

The Wife I Picked Up Is Too Chapter Chapter 861

Chapter 861: I Used to Be Very Powerful

Although Feng Qing was angry, there was a smile on her face the entire time. Moreover, her voice was sweet and soft, making people feel that if they didn't do as she said, they would be bullying her.

When they heard that Feng Qing was going back to report to Xie Jiuhan, the hearts of the young men from the Xie family tightened. The name Xie Jiuhan was like a huge rock pressing on their hearts. Their rationality kept telling them to do as Feng Qing said, but their pride told them not to admit defeat so easily. However, their pride still lost to their rationality. All of them couldn't help but start moving. How could they say no to such a delicate Young Madam's order even if it was a punishment? Moreover, they could not bear Feng Qing's attitude. It was as if they were collectively bullying Feng Qing if they didn't do as she said.

Most importantly, they had heard a lot of news about Feng Qing, especially the story of how Xie Jiuhan had hidden his lover in a golden house and doted on this woman. Even when they got off the plane yesterday, Xie Jiuhan had personally carried Feng Qing down. A trophy wife protected by Ninth Master was definitely not someone they could offend easily. Otherwise, they would definitely not have a good time. Due to the pressure brought by Xie Jiuhan, Xie Long and the rest ran towards the field. Soon, slogans sounded.

"I was wrong. I won't fight privately anymore. I won't dare to do it again!" Xie Long and the rest shouted as they ran. Feng Qing and Xie Shihao, who were standing afar, smiled at each other.

"Hehe, this is too cool," Xie Shihao said excitedly.

The next second, Feng Qing hit the back of Xie Shihao's head. Xie Shihao screamed in pain and hurriedly rubbed his head as he turned to look at Feng Qing with a pitiful look.

Feng Qing said unhappily, "Alright, stop pretending. It won't hurt you to death. Hurry up and enter the villa. I'll find a medical box to treat your wound."

Xie Shihao asked curiously, "Little Aunt, you've studied medicine before? How long has it been?"

Feng Qing replied without turning her head, "Three to four years."

Xie Shihao was shocked. "Three to four years?!"

Seeing his mouth open wide, looking like he could swallow an elephant in one bite, Feng Qing not only raised her eyebrows, "What's wrong?"

Xie Shihao looked at her as if he was looking at a monster. "Little Aunt, is that true? You learned the Limitless Acupuncture Technique in such a short time?"

Upon hearing this, Feng Qing said in surprise, “Is the Limitless Acupuncture Technique very difficult?”

Xie Shihao smiled bitterly. “Little Aunt, don’t tease me. You should know very well that there are less than five people in the entire Xia country who can do this!”

Feng Qing smiled. She naturally knew this because apart from her, one of the five people was her ‘good disciple’, Hua Pianshan. At that time, in order to learn this suturing method, Hua Pianshan had pestered her for a long time.

Xie Shihao followed Feng Qing into the living room and she let Xie Shihao sit on the sofa. Feng Qing instructed the servants to bring the emergency medical box over and skillfully cleaned Xie Shihao’s wounds. From time to time, Xie Shihao would grimace in pain.

As Feng Qing cleaned his wound, she said, “Xiao Hao, you’re always last in the Sacred Island assessment every year. Don’t you want to work harder?”

Xie Shihao said with a bitter face, “Little Aunt, are you looking down on me too? You think I’m too weak.”

Feng Qing didn’t stand on ceremony either. “It’s not that I look down on you, but you don’t even have the ability to protect yourself. Moreover, your skills can’t be compared to those people from the Xie family’s collateral branch. You’re really too weak.”

Xie Shihao looked at her pitifully. He looked like he was about to be abandoned the next second. “Little Aunt, you don’t know. I was very powerful in the past, especially when I was young. No one could beat me.”

Feng Qing didn’t say anything, as if she was waiting for him to continue. Xie Shihao sighed and said, “When I was eleven years old, I participated in the Sacred Island examination for the first time in my life. Moreover, I defeated all the contestants and won first place!”

Hearing this, Feng Qing asked curiously, “First place? Then what are you doing now?”

Xie Shihao smiled bitterly and said, “I remember it very clearly. Back then, after I won first place, I was beaten up by my mother the moment I got off the podium. She said that my performance disappointed her. Because I was too competitive in the competition, my brother was forced to deliberately lose to me at the last moment. It was also because of this that my brother didn’t obtain the best resources given by the Xie Corporation. My talent and ability are far inferior to my brother’s. It was because of my competitive spirit that he lost his precious chance.”
