

## The Wife I Picked Up Is Too Chapter Chapter 825

### Chapter 825: You Straight Man

The call was from Xie Qi. Feng Qing looked at the man. "Let him in."

Xie Jiuhan nodded. Just as the call ended, Xie Qi rushed in. He handed over a brown paper bag respectfully. "Young Madam, the results of your DNA test with Feng Yuanzhou and Fu Anlan are out. Please take a look."

Upon hearing that, Feng Qing hurriedly took the brown paper bag. Before opening the bag, she took a deep breath. Before she looked at the results of the appraisal personally, nervousness filled her entire body. There were only two results of the appraisal. She was of the Feng family's bloodline and not the Feng family's bloodline, but no matter which result it was, it could not make her happy. Thinking about it now, it was indeed quite sad.

After calming down, she looked at the man. After obtaining his affirmation and encouragement, Feng Qing opened the brown paper bag and took out a document. The document was very simple. There were only four pages. The first three pages were her DNA sequence and analysis with the Feng couple. The fourth page was the conclusion of the appraisal.

"In summary, according to the DNA identification method, it is confirmed that Feng Yuanzhou, Fu Anlan, and Feng Qing are not biological parents and children."

Xie Jiuhan, who was sitting beside her, could easily see the personal appraisal report in Feng Qing's hand as long as he lowered his head slightly. He said to Xie Qi, "Go ahead."

After Xie Qi left, only the two of them were left in the large ward. Feng Qing held the paternity test report and was in a daze for a long time. When she came back to her senses, she placed the paternity test report back into the document bag.

"Tsk, as expected, I'm really not from the Feng family. I'm really relieved. When I return from the Sacred Island, I'll slap this appraisal report on Feng Yuanzhou and Fu Anlan's faces." After a moment of silence, Feng Qing said.

Seeing that the man was silent, Feng Qing continued, "The paternity test technology is so mature now, it's enough to prove that I have nothing to do with their Feng family anymore. Moreover, they didn't raise me. In other words, from today onwards, Feng Yuanzhou and Fu Anlan can forget about pestering me and getting anything from me."

When she said this, she tried her best to remain calm and tried her best to make her voice sound unchanged. She should have been happy after knowing this result, but for some reason, she felt an inexplicable heaviness in her heart, as if something was pressing on her chest, making her feel breathless.

Xie Jiuhan looked at the woman in his arms. Her long black hair was draped over her shoulders, and her entire body exuded a cold and lonely aura. The man's hand was on her shoulder. Feng Qing turned around and brought her face into the man's chest. She rubbed against the man's soft sweater, and her tears quickly drenched the man's shirt.

Feng Qing's voice trembled even more obviously. "It's fine. At least I still have Little Jiu Jiu."

She bit her lower lip and rubbed her head against the man's chest like a kitten that couldn't get more love from its master. Xie Jiuhuan lowered his head and his nose entered the woman's thick hair.

Xie Jiuhuan said, "Don't be sad. You'll never lose me."

Feng Qing raised her head and saw the ecstasy in Xie Jiuhuan's deep eyes. This man did not feel sad for her at all. Instead, he was happy from the bottom of his heart. However, when she thought about it, it made sense. To Xie Jiuhuan, none of the Feng family members were good people. It was great that the results were like this. No one could snatch Feng Qing from him anymore. No one could say anything about her. This petite and cute woman would belong to him alone from now on. No one could share her with him anymore.

Feng Qing sniffed. "Why are you still smiling?"

Xie Jiuhuan immediately retracted his smile and pretended that nothing had happened. "No, I'm not smiling."

Feng Qing glanced at him reproachfully and said, "Hmph. You were clearly smiling just now. You knew that I was feeling uncomfortable, but you actually smiled. You didn't even comfort me."

Xie Jiuhan said, "Alright, stop grieving. What's the point of them being your relatives? The only person who can accompany you for the rest of your life is me, your real husband. Remember this well. You're mine in life and in death. Don't think about escaping because you'll never escape me."

Feng Qing : "..."

Feng Qing rolled her eyes angrily. "Hey, you straight man, do you know how to comfort others?! Shouldn't you say that I would have relatives when we have a child together?"
