

The Wife I Picked Up Is Too Chapter Chapter 749

Chapter 749: Then Do You Have a Boyfriend?

Hearing the order, Xie Shihao hurriedly opened the car door and gestured for Feng Qing to get in. "Little... Qingqing, please get in."

He almost called her Little Aunt. If that was the case, the entire Capital University would probably explode. Xie Jiuhan was fine, but Feng Qing would definitely be angry. After all, his Little Aunt was still very low-key.

Feng Qing got into the car and Xie Shihao personally closed the door for her. Then, he said to Mrs. Cao, who was still kneeling on the ground, "Listen to my advice. If you don't want the Cao family to disappear from the Capital, it's best not to provoke Qingqing from now on. As for her destroying Cao Beining's manhood, your Cao family should know very well what's going on. Cao Beining is your son, and no one knows him better than his mother. I believe you know better than anyone what he's like usually. I heard that he has harmed more than ten little girls. But he has offended Qingqing and his manhood has been broken, I can only say that he deserves it. It's also called getting rid of evil for the people!"

With that, Xie Shihao swept his gaze across everyone present. "I have something to tell you. Not only am I protecting Feng Qing, but the entire Capital's Xie family is also protecting her."

His voice was not loud, but it sounded in everyone's ears like a thunderclap. That wild and unrestrained voice made everyone present dumbfounded.

Watching the Xie Corporation's convoy drive Feng Qing out of the school, Lu Yingying's vision darkened. She couldn't help but take a few steps back. Fortunately, a female student held her up. Otherwise, she would have fallen. That female student had to shout for a long time before she could see again. However, her face was filled with shock. It was fine if Xie Shihao and Gu Qingye supported Feng Qing, but why did Xie Jiuhan...

There were some things that she couldn't figure out, so she could only let her imagination run wild. She felt that Xie Jiuhan should be biased towards Feng Qing because of his nephew, Xie Shihao. After all, Xie Jiuhan only had one nephew.

"Hmph, I really don't know how Feng Qing got so lucky. She can actually obtain Ninth Master's protection and sit in his car."

"What I have to admit is that Feng Qing's luck is too good. To be able to get close to Young Master Xie, she's considered to be completely capable in this life."

"Tsk tsk, I didn't expect that the Xie Corporation would mobilize so many people to save Feng Qing. Now that she has the Xie family's protection, the Cao family won't dare to take revenge."

...

In the car.

Xie Jiuhan said coldly, "Xiao Hao, get out of the car in front."

Xie Shihao resisted. "Uncle, am I still your beloved nephew?"

Xie Jiuhan glanced at him and said in disdain, "Don't you think you look like a third wheel sitting in the backseat with the two of us?"

Upon hearing this, Xie Shihao wailed. He felt that he was being despised again, so he curled up beside the car door with a pitiful expression on his face. He wanted to get a meal at the Xie Manor through this method, but after seeing Xie Jiuhan's cold gaze, he decisively took out his hand and sent a voice message to Gu Qingye. "Qingye, you have a very precious thing that was abandoned by the road. You have five minutes to rush over."

A few minutes later, Gu Qingye, who was riding a modified motorcycle, stopped by the road. He looked around and asked, "Didn't you say that I have something very precious? What is it?"

Xie Shihao ran his fingers through his hair and revealed a confident expression. "Isn't it me?"

In the car, Feng Qing looked at the man and said, "Why did you treat Xiao Hao like that? He's your nephew."

Xie Jiuhan snorted coldly and hugged Feng Qing tightly. "He's still young. Some scenes are not suitable for children. It won't be good if it affects his health."

Feng Qing : "..."

The next second, Xie Jiuhan's noble thin lips kissed the woman's mouth. Then, his large hand took the opportunity to enter under the woman's clothes. Feng Qing only struggled symbolically for a while before her entire body started to soften. She could only barely hammer the man's chest with her two fists.

...

Late at night in the Gu family's residence.

Gu Qingye had just returned from racing when he was called to the dining room for supper by Old Madam Gu. Although he had been a filial and sensible child since he was young, he was still very silent in front of Old Madam Gu, as if he would never chat with anyone.

Old Madam Gu smiled. "Xiao Ye, how have you been recently? Did you get a girlfriend in school?"

Gu Qingye was drinking soup and almost spat it out. He hurriedly took out a tissue and wiped his mouth. "Uh, I don't have a girlfriend yet."

Old Madam Gu scooped another spoonful of soup for him and continued asking, "Then do you have a boyfriend?"

Gu Qingye : "..."
