

The Wife I Picked Up Is Too Chapter Chapter 754

Chapter 754: Private Secretary

Just as everyone thought that Xie Jiuhan would definitely ignore them, this man spoke. His voice was very cold, but it gave off a pleasant feeling. "Welcome to the Xie Corporation for the internship. According to the rules, the internship period will be three months, but you're all talents from Capital University. Therefore, I'll shorten the internship period for you. You'll intern here for a month. At that time, I'll test you according to your internship situation and choose the best intern to be my private secretary."

Everyone was speechless.

As soon as these words were out, not only were the higher-ups of the Xie Corporation shocked, but even the people from the secretariat were dumbfounded. There were at least twenty people in their entire corporation's secretariat, and there was no lack of handsome men and beautiful women. Everyone hoped that they could catch Xie Jiuhan's eye one day and become his private secretary. After all, the private secretary was more personal and had a higher level than other secretaries. Once they became Xie Jiuhan's private secretary, it meant that they had more power than 99% of the people in the corporation.

Professor Sun Bin's eyes were trembling non-stop. His face was filled with disbelief as he looked at Xie Jiuhan in front of him.

Meng Kexin, who was beside him, was also dumbfounded on the spot. Didn't Xie Jiuhan's words mean that one of the ten interns she led would definitely become the private secretary of the president of the corporation in the future? In other words, one of them would be her superior?

Wasn't the leap from an intern to the private secretary of the president of the corporation a little too big? It was equivalent to going to university to be a professor after finishing primary school. She believed that this news would spread throughout the entire corporation in less than ten minutes. At that time, the entire corporation would be shocked.

"Ninth, Ninth Master, are you sure?" Meng Kexin was shocked.

Hearing this question, Xie Jiuhan did not say anything else. As the president of the Xie Corporation, he could be said to have a good reputation in keeping promises. He would never repeat his orders a second time. The corporation was so big and had so much work every day. If he had to repeat everything, he would have to say countless words.

The man curled his lips and walked towards the elevator. Su Yu and the rest of the secretariat followed behind the man. When they all entered the VIP elevator, the man said coldly, "Do you have any objections to my decision just now?"

Upon hearing this, Su Yu and the rest lowered their heads. "There's a reason for any decision the Ninth Master makes. Although the gap between those interns is relatively large, we still support your decision and have no objections."

Xie Jiuhan sneered and revealed a thought-provoking smile. Of course, he knew all the decisions he had made. In the eyes of others, he was like a frivolous playboy. So what if he was a fatuous ruler to his woman?

--

After Xie Jiuhan and the rest left, the entire 38th floor was in an uproar. All the employees of the Xie Corporation were discussing Xie Jiuhan's words just now.

Meng Kexin finally came back to her senses. She turned around and said to the ten interns in front of her, "I should congratulate you for being able to see Ninth Master's elegance on the first day you bought the Xie Corporation's financial center. You all heard the Ninth Master's words just now. In a month's time, the Ninth Master will personally choose the most outstanding person for him to be his private secretary in public. This is a great opportunity for you all to reach the sky in a single bound. I hope you all can work hard and not waste your youth. Don't disappoint the Ninth Master."

Lu Yingying did not listen to Meng Kexin's words. She had never thought that she would be lucky enough to see the man standing at the top of the Capital. Just that glimpse just now had made her entire brain freeze. Moreover, this man had just thrown an olive branch to them and wanted to choose one of them to be his private secretary.

Lu Yingying secretly swore that she would work hard this month and become the best among the ten. She wanted to become Xie Jiuhan's private secretary and the person who had the right to enter the 95th floor of the Di Hui Building.

Meng Kexin did not say anything else to the interns. They formed a team of five with Professor Sun as the instructor and Meng Kexin as the consultant. Meng Kexin said, "According to our previous plans, I should be the team leader for you. However, Ninth Master thinks so highly of you, so I've

decided to give you more chances to perform. Now, who wants to be the team leader? Do any of you recommend yourselves?"

With that, she even glanced at the interns and looked at them expectantly. She wanted to see who would dare to be the first to stand up for such a good opportunity.
