

## The Wife I Picked Up Is Too Chapter Chapter 731

Chapter 731: Are You Surprised?

Feng Qing took a deep breath and said, "Turn on the lights."

However, other than her voice echoing in the room, there was no change. Even the smart home system did not light up the lights in the room. This instantly made her vigilant. To put it bluntly, all the smart home systems in the Xie Manor were installed for her. This home system was custom-made. Not only was the home system all computerized, but it had also perfect the voice system to the greatest extent. This was because she was still blind at that time and could only rely on sound to control the home system.

She had called out to the home system, but there was actually no reaction. There was obviously electricity in the bathroom, so the Xie Manor did not have a power outage. Moreover, there were at least three backup power sources underground. Even if the power system was destroyed, it would not affect normal electricity usage. Now that such a thing had happened, it could only mean one thing. The smart home system had been switched off, and the only person in the entire Xie Manor who had the right to switch off this system was Xie Jiuhan.

Fortunately, Feng Qing's eyes could see in the dark, so she quickly adapted to the situation in the room. She held her chest with one hand and walked towards the cloakroom. She planned to change her clothes first. It was too inconvenient to wear this big bath towel.

Just as she walked into the cloakroom, she bumped into something solid. The huge recoil caught her off guard and she stumbled back. At the same time, her feet slipped and she lost her center of gravity and fell back.

“Ah!” Feng Qing exclaimed.

However, before she could finish shouting, the man reached out his long arm and wrapped it around her back. Then, he pulled Feng Qing into his arms. Feng Qing knew it was Xie Jiuhan just from his heartbeat.

Feng Qing raised her eyebrows. She had used her Absolute Hearing to search for the man just now, but she didn't find him. The man must have specially used a method to hide his aura just now. If he didn't have this ability, the man wouldn't have been the King of Killers.

Feng Qing was about to struggle out of the man's arms when the man pulled her back forcefully. Her body collided with the man's firm abs and chest muscles. The strong and elastic touch stunned Feng Qing. “Xie Jiuhan, what are you doing?”

The man said in a deep voice, “You can touch it and see for yourself.”

As he spoke, he even pulled Feng Qing's hand and touched the rabbit ears on his head. Then, she let Feng Qing's fingers trace the muscles on his body all the way to the back of his butt. Feng Qing touched it hard. It was a furry tail. Only at this moment did Feng Qing finally understand. She was so shocked that her pupils were trembling. Without needing to turn on the lights, she already knew what the man was wearing now.

Xie Jiuhan asked, “Are you surprised?”

Feng Qing recovered from her shock and looked at the man in front of her. “Little Jiu Jiu, why aren’t you sleeping in the middle of the night? Why are you dressed like this? It’s fine if you’re wearing rabbit ears, but what the heck is that furry tail?”

Xie Jiuhan: “???”

Looking at the man’s shocked expression, Feng Qing explained, “You still don’t know, right? Actually, it’s all thanks to that artificial retina that I can see in the dark.”

Although she could see in the darkness, she could not see as clearly as in the day. However, she could still see the man in front of her clearly.

Upon hearing this, Xie Jiuhan’s expression fell. He knew that his plan had failed again. He had wanted to give Feng Qing a surprise. In order to create suspense, he had deliberately turned off the home system and let Feng Qing touch him first to arouse Feng Qing’s interest and curiosity. Then, he would turn on the lights and let Feng Qing admire his current heroic bearing. However, his ideals were very voluptuous, and reality was very embarrassing. Feng Qing had already seen everything without turning on the lights. What surprise was there?

Xie Jiuhan’s face darkened. He was unhappy that he had failed to coax Feng Qing consecutively. Hence, he couldn’t be bothered to stay in the dark anymore. He took out his phone and operated it before turning on the smart home system. Then, the entire room lit up. Almost all the lights were switched on.

Feng Qing's gaze shifted to the top of Xie Jiuhuan's head. The man was wearing a pair of pink rabbit ears. The rabbit ears were long and soft, and the short fur felt extremely good. Xie Jiuhuan actually found such a cute and soft thing pleasing to the eye?

Xie Jiuhuan's face was cold and noble, but it was also perfect. He was simply a carefully carved piece of art. However, his entire body exuded a violent evil aura, making one's back turn cold. However, his pink rabbit ears cleverly melted the violent evil aura, making the man look like a bad boy.
