

The Wife I Picked Up Is Too Chapter Chapter 775

Chapter 775: Feng Jianing's Engagement Banquet

"About twenty years ago, Feng Yiru shocked the world with her perfume-making skills as the champion of Country F's Fragrance Competition. She was regarded as a master by countless people who loved perfume. She was even named the number one beauty in Xia country!" Xie Jiuhan said slowly.

"The number one beauty in Xia country? Aunt's face is clearly..." Feng Qing said in surprise.

"That's because she destroyed her own appearance." Xie Jiuhan sighed.

Upon hearing this, Feng Qing's eyes suddenly widened. Her heart suddenly hurt so much that she panicked.

Xie Jiuhan's understanding of Feng Yiru was mostly because he had investigated the Feng family's past after he picked Feng Qing up. What had happened to make a person like Feng Yiru personally destroy her appearance? It had to be known that many men were infatuated with her face.

Feng Qing leaned her head on the man. She also remembered very clearly that when she saw Feng Yiru back then, she was also quite surprised. She always thought that she had been in a car accident or something, so her face was like that. It was only today that she found out that Feng Yiru had done it herself.

Xie Jiuhan placed Feng Qing on the sink. He realized that Feng Qing was frowning and reached out to touch her glabella. "What's wrong?"

Xie Jiuhan asked, "Does your heart ache for your aunt?"

Feng Qing took a deep breath and said, "She's so good and outstanding. She's the only person in the Feng family who treats me well."

Xie Jiuhan's large hand rubbed Feng Qing's head. "Ten years ago, Feng Yiru suddenly died. Feng Yuanzhou refused to investigate Feng Yiru's incident. Before the police could send a forensic doctor over, he had already cremated Feng Yiru's body. If you really want to know how Feng Yiru died, I can use the secret guards to help you investigate."

Feng Qing nodded. "Then I'll trouble you."

She had long wanted to investigate properly. In fact, apart from the secret guards, Xie Jiuhan could also mobilize the most confidential and powerful intelligence department in Xia country. With those professional organizations investigating, she believed that the truth would definitely surface.

...

The next evening, at the Blue Sea Hotel.

The engagement banquet of the Feng and Cao families started under the witness of the upper circle of the Capital. Of course, to the upper circle, this engagement banquet was just a joke.

When Feng Jianing was overseas, she hooked up with Charles, the former president of the Fragrance Alliance. After the sentimental video of the two of them at the banquet in Country F's Presidential Manor was exposed, it caused laughter both domestically and abroad. The netizens in Xia country were even more indignant. Feng Jianing was humiliated. It was simply defaming the people of Xia country.

What was even more shameless was that Feng Jianing had even poisoned the banquet in Country F's palace. Not only had she offended the people of Country F, but she had also offended the keyboard warriors of the entire Xia country. They had been scolding Feng Jianing on the Internet without stopping.

Feng Jianing's management company even became the target of public criticism because of the pressure and public opinion. In the end, they even used the terms of the contract to directly announce that they had terminated their contract with Feng Jianing and asked her for compensation for breaching the contract.

In order to let Feng Jianing enter the entertainment industry successfully, Fu Anlan had spent a lot of money on her all these years. The Feng family even established an entertainment company themselves. Before Feng Jianing could start to earn money back, she had already received countless termination contracts and paying endorsement compensation. Now, she had already lost all her money.

In order to make up for this loss, the Feng couple seemed to have gone crazy. They tried all sorts of methods to force the Cao family to marry Feng Jianing. As long as the two families became in-laws, they could fabricate all sorts of excuses to get the Cao family to help support them. They could also find many benefits from the Cao family to make up for the loss caused by Feng Jianing.

As for the Cao family, Cao Beining had lost his rights as a man because of Feng Qing. The Cao family went to the police, but the police determined that Feng Qing was acting in self-defense. The Cao family could not accept this fact and directly brought people to Capital University to cause trouble. It was fine if they did not cause trouble, but once they did, the entire Capital knew that the young master of the Cao family, Cao Beining, was a 'eunuch'.

What troubled the Cao family the most was that before they could take revenge for Cao Beining, the Feng family clamored to make Feng Jianing abort the child in her stomach. Feng Jianing had no choice but to cry and shout all the way to the Cao family to hide. Helpless, the Cao family could only choose a conservative method and temporarily agree to the Feng family's engagement ceremony. The Cao family was also betting that if the child in Feng Jianing's stomach was really the only bloodline of the Cao family, even if the Cao family knew that they would be schemed against and extorted by the Feng family, their Cao family could only admit defeat.

The Cao and Feng families had even specially discussed this. They had planned to hold a simple engagement banquet, but no secrets could be kept in the circle. The news of the engagement banquet still spread like wildfire, and many people who were watching the fun found out. Before they could decide to announce it to the public, the Han family had even sent people to send gifts.
