movements, I know that they’ve all really been on the battlefield before. None of them are simple.”

Xie Jiuhan took another sip of beer and said, “They’re all from the periphery of Xia country’s Qing Shan. They’re old now and will all retire after this trip.”

“Qing Shan?! They’re actually the periphery of Xia country’s Qing Shan?!” The Sword God was so shocked that he almost crushed the beer can.

Xia country’s Qing Shan was the top intelligence and combat organization in Xia country. It was the holy temple that countless Xia country’s soldiers dreamed of, and it was also the top combat force of the Xia country’s Ministry of Defense and the military.

The Sword God endured the shock in his heart and said, "Since they're from Xia country's Qing Shan, it means that you must be on some especially important secret mission. You're even driving such a large freighter. The things you're transporting are also something that the Xia country's military values very much. Am I right?"

Xie Jiuhan couldn't help but smile after he heard the Sword God's analysis. He didn't admit or deny it. He wasn't the one who said this. The Sword God had guessed it himself, so he wasn't considered to have leaked the secret.

The Sword God said, "Lord Phoenix, I have a bold guess. Don't tell me you're also from Xia country's Qing Shan? Otherwise, why are your skills so abnormal?"

Xie Jiuhan thought for a moment and said, "Don't misunderstand. Qing Shan and I are just cooperating."

The Sword God said with admiration, "My Lord Phoenix is so awesome to be able to cooperate with the top organization in Xia country. Big shot, do you still lack followers?"

Xie Jiuhan wanted to kick the Sword God off the boat. He was already regretting it when he reached the open sea. If he had known earlier, he wouldn't have let him follow.

The Sword God asked curiously, "You can earn tens of millions in minutes as the president of the Xie Corporation. Why did you come out to do such a thing? Not only is it dangerous, but you also have to endure the emptiness and loneliness on the sea. What are you trying to do?"
