

The Wife I Picked Up Is Too Chapter Chapter 741

Chapter 741: Good Times

As someone beside Xie Jiuhan, Xie Qi was naturally knowledgeable. He had seen such a pearl at an overseas exhibition. There was only one such pearl in the entire exhibition, but it was sold at a high price.

Feng Qing took out an exquisite card from the wooden box. There were a few rows of small words written on it. Feng Qing's lips twitched as she looked at the content of the card. Then, she rolled the card into a paper ball. Xie Jiuhan noticed Feng Qing's actions. She closed the exquisite wooden box with an ugly expression.

Xie Jiuhan asked, "Who is it?"

Feng Qing did not look at the man. Instead, she held the wooden box and walked out. "I'll naturally tell you when I have to. I'm going to be late for class. I'll leave first. Eat slowly."

Xie Jiuhan glanced at Xie Qi as he watched Feng Qing leave. Xie Qi understood and hurriedly picked up the card that had been thrown into the trash can. He wiped it clean with a piece of paper and handed it to Xie Jiuhan.

Xie Qi said, "Young Madam threw the Mermaid Tears and this card into the trash can."

As he spoke, Xie Qi picked up the Mermaid Tears from the trash can. Feng Qing actually threw away such a priceless pearl as trash. If others saw this, they would think that she was crazy.

Glancing at the words on the card, Xie Jiuhan frowned slightly. The card had the words "Hateful it is for us not to be born at the same time" written on it. At least those who read more poetry would definitely be able to say, "So that each day, I can be good to you".

Xie Qi saw that Xie Jiuhan had actually imitated Feng Qing's actions and rolled the card into a paper ball. He pinched it hard in his palm and took out a lighter to burn it.

Looking at the burning card, Xie Jiuhan said with a murderous aura, "Don't let me catch you!"

...

Capital University.

After leaving the Xie Manor, Feng Qing rode the modified scooter all the way to school. Because she was about to be late, she had been running red lights the entire way. Anyway, the Xie Manor's servants changed the license plate every day. She was not afraid of being caught on camera. Even if they were, who would dare to punish her?

Feng Qing chewed her gum as she rode. Just as she was about to reach the school parking lot, her phone rang in her pocket, so she pressed her earpiece to answer.

After the call connected, there was a sizzling signal interference sound. Then, a clear male voice sounded. "Do you like my Mermaid Tears?"

Feng Qing raised her eyebrows. "It's already in the trash can."

Upon hearing this, not only was the man on the other end of the phone not angry, but he also smiled and said, "Very good, it indeed suits your personality. I hope that the next time I mail you the PG18 virus inhibitor, you can still throw it into the trash can."

The corners of Feng Qing's mouth curled up as she parked the car steadily in the parking lot. She took off her helmet and shook her head gently. Her beautiful black hair fluttered in the air. Under the sunlight, her cute and exquisite face was suffused with a youthful aura, attracting the eyes of many male students around her. Who didn't like beautiful things?

Feng Qing said calmly, "God Slayer, you should know some rules very well. We should mind our own business and not disturb each other. However, you've already broken the rules by sending the things to the Xie Manor today."

The man's clear voice sounded again in the earpiece. "I broke the rules?"

Feng Qing said, "The Xie Manor, my man, are all my bottom line. You should know that although we're all in the same organization, no one will dare to say anything even if I kill you. Therefore, today is the first and last time!"

God Slayer replied, "Hmph, a mere president of the Xie Corporation can make you fall head over heels for him. In the eyes of ordinary people, he's an insurmountable mountain, but in my eyes, he's trash!"

Feng Qing: "!!!"

The next second, Feng Qing decisively hung up the phone. She didn't want to listen to the God Slayer anymore. Humiliating Xie Jiuhan was what she hated to hear the most. If the God Slayer had been in front of her just now, she might have already made a move.

At the same time, on the rooftop of a tall building in the Capital, a man punched the railing hard, and the solid steel bar collapsed. He looked at the street scene in the distance and kept mumbling, "Qingqing, Qingqing..."

Feng Qing came out of the school parking lot. There was a music master's class in the morning. After she entered the classroom, she sat down beside Xu Mingqian. Xu Mingqian turned to look at her. Although they had not seen each other for a long time, he did not seem surprised by Feng Qing's arrival.

After a while, Feng Qing said, "God Slayer is back from the Seven Stars Continent."

Xu Mingqian nodded. "To be able to come back from the Seven Stars Continent alive, the God Slayer is a very powerful person."
