

The Wife I Picked Up Is Too Chapter Chapter 703

Chapter 703: Anxiety

After kicking the Sword God to the side, Xie Jiuhan turned around and looked in the direction of Xia country. His expression was extremely cold. He took out the miscarriage prevention thumb ring from his pocket and looked at it. Suddenly, his entire body exuded a terrifying aura. Then, he swung his arm and threw the thumb ring into the sea. The Sword God hid in a corner and watched all of this. He couldn't help but scratch his head with a confused expression.

The man's eyes were filled with anger as he suddenly turned to look at the corner. His entire body was emitting a murderous aura that surged into the sky. This terrifying aura instantly made the Sword God's mind blank. His legs involuntarily went weak and he knelt on the ground.

The Sword God knelt on the ground and said, "Lord Phoenix, you just threw away the miscarriage prevention ring, right? Young Madam is pregnant, so it should be something to be happy about. You..."

Xie Jiuhan roared, "Shut up! Who told you that my wife is pregnant?"

The Sword God was stunned. "Young Madam isn't pregnant? Then why did you have that miscarriage prevention ring just now? Although I'm not well-educated, Lord Phoenix, don't lie to me..."

Xie Jiuhan's eyes started to turn red like a furious lion that was about to go crazy. The man clenched his fists tightly, and the veins on his arms bulged. Just as the Sword God thought that Xie

Jiuhan was going to beat him up, he felt the pressure on his body suddenly lighten. Then, Xie Jiuhan jumped back into the sea.

“Lord Phoenix!” The Sword God was shocked. He hurriedly ran to the railing and looked down, but other than the huge waves, he did not see anything.

A minute later, the cargo ship anchored on the spot. The guards lowered the lifeboat. Xie Jiuhan fell into the sea so they definitely had to think of a way to save him. Moreover, they had relied on Xie Jiuhan to survive until now.

The captain of the guards said in shock, “What’s going on? Why did Huge Whale jump into the sea for no reason? What did you say to Huge Whale just now?!”

Seeing that the guards were all looking at him unkindly, the Sword God stammered, “Well, we didn’t talk about anything. We just talked about Young Madam’s pregnancy and he jumped down.”

The captain raised his eyebrows. “Young Madam?”

The Sword God nodded and said, “It’s the wife of Huge Whale. She seems to be pregnant.”

The captain of the guards was confused. "Shouldn't he be happy that his wife's pregnant? Why did he jump into the sea?"

The Sword God smiled dryly. "Maybe he's too happy?!"

The captain of the guards : "..."

Upon hearing this, he instantly felt that he was old. Are young people nowadays so playful? The way to celebrate being a father was to jump into the sea to celebrate? This was the deep sea. Wasn't he afraid that he would be fed to the sharks?

In a short while, the guards found Xie Jiuhan, who had come out of the sea, and successfully saved him onto the ship. Xie Jiuhan's entire body was dripping with water, and his black hair was tightly stuck to his forehead. As he walked past, he left a puddle of water on the deck. Xie Jiuhan shook his head and instantly caused a splash in the air. Then, he spat out the imperial jade ring.

Xie Jiuhan's gaze was complicated as he looked at the thumb ring lying quietly in his palm. His mood was completely different from before when he looked at this thumb ring now. Could it be that he wanted to give this thumb ring to Feng Qing and let it protect that fetus?

"Hehe, Huge Whale, congratulations. Being a father is a joyous occasion in life."

“Sigh, comparisons are odious. He’s already a father at such a young age. I’m almost 40 years old, but I’m still single.”

“It’s good to be a father. According to the tradition of your Xia country, you have to have a family before you start a career. Only with a wife and child can your life be considered to be on the right track. Congratulations.”

Xie Jiuhan did not say anything as he listened to the guards’ congratulations. He only raised his eyebrows and walked into the cabin. After entering the room, he took off his clothes and dried his body. He sat on the bed and played with his phone.

He had only picked up the thumb ring after diving fifty meters into the sea. He looked at the thumb ring with one hand and at the phone screen with the other. Xie Jiuhan finally calmed down a little. Thinking of the message Feng Qing had sent him just now, Xie Jiuhan felt that something was wrong.

Could it be that Feng Qing remembered the time wrongly? Xie Jiuhan shook his head and quickly rejected this idea. His wife was a miracle doctor. How could she not understand this? Could it be that she lied and said that she was pregnant to anger him? Was it because he had not replied to her messages recently?

At this moment, there was a knock on the door. The Sword God stood at the door and shouted, “Lord Phoenix, how are you? Are you alright?”

Xie Jiuhan snorted coldly. “Not good!”

The Sword God said, “Lord Phoenix, what’s wrong with you? Why did you throw the ring and jump into the sea? What exactly happened?”

Xie Jiuhan’s face darkened as he roared, “There’s a woman who makes me anxious, so I want to kill people!”
