

## The Wife I Picked Up Is Too Chapter Chapter 867

Chapter 867: I Will Definitely Be Responsible to Young Master

At the thought of this, Feng Qing's clean and clear eyes widened. She turned around and asked Little Wu, who was wearing a white man's suit, who was standing by the door, "Didn't I ask you to secretly protect him? Who did that to Xiao Hao? Or did you not protect Xiao Hao well?"

When Feng Qing went out to look for Xie Jiuhan, she specially left Little Wu behind to protect Xie Shihao so that he wouldn't be injured before the assessment.

Hearing Feng Qing's question, Little Wu lowered her head in guilt. "I'm sorry, Madam Qingqing. I didn't protect Young Master well. I swear to Young Madam that I will definitely learn from this experience. In the future, regardless of whether Young Master is bathing or using the toilet, I will protect him closely and not let him suffer any injuries."

Speaking up to this point, Little Wu raised her head and looked at Feng Qing seriously. "From tonight onwards, I will always protect Young Master closely. I will stick to his bed and watch over him 24 hours a day, in case Young Master gets injured when he turns over and falls to the ground."

Little Wu was a very motivated person. Moreover, up until now, as long as it was a mission assigned to her, there had never been a record of failure. Therefore, she couldn't accept that she would fail such a small mission because it was an insult to her. She had already decided that from tonight onwards, she would follow Xie Shihao closely and not let anything happen to him again. She would firmly complete the mission Feng Qing had given her and take care of Xie Shihao until he completely recovered.

However, after hearing her words, Xie Shihao, who was lying on the bed, was dumbfounded. He hurriedly shouted in a panic, "No, I don't want you to protect me. Little Aunt, quickly order her to leave my room. She was the one who saw me naked when I fell. Moreover, she deliberately touched me, touched me there..."

Feng Qing's eyes widened as she looked at Little Wu in disbelief. Xie Shihao's words were really shocking. Hence, she hurriedly walked to Little Wu and asked, "Little Wu, what's going on?"

Xie Shihao's eyes turned red again. He pulled the blanket up tightly and said, "I'm no longer pure. I've been chaste for so many years, but I've actually been tainted."

Little Wu replied respectfully, "Madam Qingqing, don't worry. I will definitely be responsible for Young Master."

The moment that was said, Xie Shihao, who was lying on the bed, exploded. If he was still in pain now, he would have jumped to the ceiling. He pointed at Little Wu and shouted, "Responsible your head. Little Wu, you did it on purpose. Oh, I understand. Don't tell me you like me? So you took the opportunity when I was injured to attack me. Not only did you embarrass me in front of so many people, but you also shamelessly said that you wanted to be responsible to me. What responsibility can you bear for me?"

The more Xie Shihao spoke, the angrier he became. The more he spoke, the more humiliated he felt. In the end, he smashed the pillow a few times to express his anger. However, even though he had

said so much, Little Wu's face was expressionless. Other than her expression when she was facing Feng Qing, she would always have a poker face even when she was facing Xie Jiuhan.

"Young Madam, don't worry. Little Wu will definitely be responsible for Young Master's... lower body." Little Wu said with difficulty. She didn't know how to organize her words.

Xie Shihao : "???"

Xie Qi and the others : "..."

Little Wu's words were too fierce, so much so that Xie Qi and the other bodyguards gave her a thumbs up. This was what it meant to be valiant and awesome!

"You, you... shameless!" Xie Shihao pointed at Little Wu. He was so angry that all his muscles were trembling. Unfortunately, he couldn't get up from the bed at all. In the end, he buried his face in the pillow in anger. He hated himself so much that he wanted to suffocate. It was too f\*cking embarrassing.

Seeing this scene, Feng Qing didn't know much either. In the end, she pulled Little Wu aside and asked in detail. Then, she understood. It turned out that Xie Shihao fell and was injured when he was bathing. Then, Little Wu carried him and massaged him.

Feng Qing came to the bed and lifted a corner of the blanket to check Xie Shihao's injured ankle. After observing for a while, she said, "Yes, Little Wu adjusted your bones. However, your foot is already swollen like a pig's feet. It will take at least a week for you to walk."

After her examination, she found that Little Wu had treated Xie Shihao very well. However, his ankle and lumbar vertebrae had all been injured in his bones and joints. It wouldn't be completely healed in a day or two. He could only lie on the bed and recuperate slowly. Otherwise, if he insisted on walking around, it would be very easy to cause aftereffects. If it became aftereffects, it would be impossible to completely cure him in the future.
