

The Wife I Picked Up Is Too Chapter Chapter 765

Chapter 765: There's Another Man Outside

After thinking for a while, Xie Jiuhan let Su Yu went out first. Then, he picked up his phone and called Xie Shihao. "Xiao Hao, let me ask you something. If a woman secretly bought a property outside without telling her man and is very mysterious as if she's hiding a lot of things, what do you think is going on with this woman? Why did she hide it from him?"

Xie Shihao had set Xie Jiuhan to the top of his phone. As long as Xie Jiuhan sent him a message or called him, a special ringtone would ring. Xie Shihao hurriedly replied, "Little Uncle, based on what you say, according to my judgment, this woman should have another man outside."

Xie Jiuhan : "..."

Xie Shihao continued, "She secretly bought a property behind her husband's back and even deliberately hid it from her man. She obviously has another man outside. Moreover, their relationship has reached the point where they can be another family."

Without waiting for Xie Jiuhan to reply, he said, "Little Uncle, are you asking this for your friend? I'm not sure if I should say it, but your friend might be cuckold!"

The special phone's hard shell resisted the strong pressure of Xie Jiuhan's fingers. A creaking sound came from his hand, and a dark light shone in the man's eyes. On the other end of the phone, Xie Shihao inexplicably had goosebumps. He looked around suspiciously and realized that the windows were closed. But why was there a cold wind?

...

Feng Qing came out of the villa in Yulan Bay. After discussing with the designer just now, she finally confirmed the specific renovation plan. She was very satisfied with today's plan. According to the design and renovation, that villa would definitely be able to satisfy all the needs of March and his pups. The construction had already started and would be completed at the beginning of next month. At that time, March's children would also be born, so every decoration material chosen by the interior designer was environmentally friendly. It would not have any effect on the health of the puppies.

Thinking that there would be many puppies here in the near future, Feng Qing smiled happily. However, when she thought about how Xie Jiuhuan didn't like small animals, she felt that it would be better not to tell the man for the time being if he knew that she bought the villa to raise March and his family.

Feng Qing took out her phone and was about to call a car when a black Rolls-Royce stopped in front of her. Feng Qing was slightly stunned when she saw a cold and wild face in the car. The man's silver pupils were without any warmth, and he did not even have any human emotions. When the man looked at Feng Qing, his silver pupils did not blink.

"God Slayer?" Feng Qing was stunned when she saw the man in the car. Then, she frowned. She thought it would be Xie Jiuhuan. She didn't expect it to be this man.

"With this as the center, all the taxis in a ten-kilometer radius have been expelled by me, so you can only take my car," the God Slayer said.

“God Slayer, you’re probably sick, right?” Feng Qing retorted, her voice very cold. With that, she looked at the time on her phone. It was almost time for her to work in the afternoon. It didn’t seem good to be late on the first day of work as an intern.

Glancing at the God Slayer again, Feng Qing said, “This is the Capital. Aren’t you afraid that Xie Jiuhan will discover you if you look for me so blatantly?”

Upon hearing this question, the God Slayer snorted coldly. “The Ninth Master of the Capital is nothing in my eyes. I think I’ve answered you this before.”

The God Slayer’s voice was very cold, even colder than his appearance. It was a coldness that came from his bones. In his eyes, he had never treated Xie Jiuhan as a big deal. He did not just say it, but it came from the bottom of his heart.

Feng Qing turned around and walked around the black Rolls-Royce towards the bus stop. Since there was no way to take a taxi, she could only take the bus. Seeing this scene, the God Slayer kicked the driver’s seat hard. The driver was shocked and hurriedly drove after Feng Qing.

The God Slayer said through the car window, “Feng Qing, do you believe that I’ll stop the bus too?”

Feng Qing didn't even look at the God Slayer. "You'd better not do that. That will only make me hate you even more. Besides, who said I wanted to take the bus? Can't I walk back?"

The God Slayer said with interest, "You're walking back? Aren't you afraid of being late?"

Feng Qing said coldly, "Do you think anyone dares to remember my attendance?"

There was a hint of unhappiness on God Slayer's face. "You're clearly the chairman of Blue Stocks Capital. Why do you have to be an intern at the Xie Corporation?"
