

The Wife I Picked Up Is Too Chapter Chapter 813

Chapter 813: Not Doing Anything

No matter how rich the Xie Corporation was, they couldn't afford to burn money like this. Now, someone had placed a fire in a pocket filled with money and planned to completely burn the Xie Corporation to ashes. At this critical moment, not only was Xie Jiuhan not nervous or anxious at all, but he also looked like a bystander. He even wanted to see how low the Xie Corporation's shares could fall. Wasn't this meant that he had a fever that had muddled his brain?

Xie Jiuhan picked up another grape and stuffed it into Feng Qing's mouth. Then, he threw the grape skin into the paper basket and said, "Su Yu, if I remember correctly, the last time you took a vacation was three years ago, right?"

Su Yu : "???"

Xie Jiuhan said, "Now, I order you to make an eight-day annual vacation plan for yourself. I want that kind of detailed vacation plan. Then, go to the corporation's finance department to collect a vacation fee."

Su Yu: "!!!"

If the person in front of him wasn't Xie Jiuhuan, he would have already scolded him. The Xie Corporation had lost tens of billions in a day. This already made him feel flustered and caught off guard. However, Xie Jiuhuan wanted him to go on annual leave at this time?

The next second, Su Yu's tears flowed out of his eyes. He looked like he wanted to kneel down to Xie Jiuhuan. As he choked on his tears, he said, "Ninth Master, you're too good to me. At the critical moment of the corporation's life and death, you actually want me to leave Xia country and stay away from disputes.

"Although you have a bad temper and are cold and heartless, and I'm at your beck and call every day, I'm still the number one secretary of the Xie Corporation. Not only do I have the high salary that others dream of, but I also have a status that others can't reach. Therefore, my loyalty to the Xie Corporation can be seen by the sun and moon. Now, the corporation is in trouble, so even if you chase me away, I won't leave at this time. I must stay behind and tide over the difficulties with the Xie Corporation!"

Xie Jiuhuan wanted to kick Su Yu away. He turned to look at Su Yu and said unhappily, "Very good, if you don't go when I give you the annual leave, then go to the corporation to work overtime. Get lost!"

Upon hearing this, Su Yu's expression froze. He wanted to ask Xie Jiuhuan if it was too late when he had thought it through. It was only now that he realized that the president of the Xie Corporation was not flustered at all. Then what was he, the number one secretary, panicking for? Wasn't it just a drop in the stocks? The others aren't panicking, but he, the number one secretary, was already flustered? Anyway, their Xie Corporation had money. Ten billion yuan could be burned as money for the ancestors. Others did not know, but Xie Jiuhuan did have the right.

When Su Yu was about to leave, he mumbled, "The biggest profit from the Xie Corporation's stock collapse this time is the Stock God, NB."

Upon hearing this, Feng Qing, who was eating grapes, choked. Xie Jiuhan hurriedly patted her back gently. "Has the shares held by NB been sold?"

Su Yu replied, "No, I've been sending people to watch this matter."

Now, the money he had spent to buy the shares had been trapped. The corners of Xie Jiuhan's mouth twitched. Su Yu felt a wave of despair. He gritted his teeth and said, "The Stock God is really amazing. As long as it's the shares he's targeting, it will definitely fall."

This time, when the Xie Corporation's shares had gone so high, he had bought all the shares of more than a hundred listed companies under the Xie Corporation. Clearly, he was deliberately disgusting their Xie Corporation.

Su Yu asked, "Ninth Master, shouldn't we dig out the Stock God from behind?"

In Su Yu's opinion, the reason why this Stock God was so amazing was that he had a lot of capital behind him. Otherwise, why would he lose money by buying whatever shares he wanted?

Upon hearing this, Feng Qing, who was sitting on the bed, immediately choked and coughed again. She felt that it was not appropriate to eat grapes today. Xie Jiuhan's gaze landed on the woman's face. He saw that her choked face was flushed red. His wife was so injured that she could not eat grapes herself.

At the thought of this, the man hurriedly held the grape in his mouth and brought his mouth to the woman. In front of Su Yu, he directly fed the grape into the woman's mouth. Not only that, but he also stuck out his tongue and entered the woman's mouth, helping her squeeze the juice of the grape so that she could eat it.

Originally, Su Yu was thinking about how to pull out the Stock God when he saw the embarrassing scene in front of him. He raised his hand and covered his eyes, silently moving back. After retreating all the way to the door, Su Yu even considerately closed the door.

Feng Qing felt that her lips and teeth were filled with the special sweetness of the grapes as she ate crushed grapes with the man's help. Even her nose was filled with the fragrance. She didn't know that this charming fragrance came from Xie Jiuhan.
