

The Wife I Picked Up Is Too Chapter Chapter 768

Chapter 768: Smile for Me?

The corners of Feng Qing's mouth couldn't help but curl up when she saw the man like this. The more the man acted like this, the more it meant that she was important to him. "I'll ask Xia Qianxue, Brother Mingqian, and Qing Er these two days to see if they have time to come out and get together. Oh right, there's also that Sword God. He seems to be in the Capital too. When the time comes, come with me and I'll officially introduce you to everyone."

Hearing her say this, Xie Jiuhan's expression remained dark. "There's also the God Slayer!"

Feng Qing blinked her large eyes, and a hint of craftiness flashed across the depths of her eyes. "Then let's see if he has the time and is willing to go."

With that, she thought to herself that if God Slayer really went, she had to find a good place to avoid causing harm to the innocent that day.

Feng Qing smiled and said, "Little Jiu Jiu, are you satisfied now?"

Xie Jiuhan's expression darkened. When he heard that Feng Qing was really planning to invite God Slayer to a gathering, he had the urge to kill someone.

Feng Qing placed her hands on the man's shoulders and tipped on her toes. "Alright, don't be jealous. I'm going to work, or else I'll be late."

With that, she even kissed the man's face and stuck out her pink tongue. Then, she placed her hands behind her back and skipped towards the elevator. Although the man didn't want to leave her, he still let Feng Qing go upstairs.

In the elevator, Feng Qing pinched the man's face and coaxed him. "Little Jiu Jiu, give me a smile?"

The man said coldly, "I can't smile."

Feng Qing gritted her teeth. "Little Jiu Jiu loves me, right?"

Xie Jiuhan was stunned. Just as he was about to say something to correct Feng Qing, he saw Feng Qing tip on her toes again and press her pink lips gently against the man's ear. "I really like how Little Jiu Jiu looks when he's jealous."

The man's lips could not help but curl up even before he could clearly hear the second half of Feng Qing's sentence. However, when he heard the second half of Feng Qing's sentence, Xie Jiuhan felt like he had been taken advantage of.

At this moment, the elevator door opened. Feng Qing ran out of the elevator after teasing the man. Xie Jiuhan stood on the spot and touched the place where he had been personally touched. Looking at the woman's petite and cute back, a warm feeling rose in his cold heart. He regretted not recording the woman's words just now. That way, he could listen to it repeatedly.

--

On the 38th floor.

Meng Kexin looked down at her watch a few times. She had been waiting for Feng Qing at the elevator for a while. Seeing that he was not back yet, her expression gradually turned ugly.

Lu Yingying sat with the other interns. The smile on her lips had never disappeared. Feng Qing was late on the first day of work. Such an unruly person had no right to stay in the Xie Corporation.

Liu Yan sent Feng Qing a message and asked why she wasn't back yet. It would leave a very bad impression on the company if she was late for work on the first day, but Feng Qing didn't reply to him. Therefore, he could only go to his Moments to take a look. He saw the content of Feng Qing's Moments that she had just updated. It turned out that she had returned home for lunch and her husband had cooked for her.

Liu Yan didn't understand Feng Qing's thoughts. It was clearly not easy for her to have a chance to enter the Xie Corporation for an internship. No matter how good her relationship with her husband

was, she should put it aside first. Could this be the legendary 'love brain'? As long as one fell in love, their IQ would immediately drop to the freezing point?

Looking at the content of Feng Qing's Moments, Liu Yan couldn't help but frown. If Meng Kexin found out that Feng Qing had gone home in the afternoon to have lovey dovey time with her husband, she would probably lose her internship qualifications.

At this moment, the elevator on the 38th floor opened. Feng Qing stepped out of the elevator at the last second and used her work pass to clock in. Then, she walked towards her work as if nothing had happened. Just as she sat down, an intern said, "Qingqing, what's wrong with your mouth? Why is it red and swollen?"

Feng Qing was stunned at first, then her face flushed red. She explained, "Oh, it's fine. I just ate something spicy for lunch. I'll be fine after drinking more water."

The intern did not think much of it and only thought that she had a special physique and had a big reaction to chili. Instead, Liu Yan looked at the content of his Moments and did not find any vegetables with chili.

Meng Kexin walked over and said, "Qingqing, how's the verification of the acquisition materials I gave you this morning and the accounts of Chenghai Mining? Are there any difficulties?"

Feng Qing replied, "Oh, the accounts have been checked."

Meng Kexin: “???”

“Are you sure? There are more than four hundred pages of information. Not only did you finish checking it in the morning, but you also finished reading it?” Meng Kexin asked in disbelief.

“Yes, Miss Meng. I’ve already finished checking the content and have already sent it to your work email.” Feng Qing confirmed with a smile.
