

The Wife I Picked Up Is Too Chapter Chapter 706

Chapter 706: At Least Five Babies

Upon hearing this, Feng Qing's face flushed red. She hurriedly avoided Xie Jiuhan's gaze. "I didn't do anything bad."

The smile on Xie Jiuhan's face deepened when he saw her like this. His half-closed eyes, which were looking at Feng Qing, were filled with fire. He really wanted to pull this woman into his arms and play with her for a while before rubbing her cute face.

Feng Qing was afraid that Xie Jiuhan wouldn't believe her, so she continued, "Do you think everyone is as perverted as you? If you dare to tease me again, I... I'll never wear your clothes again. Hmph!"

Xie Jiuhan said innocently, "I'm not making fun of you. You're thinking too much. Even if you really did something bad to my clothes, I won't say anything."

Feng Qing's face flushed red. She bit her pink lips and said, "Little Jiu Jiu, how long until you come back?"

Xie Jiuhan said without thinking, "Next week at the earliest."

Feng Qing nodded. "Then when Little Jiu Jiu comes back, I'll bring you to see the baby."

Upon hearing this, the veins on Xie Jiuhan's forehead twitched. "Feng Qing, you said three weeks pregnancy, right?"

Feng Qing nodded. "That's right."

Xie Jiuhan's eyes were filled with coldness. "How is that possible?"

Feng Qing didn't notice anything. "What's impossible? The doctor told me to prepare something for the babies in advance."

At the mention of those little babies, Feng Qing's eyes shone. Her face was slightly red from excitement. Xie Jiuhan looked at Feng Qing's expectant expression on his phone and his expression gradually tensed up.

The man found the main point and repeated, "You said the little babies..."

Feng Qing nodded obediently. Xie Jiuhan's voice rose by a few decibels. "You mean a few?"

Feng Qing nodded. "That's right. The doctor has already checked. He said that there are at least five babies."

Xie Jiuhan : "..."

He felt uncomfortable when he heard Feng Qing's words. It instantly reminded him of the dream he had previously. That dream was too ridiculous and especially maddening. Staring at Feng Qing's petite body, Xie Jiuhan said, "At least five? Didn't the doctor give you any suggestions to stop the pregnancy?"

Feng Qing realized that Xie Jiuhan's voice had obviously turned cold. She raised her eyebrows slightly and said, "Stop the pregnancy? Why? Doesn't Little Jiu Jiu like the little baby?"

Xie Jiuhan frowned and stared intently at the woman on the phone. The surrounding temperature was dropping rapidly. "It has nothing to do with whether I like it or not. I'm just worried about your body..."

Before he could finish speaking, Xie Jiuhan's voice stopped abruptly. Before he could react, the call was hung up. Then, the satellite signal was completely cut off. The man snorted coldly and resisted the urge to crush the phone.

...

In the Xie Manor's bedroom, Feng Qing sat on the bed and looked at the interface where the phone was hung up in a daze. She knew that Xie Jiuhan didn't like small animals. If not for the sake of being her company, this man would definitely not allow any small animals in the Xie Manor. Feng Qing rolled over on the bed. She knew very well that even if Xie Jiuhan didn't like it, as long as she wanted to raise it, the man would give in to her. Moreover, the Xie Manor was so big that raising a few more puppies wouldn't have any effect. At most, she would let March and his family stay away from the man. However, she could tell that Xie Jiuhan didn't like it very much from his words just now. In that case, she could only think of ways to raise it elsewhere.

"Woof, woof ~" At this moment, March walked in with his big butt twisting. He looked at Feng Qing with a fawning expression.

Feng Qing looked at it and said, "March, your father doesn't seem to like being a grandfather. You gave birth to so many babies for him. I wonder what will happen if he comes back."

"Woof ~" March barked and opened its two large eyes to look at Feng Qing. Its expression seemed to be asking why. Looking at its cute appearance, Feng Qing couldn't help but rub March's head hard, and March revealed a very enjoyable expression.

...

There were no lessons today, so Feng Qing went to the mall. This was the first time in Feng Qing's life that she had been a "grandmother" although there were many people in the Xie Manor that she could order around and could complete any of her requests in a day. Therefore, she wanted to go shopping personally and buy some things for her "grandchildren" after they were born.

March had bullied a total of nine female dogs, and only one of them was pregnant. According to the doctor's examination, there was at least five puppies, which meant that the birth of five puppies was imminent.

This time, Feng Qing directly used her identity as Madam Xie. Before she arrived, the mall was already under martial law.
