

The Wife I Picked Up Is Too Chapter Chapter 826

Chapter 826: I Don't Like Children

Upon hearing this, Xie Jiuhan raised his eyebrows. "Have a child? But I don't like children!"

Feng Qing also frowned and said, "Why don't you like children? Children are so cute."

She could tell that Xie Jiuhan was not joking because the word 'refuse' was written all over this man's body. It looked like he really did not like children.

Xie Jiuhan snorted coldly. "If you have a child, you will definitely spend all your energy and time on the child according to your personality. What will I do then?"

Xie Jiuhan would never allow anyone to share her. Even if it was their child, he would not allow anyone to occupy Feng Qing. The woman in his arms could only treat him wholeheartedly. He would never allow anyone to share this woman's love with him, not even their child.

Without waiting for Feng Qing to say anything, Xie Jiuhan said, "You're not nineteen yet. Why are you thinking about having children? Your husband is your everything."

Feng Qing lowered her head and intertwined her fingers. "I won't do that. A child is a child, and Little Jiu Jiu is Little Jiu Jiu. To me, you're equally important."

Xie Jiuhan snorted coldly and frowned. “Do you think I’ll believe you? If you really have a child, that child will definitely become the only close relative you know in this world. At that time, under the glow of your maternal instincts, I, your husband, will definitely not be able to compare to the child. No matter what happens to this child, your energy will not be on me. He will snatch you away from me...”

Xie Jiuhan became violent. His cold-blooded stubbornness was engraved in his soul. Suddenly, a slightly cold hand gently touched his abnormally handsome side profile. Xie Jiuhan looked up and saw Feng Qing kneeling in front of him, looking at him warmly.

Feng Qing said, “Little Jiu Jiu is right and wrong. I’m still a university student now. You’re everything to me and will always be everything to me in the future. However, I’ll enter society sooner or later. At that time, we’ll have our own child. Regardless of whether our child is male or female, he’ll become the second person in the world who loves you sincerely apart from me. He’ll treat you well and can give up everything for you.”

Hot air spewed out of Xie Jiuhan’s nose. He asked in a low and hoarse voice, “Then who is the first person in this world to love me wholeheartedly?”

Feng Qing : “...”

The man was asking the obvious. She did not speak and only rolled her large eyes a few times. Then, she pretended not to understand and turned her head around. Seeing that she was avoiding the answer, the man pulled her into his arms.

Feng Qing said, "Call Xie Qi in. I want to see his injuries."

Xie Qi had a lot of work to do in the Xie Manor and was one of her secret guards. Feng Qing had been thinking about it after he was slapped so many times by Xie Yuhuan. Seeing that she had changed the topic, the man sighed helplessly and said, "Alright, I understand. I'll let Xie Qi in later, and you can check him. Otherwise, you can give him two injections. I'll arrange the matter of going to the Sacred Island."

After living with Feng Qing for so long, he naturally knew that she didn't like to live in such a place. However, she had suffered a huge blow this time, so she naturally needed to recuperate for a while. The Sacred Island was surrounded by the sea, and the scenery was beautiful. The sounds and scents of nature were fragrant, and the climate was very pleasant. It was an excellent holy land for recuperation, and the Trial Conference wasn't that important to him. At most, it was on the way.

As soon as the man left, Xie Qi walked in with a swollen face. "Young Madam, are you looking for me?"

Xie Qi was still wearing the white shirt that was dyed red with blood. The blood on his face had been washed clean, and he had only applied a layer of ointment on his wounds. Feng Qing sat on the bed and waved at him. "Come closer and let me see your injuries."

Xie Qi did not hesitate and walked straight to Feng Qing. However, he did not dare to sit on the bed. He did not want to be kicked in the butt by Xie Jiuhuan, so he squatted down by the bed. Feng Qing reached out and gently touched Xie Qi's face. "Have you checked your hearing? Being slapped like that will easily cause your eardrums to be pierced."

As expected, Xie Qi felt a piercing pain at the place where Feng Qing touched him. He didn't know what part of him the pain was, but it made him feel dizzy. He couldn't even hear what Feng Qing had said.

Xie Qi insisted, "Young Madam, don't worry. I've already gone to the hospital to take an X-ray. The brain CT hasn't found anything, but I don't have any serious symptoms."
