

## The Wife I Picked Up Is Too Chapter Chapter 876

### Chapter 876: A Bad Team

If Xie Shihao insisted on joining this group, Xie Ruoyun could only look for the people from the logistics department. Xie Ruoyun naturally didn't want to be associated with the logistics department. This time, she had to enter the top ten in the assessment competition. It would be even better if she could enter the top five because she had already removed the virus's sequence. As long as she performed better in the Sacred Island assessment, she would naturally obtain Xie Jiuhan's attention. Perhaps she could leave the Sacred Island and enter Xie Jiuhan's faction in the Capital.

"Young Master Shihao, although Xie Ba and Xie Si treat me very well and hope that I can join their team, if you want to join, I will still..." Xie Ruoyun said.

"Will what? Will you take the initiative to withdraw and give me a chance?" Without waiting for her to finish, Xie Shihao's voice sounded and interrupted Xie Ruoyun.

Upon hearing this, Xie Ruoyun didn't say anything. However, her eyes and expression had already given an affirmative answer. Seeing her like this, Xie Shihao snorted coldly and said, "Then withdraw. Go over there and team up with the people from the logistics department."

Xie Ruoyun: "???"

Xie Ruoyun frowned. Xie Shihao's answer was unexpected and beyond her expectations. Xie Shihao was a man, so why wasn't he gentlemanly at all? How could he brazenly and arrogantly occupy

her spot? She had said those words very sincerely just now, but her heart was actually the opposite. She wanted to play hard to get and make Xie Shihao feel embarrassed as a man. Then, he would take the initiative to give up the spot. However, Xie Shihao's answer stunned her.

"What are you waiting for? Hurry up and team up with the people from the logistics department. The assessment is about to start." Xie Shihao urged with a faint smile.

"I, I..." Xie Ruoyun was instantly at a loss for words. This slightly handsome and tall young man actually made her completely embarrassed.

After stammering for a long time, Xie Ruoyun still couldn't say anything in the end. She was the one who had said the pleasant words and wanted to give up the spot. Now that he wanted her to leave, she naturally couldn't refute anything. She could only grit her teeth and say, "Then, then I..."

Before she could finish, Xie Shihao interrupted her. "Alright, since Xie Ba and Xie Si don't like me so much, I won't embarrass myself here. Stay behind and team up with them. I'll go over there to look for the people from the logistics department. The so-called team competition is about unity, cooperation, and overall strength, not personal strength. If you lack these, no matter how strong you are, you won't have any good results."

Xie Shihao glanced at everyone with a faint smile. Then, he walked towards the logistics department with his hands behind his back. Looking at Xie Shihao's back that was gradually disappearing, Little Wu subconsciously followed.

“Young Master, wait for me. I want to team up with you and the people from the Logistics Department,” Little Wu shouted.

With that, Little Wu chased after him. Actually, she didn’t know what she was thinking. She just felt that if Xie Shihao went over, she should follow closely.

Seeing this scene, Xie Ba was stunned at first. Then, he hurriedly came back to his senses and said, “Little Wu, what are you doing? If you leave, our team will have one less person.”

Little Wu turned around and looked at them. “Don’t worry, I’ll find someone with decent skills from the logistics department to team up with you.”

Upon hearing this, Xie Ba gritted his teeth hard. Originally, with the three of them, Little Wu, and Xie Ruoyun, such a team would definitely be able to win the first place in the team competition. However, Little Wu had actually followed Xie Shihao to team up with the people from the logistics department. Moreover, because they were short of one person, a useless person from the logistics department had to join their team. Instantly, he didn’t have much confidence in getting first place. It wasn’t that he didn’t have confidence in himself, but he didn’t have much confidence in the people from the logistics department.

Xie Ruoyun’s expression also turned ugly. She was very clear about Little Wu’s strength. Now that Little Wu had left and the service personnel in the logistics department wanted to enter their team, she felt that their team’s strength had instantly been reduced by a lot. Moreover, Little Wu had naturally become their enemy.

“She’s still too naive! In the past, I always thought that Little Wu was a pure and innocent person. Even in the flowery world in the Capital, she could maintain her original heart and persevere. However, her performance today was too shocking. She actually protected Young Master Shihao so much.” Xie Ruoyun evaluated with a look of pity.
