

The Wife I Picked Up Is Too Chapter Chapter 783

Chapter 783: Smashing Things

Feng Yuanzhou smiled apologetically and said, "Of course. With these congratulatory gifts from the Xing family, I naturally don't care about those shattered congratulatory gifts."

He still wanted to say that those were just broken porcelain and tiles, but he still held back his words. If he really said that, it would seem that he was too vain. Feng Yuanzhou could only hold back his words in his heart. Hence, in front of Xing Wudi, he pretended to say, "Qingqing, you broke so many valuable congratulatory gifts. For the sake of the Xing family's head, I won't bicker with you. Hurry up and thank the Xing family's head. If not for him pleading for you, I would definitely ask you to compensate!"

Feng Yuanzhou hated her in his heart. It would have been great if he had a few more daughters when he was young. Unfortunately, his eldest daughter was indecent and played with wild men all day long. His second daughter's reputation was also ruined, and she was even pregnant now. In comparison, he still pushed Feng Qing to the front to see if the head of the Xing family would be mesmerized by Feng Qing. If he could take a fancy to her, then their Feng family's chance to soar would come. That way, he would force Feng Qing to divorce and marry into the Xing family no matter what.

Feng Qing walked up to Xing Wudi and said in a cold voice, "What are you doing here?"

Xing Wudi replied, "Didn't I just say that I'm here to give my blessings to the Feng family's adopted daughter's engagement banquet? After all, you're also a member of the Feng family, right?"

Feng Qing said, "I'm not from the Feng family. You're mistaken."

Xing Wudi looked at Feng Qing, and there was finally a hint of human emotion in his eyes. He took an exquisite wooden box from the bodyguard and handed it to Feng Qing. "This is my gift to you."

Feng Qing took the wooden box and raised her hands above her head. Then, she dropped it to the ground with a crisp sound. Seeing this, everyone was stunned.

Feng Yuanzhou roared, "Feng Qing, you unfilial daughter, what are you doing?!"

The corners of Xing Wudi's mouth curled up, as if he had long expected Feng Qing to have such a reaction. Hence, he waved his hand. Someone walked up to Feng Qing and handed her a similar exquisite wooden box. However, Feng Qing did not even look at it. She picked up the wooden box again and was about to throw it to the ground.

Seeing this scene, Feng Yuanzhou was anxious. His red eyes were about to pounce on the wooden box, but before he could approach Feng Qing, he was stopped by the people Xing Wudi brought.

"Feng Qing, you little beast, how dare you!"

"Feng Qing, how did I give birth to you? Are you crazy? You even dare to smash the congratulatory gift from the Xing family?"

“Put it down quickly, or else don’t blame me for slapping you in public!”

Although he was stopped, Feng Yuanzhou still threatened Feng Qing. His clenched teeth made him look like he wanted to eat Feng Qing up.

“Shut up!” Suddenly, Xing Wudi roared angrily, his body emitting a terrifying aura. Xing Wudi’s shout shocked Feng Yuanzhou. He felt like an ice pick had pierced into his heart.

Ignoring Feng Yuanzhou, Xing Wudi looked at Feng Qing in amusement, as if he admired this woman’s anger.

Xing Wudi said, “I know you don’t like the Feng family, so these gifts are for them. However, I only gave it to them because of you, so I have no objections to how you want to deal with these gifts.”

Upon hearing this, Feng Yuanzhou almost fainted. Looking at the box that Feng Qing was holding high in the air, his heart hurt terribly. He felt that he could explode at any moment.

Feng Jianing had just recovered from the shock of the head of the Xing family in the Seven Stars Continent. Her face was filled with indescribable excitement, and even her back was straighter than before. With the favor of the Xing family in the Seven Stars Continent, she would no longer have to be mocked and ridiculed by the surrounding people.

However, when she heard Xing Wudi's words to Feng Qing, the joy on her face instantly froze. She looked at the head of the Seven Stars Continent in disbelief. She never expected that Feng Qing would actually know this man. It turned out that this was the fundamental reason why the head of the Xing family came to send a gift.

Feng Jianing observed very carefully. Even when facing this man with a supreme status and status, Feng Qing was still calm and collected. There was no fear or timidity on her face. Instead, she threw the gift she had raised high onto the ground again.

"It's too tiring to smash them one by one. You guys, quickly take out the congratulatory gifts from the box and smash them! Immediately!" Feng Qing did not even look at the broken things on the ground. She turned to the bodyguards holding the congratulatory gifts and ordered.

Xing Wudi's expression did not change. He only nodded. Although it was a pity that these expensive things had been smashed, to their Xing family, they were not worth a lot. He could still afford to smash them.

After obtaining permission, the bodyguards opened the exquisite wooden boxes in their hands. Antique calligraphy and paintings fell to the ground one after another. Since they couldn't be broken, they simply poured gasoline on them and lit them up.
