

## The Wife I Picked Up Is Too Chapter Chapter 746

### Chapter 746: Trouble at the North Gate

Cao Beining was the sidekick of the second young master of the Gu family, Gu Qingyang. It was said that the two of them were even related, and she was Gu Qingyang's current girlfriend.

Feng Qing was ruthless and had severed Cao Beining's member with a stick. Gu Qingyang had said some harsh words in the hospital that he wanted to avenge Cao Beining. She was very clear about the strength of the Gu family in the Capital. She looked at Feng Qing as if she was looking at an idiot.

"Feng Qing, do you think you're already very amazing just because you've made a name for yourself in the entertainment industry? Do you think you can do whatever you want in the Capital just because you're a celebrity?" Lu Yingying said disdainfully.

At this point, she hugged her arms and said in a high and mighty manner, "You might not know yet, but the Gu family of the Capital is behind the Cao family. As long as the second young master of the Gu family says a word, you will have no place in the entertainment industry or the Capital in the future."

Feng Qing couldn't help but chuckle as she heard Lu Yingying's words. The person who spoke to her like this last time had already lost his reputation, and this Lu Yingying was just a joke.

"Miss Lu, since you've made Gu Qingyang sound so powerful, then let him attack me. I also want to see if he's the one who can't survive in the Capital or if I have no place in the Capital." After saying this, Feng Qing ignored Lu Yingying and turned to walk out.

Seeing that Feng Qing was not afraid at all, Lu Yingying clenched her fists tightly. If not for the fact that she was scared in the bathroom that day, she would have chased after Feng Qing and slapped her so that she wouldn't dare to be arrogant with her again.

"Hmph, even she can get an internship chance. There must be something fishy about this. Just you wait. I'll definitely find evidence to prove that you didn't write the homework," Lu Yingying said viciously.

...

In the evening, Feng Qing walked towards the school parking lot. Absolute Hearing helped her collect the whispers of countless students around her. Feng Qing glanced at them and instantly scared them so much that they all avoided her eyes.

"That's Feng Qing, right? I really couldn't tell. She looks so young and cute, but she's a ruthless person."

"The Cao family is so pitiful. They had lost their future heirs by this woman. If I were a member of the Cao family, I would kill her even if I had to die with her."

“Stop talking nonsense. The Cao family wasn’t like that. The media has already exposed that Feng Jianing is pregnant with the descendant of the Cao family. Originally, the Cao family didn’t like this unmarried daughter-in-law, but now, they treat Feng Jianing as a sought-after child.”

At this moment, her phone in her pocket rang. Feng Qing pressed the earpiece to answer the call and heard Xie Shihao’s voice. “Hi, Little Aunt, where are you?”

Feng Qing smiled. “It’s Xiao Hao. What’s the matter?”

Xie Shihao hurriedly said, “Then you can leave through the west gate of the school later. Don’t go to the north gate.”

Feng Qing : “...”

“Can I tell you that I just arrived at the north gate?” Feng Qing said.

Xie Shihao : “...”

Feng Qing raised her head and looked at the north gate. She saw a large banner outside the school gate. The banner was black with white words on it. It said, “The murderer, Feng Qing, return my son’s life!”

At the same time, two other banners were erected. They were: "Capital University, hand over the murderer, Feng Qing, and send her to jail."

Outside the door, there was also a group of gangsters with dyed hair and tattoos on their bodies. These people were all found by the Cao family. They only did one thing, which was to stand outside the school gate and shout collectively.

"Hand over Feng Qing and punish the murderer!"

"Capital University, give us an explanation. Your student is a murderer."

"A murderer who destroys a person's life must go to jail!"

Cao Beining's mother was holding a huge loudspeaker. As she led the crowd to shout the slogan, she told the teachers and students who came out of the school about her son's encounter. With evidence, she burst into tears, as if she was at the scene.

Through the school gate, Cao Beining's father saw Feng Qing. He shouted angrily and rushed in with his men, ignoring the security guards. "Feng Qing, you're finally out. I'll kill you today to avenge my son."

Before he could finish his sentence, Mr. Cao raised his huge fist and smashed it towards Feng Qing's face. His old face was filled with hatred and his teeth were baring. Feng Qing did not dodge and grabbed Mr. Cao's wrist. Mr. Cao was stunned. His punch contained anger, but Feng Qing resolved it so easily?

Feng Qing raised her head and looked into Mr. Cao's eyes. Her originally clear eyes were suffused with a cold expression. For some reason, looking at her eyes, Mr. Cao felt his heart palpitate.
