

The Wife I Picked Up Is Too Chapter Chapter 789

Chapter 789: Give Me What They Ordered

Xing Wudi was indeed very handsome. He was so handsome that he was the focus of everyone's attention no matter where he went. Just as he sat down, the lady boss of the food stall hurriedly welcomed him. The lady boss was about 30 years old. Her face, which had been exposed to the wind and sun, was a little dark, but she smiled as beautifully as a flower. "Yo, little brother, oh no, little sir, what do you want to eat?"

Unexpectedly, the bodyguard beside the man did not stop the lady boss. She was just the lady boss of a food stall. What would she do to her master?

"Hehe, we have everything here. Barbecue, seafood, stir-fry. I can make some exceptions and let the kitchen make it for you first. How about that?" The lady boss introduced the menu with a smile.

"Give me a table of whatever that table beside you ordered," Xing Wudi said coldly.

Upon hearing this, the lady boss turned to look at Feng Qing's table and asked, "Is he with you?"

Xie Shihao shook his head as he drank his soda. "No."

Feng Qing took a bite of the skewer and said to the lady boss, "It's very likely that this is the first time he's eaten at a food stall in his life, so he doesn't know what's delicious and doesn't have any

relevant experience. But since he said so, then give him one according to what we ordered. Anyway, it's not like he can't afford it."

Upon hearing this, the lady boss was dumbfounded. It was difficult for her to imagine that there was anyone in Xia country who had never eaten street food. However, she did not dare to ask the man anything. After all, there was a group of bodyguards in suits standing beside the man. However, she looked at the man with sympathy and pity.

Xie Shihao had his back facing Xing Wudi and couldn't help but look at Feng Qing. "Do you know this person?"

Gu Qingye's voice suddenly sounded. "Didn't you see the trending topic today? The head of the Xing family in the Seven Stars Continent made a stunning appearance at the engagement banquet of the Feng and Cao families. This person is born with silver eyes and is the head of the Xing family. Moreover, his relationship with Qingqing seems to be..."

Feng Qing was eating a roasted mushroom skewer. Her soft and sweet appearance was like a rabbit eating grass. Her pink lips were eating slowly, and she chewed and swallowed a roasted mushroom skewer slowly.

Hearing Gu Qingye's words, Xie Shihao hurriedly took out his phone and looked at it. He immediately understood what was going on and even scrolled through the chat of the children of the wealthy families. Hence, he exclaimed, "D*mn, Little Aunt, is this Xing Wudi really having an affair with you?"

Feng Qing put down the finished stick and pointed behind Xie Shihao. "Eh, Little Jiu Jiu is here."

Upon hearing this, Gu Qingye was shocked. Xie Shihao jumped up in fright and hurriedly turned around. In the end, apart from Xing Wudi, who had a wild beast-like aura, there were only the bodyguards who came with him. Xie Jiuhan was nowhere to be seen.

Xie Shihao was picked up by Gu Qingye. "Qingqing, do you know that you can scare people to death?"

Feng Qing held her cheek with one hand and continued eating the skewers. "This is a punishment for talking nonsense just now. You have to be careful. If your uncle hears what you said just now, hmph ~"

Hearing Xie Jiuhan's name, Xie Shihao immediately cowered. He no longer had the aura of the young master of the Xie family. He picked up his soda and took a sip. "You know, even if I had the guts, I wouldn't dare to say this to Little Uncle."

Gu Qingye said, "You scared me to death. I should order five pounds of oysters to calm down later."

Xing Wudi was behind Xie Shihao. His hearing was better and the two tables were close, so he naturally heard what Feng Qing had said. Looking at the woman teasing Xie Shihao, his silver pupils were covered in a layer of frost. Gu Qingye and Xie Shihao bought five pounds of oysters from the lady boss and the lady boss also served one for Xing Wudi's table.

The freshly cooked skewer was served by the lady boss. Xing Wudi's bodyguard took the iron plate from her and did not allow the lady boss to take a step closer to Xing Wudi. The skewer was placed in front of Xing Wudi. The bodyguard first tested for poison and said, "Young Master, the seasonings used in this stall are the lowest and cheapest. For the sake of your health, I suggest that you don't eat it."

However, Xing Wudi did not listen to her. He imitated the way Feng Qing ate the skewers just now and picked up a skewer of roasted mutton to taste. Just as the bodyguards had said, the seasoning used for this skewer was indeed not good. The taste was considered passable, and it was not considered delicious. He could only say that it was roasted. Xing Wudi could not understand why Feng Qing liked to eat such things. Then, Xing Wudi watched Feng Qing eat the oysters and picked up an oyster to eat.
