

The Wife I Picked Up Is Too Chapter Chapter 851

Chapter 851: When Did You Have The Right To Lecture?

Xie Yuhuan sat in the wheelchair and could only look up at this cold and heartless man. The man was always so cold and tall, and his entire body exuded an indescribable aura and violent aura.

“My wife is the madam of the Xie family, the wife of the president of the Xie Corporation, and the first lady of the entire Capital. Since when did you have the right to lecture her who has such a noble status?” Xie Jiuhan stared at Xie Yuhuan and questioned coldly.

Xie Yuhuan: “???”

At this moment, her mouth was wide open, as if she had lost the ability to close it. She even forgot how to breathe. Xie Jiuhan’s voice was filled with impatience. The gaze he used to look at Xie Yuhuan was extremely cold, and his black eyes seemed to be covered in a thin layer of mist.

After finally catching her breath, Xie Yuhuan said with a trembling voice, “Jiuhan, how can you say that about me? I’m also concerned about you, so I’m worried that Qingqing will affect you.”

She felt like she was about to suffocate. Xie Jiuhan gave her an indescribable pressure. If not for the fact that so many people were watching, she would have left.

Xie Jiuhan raised his chin and looked down coldly. “Knowing that I was attacked at sea, not only did Qingqing survive, but she also brought Xie Si and Xie Ba to reinforce me. Moreover, it was because of Qingqing’s help that I escaped death and rushed out of the enemy’s encirclement. Everyone can see very clearly that not only did Qingqing save me, but she also personally destroyed the other party’s freighter and forced them to escape. Therefore, Little Aunt, if you don’t know anything, you’d better shut your mouth in the future and try not to cause trouble for Qingqing and me.”

Xie Yuhuan : “ ...”

Upon hearing this, Xie Yuhuan felt the world spin even though she was sitting in a wheelchair. Her eyes darkened, as if she could fall at any moment. What did he mean by causing trouble for them? Could it be that her concern had become a burden?

At this moment, Xie Ruoyun, who was standing at the side, sniffed. She could smell a bloody and sweet murderous aura from Xie Jiuhan. Clearly, this man had indeed experienced a bloody battle just now and was probably injured. Otherwise, he would not have such a strong smell of blood after being blown by the wind and waves on the sea.

Xie Ruoyun looked at Xie Jiuhan and couldn’t help but ask, “Ninth Master, are you injured?”

Xie Yuhuan’s expression froze again. She asked in a panic, “What! Jiuhan, are you really injured?”

She didn't have a good nose like Xie Ruoyun's, so she naturally couldn't smell the blood on Xie Jiuhan's body. Moreover, if Xie Ruoyun hadn't said it, she wouldn't have even seen that Xie Jiuhan was injured.

Xie Ruoyun whispered in Xie Yuhuan's ear, "If I'm not wrong, Ninth Master's wound should be under his ribs."

The moment that was said, Feng Qing raised her eyebrows. She felt that Xie Ruoyun was not ordinary. She could smell where he was injured just by smelling. Wasn't she a little too powerful?

Xie Yuhuan hurriedly said, "Jiuhan, quickly let Ruoyun take a look at your wound. You also know that her medical skills are the most exquisite on this Sacred Island. Back then, she even received praise from those divine doctors."

At this point, her gaze landed on Xie Jiuhan again. Her tone became stern as she said, "And you, Qingqing. Jiuhan is injured. Why didn't you say anything? You just let him hold on like this?"

Seeing that Xie Yuhuan was making things difficult for her again, Feng Qing replied coldly, "There's no need to worry, Little Aunt. I've already treated Little Jiu Jiu's wound."

Xie Yuhuan snorted coldly and said with a distrustful expression, "What's the point of you treating it? You're not a doctor. What if it triggers an infection?"

As she spoke, she gave Xie Ruoyun, who was standing beside her, a look, signaling her to quickly go up and treat Xie Jiuhuan's wound. She naturally had to create such a good opportunity for Xie Ruoyun to interact with Xie Jiuhuan.

However, Xie Ruoyun had just taken a step forward when Feng Qing said, "There's no need to trouble yourself. I've already informed Ji Yunchen to come here. He's Little Jiu Jiu's private doctor and has been in charge of his health. With a professional doctor like him around, I believe Little Jiu Jiu will be fine very quickly. Moreover, Ji Yunchen has a strange temper and doesn't like others touching his patients."

Xie Yuhuan's expression darkened. She said unhappily, "Qingqing, it's not that I have anything against you, but why don't you think about what time it is now? Jiuhuan has just experienced a rain of bullets and is injured now. Although Ji Yunchen is already coming over, it will take seven to eight hours to arrive even if he takes the Xie Corporation's private jet. Can you bear to see Jiuhuan not get treatment like this? Aren't you afraid that his wound will be infected and his life would be in danger?"
