

The Wife I Picked Up Is Too Chapter Chapter 778

Chapter 778: Jealousy When Enemies Meet

Ever since her reputation was ruined, it had been a long time since Feng Jianing experienced the feeling of being watched by everyone. At this moment, she had once again become the focus of the guests. No matter what the rumors outside were, Feng Jianing had a high and mighty expression at this moment, as if she was still the little princess of the Feng family.

Previously, the Cao family was unwilling to marry her. Now, the Cao family was begging her to marry him. They wished they could hold her in their hands and take care of her meticulously. She basically did what she wanted. The Cao family even planned to hire a few professional bodyguards to follow Feng Jianing all day.

Before she came out, she had heard that at this engagement banquet, the two heads of the Han family had sent many expensive congratulatory gifts. Although she didn't know why the Han family did this, she felt very smug to be valued by the Han family.

However, the smile on her face quickly disappeared. She saw Feng Qing sitting at the head of the table. In an instant, anger rose in Feng Jianing's heart. She didn't understand why Feng Qing was here, but she quickly understood. It was definitely the Feng couple who called Feng Qing over. Now that her reputation was ruined, she had become the laughing stock of the entire world. If not for the child in her stomach, she would be as miserable as she could be. Through this matter, she could also tell that in the eyes of the Feng couple, she was just a money-making tool.

Compared to her predicament, Feng Qing was doing well. She was high and mighty. She was rich and famous. Although their surnames were both Feng, the two of them could not be compared.

Just as Feng Jianing was feeling hatred in her heart, Cao Beining also discovered Feng Qing at the main table. His already gloomy face had become even more sinister and fierce. He didn't expect Feng Qing to come. Why did she still dare to come? The hatred of being impotent was irreconcilable!

"Beining, today is our engagement banquet. It's a joyous day and there are so many important guests. You have to hold it in." Feng Jianing mumbled in Cao Beining's ear.

With that, she added, "Did you see the two young masters of the Han family? Feng Qing is sitting with them, which means that they should have come together. Moreover, Feng Qing already knows Han Jintian and even sang the theme song for his new movie. When the movie is released, she will be famous for a while."

Cao Beining clenched his fists tightly. He wanted to kill Feng Qing. He had to kill Feng Qing personally. If not for this woman's ruthlessness, he would not have become the last eunuch in the Capital!

The evil aura was emanating from Cao Beining. He did not care at all even when facing so many people from the upper circle. His face was as ugly as it could be. Cao Beining could not suppress the anger in his heart. He planned to rush over and kill Feng Qing on the spot, but Feng Jianing grabbed his arm forcefully.

Feng Jianing comforted him. "Beining, calm down. Don't be rash. We still have a toast later. We'll deal with her then."

The veins on Cao Beining's forehead twitched violently when he heard the woman's words, as if it would break through his scalp and rush out at any moment. He couldn't wait anymore. He wished he could rush down and give Feng Qing a heavy punch.

Han Jintian was eating peanuts and scolded in disgust, "This dog, how dare he look over here with that gaze? Does he not want his eyes anymore?"

Feng Qing knew that Han Jintian was talking about Cao Beining because only Cao Beining was looking over with that cold and ruthless gaze. To be honest, that gaze was indeed very unpleasant. Anyone who saw it would want to beat him up.

Feng Qing smiled and said, "It's normal for him to hate me. After all, I made him impotent. He won't even be a man in the future."

Han Jintian had heard of this before. After all, the matter between the Feng family and the Cao family had caused an uproar. Now that Feng Qing had admitted it on the spot, he looked at Feng Qing with interest. "Tsk tsk, can you describe to us how you severed his manhood?"

Feng Qing picked up a knife on the dining table and cut a roasted sausage on the plate into two. Han Jintian was stunned and subconsciously glanced at Feng Qing. He felt a faint chill on his lower body.

The host hosted the engagement banquet excitedly. After saying a lot of blessings, he invited the Feng couple and the Cao couple to the stage. Compared to the Feng couple, the Cao couple's expressions were also very ugly. They stood on the stage and stared at Feng Qing on the main table with intense hatred in their eyes.
