

The Wife I Picked Up Is Too Chapter Chapter 717

Chapter 717: What Right Do You Have to Negotiate with Me?

Xie Jiuhan gritted his teeth. At first, he was not afraid of the boss of Blue Stocks Capital. Even if the other party beat and scolded him, or even tortured him, he was not afraid because the other party did not dare to kill him. As long as he was alive, he could take revenge. However, he did not expect that this Master Yin was actually gay. He wanted to touch a man like him. Xie Jiuhan was obsessed with cleanliness. Other than Feng Qing, no one could touch him, let alone a man.

Xie Jiuhan's expression gradually turned sinister as he looked at the cigarette butt that was swimming towards his crotch. His eyes exuded a dangerous aura. He felt that the other party wasn't joking. Could it be that his reputation was going to be ruined just like that?

Xie Jiuhan gritted his teeth and said, "If I remember correctly, the superstar, Xia Qianxue, is your woman, right? Does she know you're like this?"

The corners of Feng Qing's mouth curled up. "Her? Of course not. No one knows that I like both men and women. You're very lucky. You'll be the first."

Hearing this, Xie Jiuhan was furious. He struggled with all his might, but his hands and feet were firmly fixed. The strength of the medicine did not decrease either. He could not exert any strength at all. The numb feeling in his muscles made him crazy.

Seeing that the other party had no intention of stopping, Xie Jiuhan's eyes turned red. He swore in his heart that when he recovered his combat strength, he would tear this man into pieces immediately!

Feng Qing's slender fingers lifted the corner of the man's shirt, as if she had lifted the blanket, instantly revealing the mesmerizing scenery hidden below. Just being lifted like this made Xie Jiuhuan feel extremely humiliated. If Xie Jiuhuan knew that the Master Yin, who Feng Qing was pretending to be, could see clearly in the darkness and see his eight beautiful abs, his face would probably be like a boiling kettle.

Enduring this humiliation, Xie Jiuhuan thought of something in a moment of desperation. He said in a low voice, "Boss Yin, do you still want the Zhenpin Tianxiang?"

Upon hearing the words 'Zhenpin Tianxiang', Feng Qing's hand froze. She knew that Xie Jiuhuan was trying to fool her again. She would definitely not fall for it this time.

After thinking for a while, Feng Qing said, "Since you have Zhenpin Tianxiang, logically speaking, you should hand it over to the Xia Academy of Sciences. After all, many important experimental projects need Zhenpin Tianxiang, and you're the Mechanical God of the Xia Academy of Science. How can you kindly give me some?"

Xie Jiuhuan did not waste any time and went straight to the point. "Zhenpin Tianxiang in exchange for you not touching me. This would benefit both of us. Otherwise, even if you succeed now, you will definitely die. As long as I want to kill you, no one in this world can protect you."

With that, the man remained silent and waited quietly for the other party to reply. However, he heard the breathing of the boss of Blue Stocks Capital clearly become heavier. They had made a deal before and he had cheated the other party very badly. It was very difficult to believe him now.

Xie Jiuhan was also very puzzled. Why did the boss of Blue Stocks Capital take revenge on him even though he knew that he was Xie Jiuhan? Moreover, not only did he not stop under his warning, but he also vented even more on him. Could it be that the boss of Blue Stocks Capital was crazy?

Xie Jiuhan's voice was like a demon as he said, "If you stop now, I can give you three days to escape Xia country and avoid my pursuit. This is already on account of the Xia Academy of Sciences."

Feng Qing's pink lips curled up slightly, and she said in a cold voice, "If I didn't guess wrong, you should be carrying the Zhenpin Tianxiang with you, right? And you're my prisoner now. I can search you however I want. What right do you think you have to negotiate with me?"

Before she could finish her sentence, her hand reached out to the man again. She was wearing a disguise glove, so from her appearance and roughness, it looked like a man's hand. Her hand was exploring the man's pocket.

Xie Jiuhan's expression was as cold as ice. He had already controlled and threatened the other party so much. He didn't expect the boss of Blue Stocks Capital to be so abnormal that he actually didn't take it seriously at all. Moreover, the other party was so smart that he immediately guessed that he had the Zhenpin Tianxiang on him. When Feng Qing's fingers touched the Zhenpin Tianxiang, the man's expression instantly became violent, and the irritable genes in his bones started to awaken.

A strong smell of blood was released from the man's body. Xie Jiuhan scolded, "Yin, take your dirty hands away. Otherwise, I'll kill you!"

Feng Qing took out the Zhenpin Tianxiang With all her might, and Xie Jiuhan struggled with all his might. The warehouse echoed with the ear-piercing sound of chains and shackles. The man's hands touched it fearlessly. Xie Jiuhan was furious. Ever since he could remember, he had never suffered such humiliation!
