

The Wife I Picked Up Is Too Chapter Chapter 858

Chapter 858: So What If I Did?

Upon hearing this, Xing Wudi was even more puzzled. His eyebrows were almost twisted. He couldn't help but ask, "You said that Xie Jiuhan's life is in danger? That's impossible!" He really couldn't understand this matter. Even if Xie Jiuhan had been shot, it shouldn't have been a fatal injury. Since it wasn't a fatal injury, how could it be life-threatening?

Without waiting for Xing Wudi to say anything, Feng Qing hung up the phone with a furious expression.

Looking at the phone screen, Xing Wudi looked confused and puzzled. Although he couldn't understand what was going on, he was certain that Xie Jiuhan definitely didn't have any good intentions. If he didn't guess wrong, Xie Jiuhan must have put on a show in front of Feng Qing, which was why Feng Qing was so angry at him.

At the same time, Feng Qing was also looking at the phone screen. Her face was filled with regret. She still couldn't calm down. She hadn't asked about the progress of the virus in her body, but when she thought of Xing Wudi's innocent and confused expression just now, she felt angry from the bottom of her heart. He wanted to kill her man and actually dared to show such behavior in front of her.

After being in a daze for a while, Feng Qing sighed deeply and suppressed all the anger in her heart. Then, she opened the chat app and her fingers moved rapidly on the keyboard. She did not say anything and sent Xing Wudi a few names of medicine for external use. Then, she directly transferred Xing Wudi to the blacklist. Since he dared to shoot her man, she would let Xing Wudi live on the blacklist for a period of time.

However, Feng Qing never expected that just as she was setting up the blacklist, Xing Wudi was on the phone with Xie Jiuhan. Moreover, he was the one who took the initiative to call Xie Jiuhan. The arrogant and insolent voice on the other end of the phone made Xing Wudi very unhappy.

Xie Jiuhan asked, "Who is this?"

Xing Wudi snorted coldly and said, "Ninth Master, you weren't at a disadvantage when you fought twenty killers alone at sea just now. Why are you looking so weak after being injured by the shrapnel?"

The next second, Xie Jiuhan's evil laughter sounded from the phone. This voice entered Xing Wudi's ears, making his silver pupils glow with a light that said, "As expected."

Xie Jiuhan smiled for a while and said, "You contacted Qingqing?"

Xing Wudi said smugly, "You're wrong. Qingqing was the one who contacted me."

Xie Jiuhan was not angry at all. "My wife is too concerned about me, that's why she thinks so highly of my injuries. She was worried and confused. That's why you're in trouble."

Upon hearing this, the veins on Xing Wudi's forehead twitched. "You lied to Qingqing and used her?"

Xie Jiuhan said smugly, "So what if I did? Are you planning to expose me to Qingqing? Tsk tsk tsk, but with my understanding of Qingqing, you should be on her blacklist now. Hahaha..."

Xing Wudi was skeptical. He entered the phone chat app and sent Feng Qing a smiling emoticon. In the end, the system notified him that the other party had already blacklisted him. Looking at the red exclamation mark on the phone screen, Xing Wudi was dumbfounded. Hence, he could only put his phone by his ear with a cold face.

Xie Jiuhan's voice sounded. "By the way, I've already told you about the original virus strain. You're a smart person, you should know what to do next, right? It's best not to let Qingqing know about this."

However, Xing Wudi said, "I also have something to tell you. That batch of goods is only a semi-finished product. There's also some fuel in it, and that fuel has undergone special treatment. If those old fellows from the Xia Academy of Science don't finish what they should do in a month, the fuel inside will lose its effect. Therefore, if you don't speed up the process, it's equivalent to you spending a huge sum of money to buy a bunch of trash. Don't blame me for not reminding you."

Upon hearing this, Xie Jiuhan's voice was filled with confidence. "Master Xing, you're underestimating the people of Xia country."

After Xing Wudi hung up the phone, Xie Jiuhan cleared the call history. He leaned against the head of the bed and tapped on the laptop on his lap. Soon, he entered the Internet.

...

Feng Qing wandered outside for a while and felt that the man should have calmed down enough, so she prepared to return to the villa. However, when she passed by the garden, she heard a commotion.

Bang! Xie Shihao fell into a low bush. His clothes were instantly torn in many places. He frowned and crawled up from the bush. He looked like he was staggering, obviously injured.
