

The Wife I Picked Up Is Too Chapter Chapter 798

Chapter 798: Listen to Daddy

Half of Xie Jiuhan's body was in the darkness, like a vampire who lived in the darkness all year round. He was sinister and strange. His devilish handsome face looked at Old Master Xie, who had appeared on the screen, arrogantly.

Just as Xie Jiuhan was about to press G again, Old Master Xie's voice sounded again. "My good son. You should be acting up again, right?"

The light on the huge projection screen landed on Xie Jiuhan's face. His handsome face was snow-white, and his black eyes did not have any emotions that belonged to the mortal world. He only stared at the person on the screen without any movement.

Old Master Xie suddenly raised his head, and his face was so pale that it was terrifying. He revealed a perverted and distorted smile at the camera. "For the past three years, with Feng Qing around, your condition can be controlled very well. However, she can't do this now, and your condition will gradually become worse until it completely loses control."

Speaking up to this point, Old Master Xie paused for a moment and continued, "Alright, listen to me obediently. If you want to change all of this, you either abandon her or kill her. To tell you the truth, because of that special medicine, her body mutated. She gradually turned from the antidote and a medicine to the catalyst that pulled you into the abyss. Moreover, the more you two have sex, the faster this situation changes. Your illness will also become worse. In the end, you will completely become a lunatic who has lost your rationality and become a beast through and through."

At this point, Old Master Xie held back his laughter and said as he laughed, "Jiuhan, my good son, I look forward to you turning into a lunatic for a woman. Hahaha..."

Hearing Old Master Xie's words, a crazy killing intent erupted from Xie Jiuhan's eyes. The monstrous killing intent seemed to have passed through the camera and rushed towards Old Master Xie. However, Old Master Xie only replied with a perverted smile.

"My good son, listen to me and kill that woman. If you don't want to become a lunatic, stay away from that woman. Otherwise, this King of the Capital will become the laughing stock of everyone sooner or later."

"Listen to me, you have to listen to Daddy. You're the person in charge of the Xie Corporation. If you become a lunatic, what will happen to the Xie Corporation?"

"Kill her, kill that woman, kill her so that you can live..."

Old Master Xie seemed to be chanting an incantation. His low and crazy voice kept coming from the computer. Xie Jiuhan raised his hand again and pressed the G button. Instantly, a surging current surged into Old Master Xie's body. His entire body started to tremble violently, and tears and snot flowed out uncontrollably.

Xie Jiuhan's cold and arrogant face did not have any sympathy nor did he felt unbearable as he looked at his biological father being tortured. It was as if he was looking at something that had nothing to do with him.

"Let me ask you one last question. Is the medicine you injected into Qingqing harmful to her body?" Xie Jiuhan asked.

He didn't care if he would become a mad dog. He was only concerned about whether that special medicine would affect Feng Qing. Hearing this question, Old Master Xie looked at the camera with a very strange gaze. The strong electric shock just now had made his body tremble till now. He had even lost control of his bowels.

Slowly maintaining his sitting position, Old Master Xie's expression became more and more sickly as he smiled. If an ordinary person saw this face, they would definitely be so scared that they would have goosebumps.

Old Master Xie said, "The drug I injected her with was developed by your mother. That drug was originally used by your mother to deal with me. She wanted to use this drug to achieve her goal of controlling me and make me listen to her so that I would never be able to leave her. However, I had long discovered it. Therefore, I secretly carried out another kind of research with this drug.

"Later on, I succeeded after a series of experiments. With this drug as the foundation, I developed two other drugs. I named the first drug A520. I secretly injected it into your mother's body more than twenty years ago. Not long after, she gave birth to you. In other words, you were already injected with A520 in your mother's womb.

“As for the second drug, I named it B521. Those who have been injected with B521 will start to suffer a relapse and enter a state of out of control once they have sex with someone who has been injected with A520. Moreover, it will become more and more uncontrollable. In the end, they will completely become lunatics. The ones who were injected with B521 will have an enhanced immunity system and brain. But if the person with A520 and the person with B521 stopped having sex, the body functions of the person injected with B521 will decline, eventually the person will become an idiot.”
