

The Wife I Picked Up Is Too Chapter Chapter 751

Chapter 751: Internship Begins

The veins on Xie Jiuhan's forehead twitched violently. There were indeed many empty rooms in the Xie Manor, and Xie Shihao could live in any one of them. However, the biggest problem with his 'good nephew' was that he was too noisy. It was as if he had endless energy every day. His life in the future would definitely be very troublesome with him around.

Xie Jiuhan listened to Xie Shihao gesticulate as he ate. He mumbled and danced as if he was in a talk show. He was talking about what happened last night to Feng Qing. When Xie Jiuhan walked over, he basically understood what happened last night after listening to a few sentences.

"The Xie Manor doesn't raise useless people. After dinner, get lost with your luggage." Xie Jiuhan ordered.

"Little Uncle, I'm your biological nephew..." Xie Shihao's face fell.

Without waiting for him to say anything, Xie Jiuhan glared at him. Xie Shihao was so scared that he hurriedly swallowed his words.

"Little Jiu Jiu, since Xiao Hao has already moved in, let him live here. Anyway, the Xie Manor is so big. It's more lively with more people." Feng Qing pleaded for Xie Shihao.

The Xie Manor occupied too much space. It took 40 minutes to walk from the east to the west. Even many of the servants in the Xie Manor slept in those empty villas, so they naturally did not lack a place for Xie Shihao to sleep.

However, Xie Jiuhan didn't intend to listen to Feng Qing this time. He looked at Xie Shihao coldly and said, "Let him go back to his place. At most, he'll be beaten up by Gu Qingye."

Upon hearing this, Xie Shihao was on the brink of tears. "Little Uncle, you didn't see Qingye's current state. If he catches me, he'll probably skin me alive."

Although Feng Qing was curious about the scene Xie Shihao was talking about, she didn't seem to have a chance. Hence, she kicked Xie Jiuhan's calf under the table.

"Let him stay. After all, he was chased by Gu Qingye for you, his uncle." Feng Qing said. With that, she even leaned into the man's ear and added in a very low voice, "Let Xiao Hao stay. As long as you agree, I'll allow you to go to my bed tonight."

Xie Jiuhan was stunned then he hurriedly said, "I'll listen to you!"

Xie Shihao : "..."

He was very curious about what Feng Qing had said to Xie Jiuhan to make him agree to let him stay so readily.

Xie Jiuhan looked at him and said, "Since your aunt is pleading for leniency, I'll let you stay in the Xie Manor for a while. However, you'd better be obedient. Otherwise, you can go back to where you came from."

Xie Shihao smiled obsequiously. "Thank you, Little Aunt and Little Uncle. I won't forget the two of you for saving my life."

Gu Qingye was about to skin him alive, he didn't dare to imagine what would happen if he was caught by Gu Qingye. It felt like they had saved his life.

"I'm done. Little Uncle and Aunt, take your time eating. I'll get going first." Xie Shihao stuffed the entire egg into his mouth and left the dining room after saying that. He wanted to find a room for himself to have a good sleep. He was 'chased' by Gu Qingye for half the night last night and was extremely sleepy.

After he left, Xie Jiuhan pulled Feng Qing into his arms and kissed her.

...

At the Xie Corporation's financial center.

Under Sun Bin's lead, Feng Qing and the other finance students arrived. There were a total of ten interns. Feng Qing looked at the intern card in her hand. The number on it was SX010, which meant that she was not an official employee of the Xie Corporation yet, and the authority of this work card was also the lowest.

They could enter the lobby and office area with their work pass. Other than those places, interns like them were not qualified to enter. Sun Bin glanced at them and encouraged, "This is a rare opportunity. I hope you all can work hard and do a good job. Don't embarrass the school and yourself."

Originally, when Feng Qing came to the Finance Department, Sun Bin did not take her seriously at all. However, through his observation and her performance of various assignments during this period of time, he had to admit that Feng Qing was indeed an outstanding student. It was his preconceived idea that made him think this way. Therefore, he could finally look Feng Qing in the eye. At least, his opinion of her was the same as how he treated other students.

At this moment, a young and beautiful woman walked over. She smiled and said, "Hello, students. My name is Meng Kexin. I'm the team leader of your ten-man intern team. I hope that I can grow and improve with everyone in the next ninety days."

Feng Qing sized up Meng Kexin. This woman was about 26 or 27 years old. She was tall and had fair skin. She was dressed in a clean work suit and had a high ponytail. She looked neat and capable.
