

## The Wife I Picked Up Is Too Chapter Chapter 834

### Chapter 834: Playing in the Hot Spring

She raised her head, and the light flowed along the arc formed between her chin and neck. Feng Qing bit her pink lips gently, and her long and black eyelashes trembled gently. Crystal clear water droplets rolled down her red face, and her sweat mixed with the hot spring water.

--

Splash! The man who had reached the limit of holding his breath underwater suddenly surfaced out of the water. Streams of water slid down the man's body.

The light in the room illuminated the man's wet body. Water droplets that were like raindrops slid down the outline of his tight back. The man ran his large hand through his hair and looked into her eyes that were filled with fatal temptation.

When the man was underwater just now, he teased her until her face was red, so Feng Qing's entire body felt soft. She was embarrassed and angry. Xie Jiuhan was not in a hurry to coax the woman. Instead, he smiled evilly and said, "Didn't someone say that she wanted to rub my back just now?"

The corners of Xie Jiuhan's mouth curled up as he turned around. He turned his firm back to the woman and supported himself with one hand on the wall of the hot spring. Feng Qing, who was panting softly, endured her weak legs and stood up. She took out a foam ball from the side of the pool and

threw it at Xie Jiuhan's head. This thing was soft and slippery. It would not hurt even if it hit a vital point. Instead, it felt itchy.

The man subconsciously turned around and saw a pink towel flying towards him. He took off the towel that covered his vision and realized that Feng Qing had disappeared in the hot spring. The man raised his eyebrows and looked down into the water. Could it be that this woman planned to give him some stimulation?

At the thought of this, Xie Jiuhan couldn't help but smile. He thought to himself, "There's such a good thing?"

The next second, Feng Qing crawled out of the water. She attacked Xie Jiuhan from behind, wrapped her arms around the man's narrow waist, and dragged him into the pool.

Xie Jiuhan followed her wishes and entered the water without any resistance. Under the water, he saw Feng Qing above him. She was charming in the water. Her long black hair was scattered behind her shoulders like seaweed. She pressed Xie Jiuhan to the bottom of the hot spring and wrapped her body around him to kiss his neck and collarbone.

The underwater kiss brought the man a completely different feeling from before. His heart started to beat faster, and his adrenaline was rapidly rising. The woman's soft long hair brushed against his chest and firm abs. The man's entire body trembled. Waves of numb electricity ran through his body, making his brain in an extremely excited state. In the end, he was the first to not be able to hold on. The oxygen in his chest was quickly lost, and a string of bubbles came out of his lips.

The woman's soft and tender fingers pressed on his chest, and she surfaced. Immediately after, the man rushed out of the water too. Feng Qing spun on the spot, and her long hair drew a good-looking circle in the air. Her long hair danced in the air. The woman grabbed her hair with one hand and tied it up at the back of her head, and with the other, she took out a hair clip from nowhere. When she stood still, her hair was also fixed behind her head. Her movements were natural and smooth, and the scene was beautiful.

Xie Jiuhan walked up to the woman and pulled her into his arms. "Shall I rub your back?"

Feng Qing shook her head. "No need. How can I not know what you're thinking?"

The corners of Xie Jiuhan's mouth curled up. "Then if you don't let me rub your back, I won't tell you what I found."

Feng Qing: "???"

Due to this man's 'perverted might', Feng Qing could only compromise in the end. And so, she was forcefully rubbed by this man for an hour and almost made her skinned her back.

--

Outside Xie Jiuhan's and Feng Qing's villa, a few loyalists were standing at the door, waiting solemnly for Xie Jiuhan to see them. Xie Qi and Su Yu walked out of the villa and said to the few people standing outside, "Please go back. Ninth Master doesn't have time now. If he has time, he will look for you immediately."

Waiting outside were those who had sworn loyalty to the Xie Corporation. They were the data department head, Xie Da, the deputy department head, Xie Er, and the combat department head, Xie San. The three of them were not related by blood. The only thing they had in common was that they had all obtained Xie Jiuhan's approval. Their names were also casually given by Xie Jiuhan.

Xie Da and Xie Er were in charge of Xie Jiuhan's personal security. They used the large data model to analyze and calculate everything that could threaten Xie Jiuhan. They had the responsibility of informing, reminding, and investigating in advance. As for Xie San, he was in charge of training the loyalists of the Xie Corporation.
