

## The Wife I Picked Up Is Too Chapter Chapter 727

Chapter 727: I Don't Understand Little Uncle's Happiness

Xie Jiuhan was very curious. He hurriedly searched for similar goods on the Internet and sent the link to Xie Shihao. "Xiao Hao, what do you think of this? Will your aunt like it?"

On the other end of the phone, Xie Shihao opened the link and almost spat out a mouthful of blood. It hurt his eyes and it was about to blind him!

Xie Shihao cursed in his heart as he opened the various links. He couldn't help but admire the male models who were naked from the waist up and were only wearing underwear. After looking at all the links, he replied, "I don't understand Little Uncle's happiness!"

Xie Jiuhan emphasized, "Do you think your aunt will like this kind of thing?"

Xie Shihao replied, "Little Uncle, you're simply a genius. You even found such a gift. I believe Little Aunt will like such a trendy gift."

A smile finally appeared on Xie Jiuhan's tense face. He was also proud that he had found such a special gift. It couldn't be helped. Who asked him to be so outstanding?

Xie Shihao sent him another message. "Little Uncle, I know where to sell this thing you're talking about. Moreover, that person is a friend of mine. Although their company isn't big, they only make high-end

products. Moreover, they specially serve the upper-class people. If Little Uncle needs it, I'll immediately call and order the latest and highest-end product. How about that?"

Xie Jiuhan thought for a while and looked up at Feng Qing. If he instructed the servants to do this, Feng Qing would definitely discover it. Since he was giving her a gift to make her happy, he had to maintain the surprise. Hence, Xie Jiuhan sent a message to Xie Shihao. "I'll give you two hours to send the things over."

Xie Shihao looked at the time on his phone. It would be dark in about two hours. Hence, he typed on the keyboard and said, "Understood. Don't worry, Little Uncle. I promise to send it on time."

After talking to Xie Shihao, Ji Yunchen sent him a message. When he was on a mission previously, he had asked Ji Yunchen about Feng Qing's pregnancy. In the end, Ji Yunchen only replied to him now. "You said that Little Qingqing is pregnant? When did this happen?"

Seeing that Ji Yunchen didn't know, Xie Jiuhan couldn't help but look at the woman who was working. Not to mention that his wife looked really beautiful at work, she had the look of a professional OL. Did Feng Qing deliberately hide her pregnancy from Ji Yunchen? Or was it because the fetus was too young, so she didn't want to tell anyone? Xie Jiuhan could not guess Feng Qing's thoughts and didn't know what this woman was planning. However, it was good that Ji Yunchen didn't know. He wanted to temporarily enjoy Feng Qing's pregnancy alone.

Xie Jiuhan frowned when he thought of what Feng Qing had said about giving birth to five babies. His eyes were filled with worry as he looked at Feng Qing. Giving birth to five children in one go would not only affect Feng Qing's body greatly, but it would also be dangerous for both mother and children when she gave birth. However, he didn't dare to let Feng Qing have an abortion. Now, she had even let him sleep on the sofa. If he said this, he probably wouldn't have a place in the bedroom.

Xie Jiuhan leaned back in his chair and crossed his legs. His crossed legs were still kicking out casually. He rubbed his temples, and the dark shadows in the study room fell on Xie Jiuhan.

...

On a street in the Capital.

A limited edition Lamborghini risked running a red light and stopped at the entrance of a tall office building. The boss of the orange-colored adult company was a man of the same age as Xie Shihao. He knew that Xie Shihao was coming, so he came over personally to entertain him. "Yo, Young Master Xie, how long has it been since we last met? It's really a pleasure to have you come to our company personally. Young Master Xie, you're in such a hurry. I wonder which uniform you want from our company. As long as you give the order, I'll get someone to bring it to you immediately."

Xie Shihao smiled and said, "President Li, you're too polite. However, I didn't come to get the goods for myself. I came to help someone else."

He wanted to explain himself first. He didn't want others to misunderstand anything. If other young masters found out that he liked this now, wouldn't they laugh their heads off?

Li Qing acknowledged and said, “Young Master Xie, then look at the shelves here. They’re all the latest models released by our company. They’ve only been on the market for a week, but they’ve already become explosive. Be it the workmanship or the material, they’re definitely the best.”

Xie Shihao smiled and took a box from the other party. The patterns and introduction on it made Xie Shihao’s skin crawl. He felt that his uncle was playing too big. He had only heard of such exciting things from others. Today was an eye-opener.
