

The Wife I Picked Up Is Too Chapter Chapter 748

Chapter 748: I'm Here to Support Feng Qing

Without any time to catch his breath, the principal hurriedly ran to the front car and bowed to the car window that had yet to be lowered. "I, Di Zongzhi, the principal of Capital University, represent the entire school to welcome Ninth Master. Ninth Master, why didn't you inform me in advance that you're coming? I could have organized the entire school to welcome you. It was too rushed, please forgive me, Ninth Master."

The car windows rolled down, revealing Xie Jiuhuan's elegant face. In the luxury car, his face made the women want to scream loudly, and it made their hearts beat crazily.

Looking at Di Zongzhi, Xie Jiuhuan said, "When we came in just now, there were many shady people gathered at the north entrance of the university. Since you're in charge here, why didn't you deal with it?"

Upon hearing this, Di Zongzhi was slightly stunned. Why did he feel that Xie Jiuhuan had specially come to Capital University for this? Otherwise, why would this be the first thing he said?

Di Zongzhi said, "Ninth Master, I just heard about this too. The Cao family's people gathered at the north gate of the school because a student called Feng Qing injured the eldest young master of the Cao family, Cao Beining, outside the school. I heard from the Cao family that Student Feng Qing was very ruthless. It was said that Cao Beining's manhood was severed. Cao Beining is the only descendant of the third generation of the Cao family, so the Cao family naturally has to ask Student Feng Qing for an explanation."

At this point, Di Zongzhi couldn't help but look at Xie Jiuhan. He realized that the man was looking at him expressionlessly, so he hurriedly lowered his head and continued, "The Cao family also went to the police station to report the case, but I heard that the police didn't file a case. Helpless, the Cao couple brought people to the school gate to cause trouble. As parents, I naturally understand the Cao couple's desire for revenge. I also feel a little pitiful at their family's encounter."

Xie Jiuhan pretended not to hear him and ordered, "Get the school's security personnel to chase them all away immediately. Tell the Cao family never to come within ten kilometers of Capital University again. Then, you will personally draft a notice. Before the students start class tomorrow, use the loudspeaker to warn all the teachers and students to treat Feng Qing better in the future. After all, Feng Qing is a good student with good character."

Di Zongzhi : "..."

Unable to hold it in anymore, Principal Di asked, "Ninth Master, forgive me for asking, but you seem to be especially concerned about Student Feng Qing. Could it be that you two are relatives?"

Xie Jiuhan spouted nonsense in all seriousness. "We're not relatives. I'm just protecting the weak."

Di Zongzhi: "???"

He was going crazy in his heart right now. What did he mean by protecting the weak? Could the weak sever Cao Beining's manhood? Could the weak back throw Mr. Cao?

Seeing the Xie Corporation's convoy, Xie Shihao ran over and greeted Xie Jiuhan. "Hehe, hello, Little Uncle."

Before he could say anything else, Mrs. Cao ran over and wailed to Xie Jiuhan in the car, "Ninth Master, you came at the right time. Feng Qing broke my Cao Beining's lifeline and even hit my husband just now. Can you judge for us? Isn't this Feng Qing too arrogant?"

Her emotions were high even before she could finish speaking. Mrs. Cao simply did not care about her reputation anymore. She bent her legs and knelt down to the man in the car. The way she cried was simply pitiful.

"Ninth Master, you're the pinnacle of the Capital. I believe you'll definitely return justice to our Cao family. Our Cao family will thank you." Mrs. Cao continued.

Xie Shihao had already said that he would protect Feng Qing. The Cao family didn't dare to offend Xie Shihao in case they offended the Xie family. However, since Xie Jiuhan was here, she could use this opportunity to get Xie Jiuhan to help them seek justice. As long as this man spoke, even the judge wouldn't dare to sentence him severely.

Xie Jiuhan only glanced at her coldly when he heard Mrs. Cao's words. "I'm not a judge. You've got the wrong person. Besides, I'm not here to uphold justice for your Cao family."

Mrs. Cao was stunned, not understanding what he meant. "Then..."

Xie Jiuhan curled his lips. "I'm here to support Feng Qing!"

Mrs. Cao : "..."

Xie Jiuhan's words made her feel like she had been struck by lightning. She immediately froze on the spot and looked at the man in the car in a daze. Her mind was blank. This man came to school to support Feng Qing? How was that possible?!

Xie Jiuhan gave Xie Shihao a look and ordered, "What are you waiting for? Hurry up and bring Qingqing to the car."
