

The Wife I Picked Up Is Too Chapter Chapter 879

Chapter 879: Another Me

At the same time, the man sitting on the high chair narrowed his black eyes. When he saw Xie Shihao, who was carrying 250 pounds and was still running forward, his lips curled up.

Xie Yuhuan also stood up. She looked at the huge screen in the sky above the field and then looked at the field carefully. Her well-maintained old face was filled with disbelief. "This-this person is Xiao Hao? He's running with that fatty?"

Hearing this question, Xie Qi smiled bitterly. If he hadn't seen it with his own eyes, he wouldn't have believed what he was seeing even if he was beaten to death. Hence, he replied, "Old Madam, you didn't see wrongly. That person is really Young Master. He's the one running while carrying that fatty."

...

Just as everyone was shocked, in the manor on the other end of the Sacred Island, Xie Shihao was leaning against the head of the bed. He was eating all sorts of tropical fruits and watching the real-time broadcast on his laptop. When the high-definition moving camera captured the man running while carrying the fatty, Xie Shihao instantly coughed violently. Sweet mango meat sprayed everywhere.

"D*mn! What's going on?! Am I having a fever, so I'm hallucinating? Otherwise, how could I see myself participating in the assessment?" Xie Shihao shouted as he wiped his mouth with a piece of tissue. However, when he touched his head and realized that everything was normal, he rubbed his eyes

and looked again. In the end, the person on the screen still looked exactly like him. Xie Shihao was completely dumbfounded. If the person taking the assessment was Xie Shihao, who was he?

After being stunned for a while, Xie Shihao hurriedly picked up his phone and called Gu Qingye. It was six in the morning and Gu Qingye usually exercised on the treadmill at home.

In the Gu family's residence in the Capital.

Looking at the phone that was ringing non-stop, Gu Qingye's face was expressionless. He hated being disturbed when he was exercising the most. Even if the person who called was Xie Shihao, he didn't want to answer the phone. However, Xie Shihao called one after another, making him finally jump off the treadmill. Then, he picked up the phone fiercely.

Xie Shihao's voice sounded. "Qingye, Qingye, hey, hey!"

Gu Qingye shouted with a black face, "Lower your voice. I'm not deaf. If you have something to say, say it quickly!"

Xie Shihao's voice was filled with shock. "Qingye, do you believe that there are two identical leaves in this world?"

Gu Qingye frowned and said impatiently, "What do you mean? What kind of leaves?"

On the other end of the phone, Xie Shihao forced his breathing to calm down and said, "Do you know? I'm watching the live broadcast of the Sacred Island assessment, and I'm recuperating in my room. But there's another me. There's someone who looks exactly like me. He's actually participating in the assessment."

With that, Xie Shihao said in horror, "Qingye, do you think I'm going to die?"

Gu Qingye frowned even more. "Why?"

Xie Shihao explained, "Haven't you seen those sci-fi movies? It means that if two people meet in the same space and time, the person in the original space and time will disappear. This means that the person in this space and time will be completely replaced and die. This is roughly what it means. Do you understand?"

Hearing this, Gu Qingye was speechless. "I understand, you must be crazy."

Xie Shihao continued, "You-you have to believe me. I really saw myself in the broadcast. He looks exactly like me. This feeling is too terrifying. Just the thought of it makes my hair stand on end."

Gu Qingye thought that Xie Shihao was being silly, so he said impatiently, "Then tell me, what's the other person like?"

Xie Shihao's voice was filled with disbelief as he said, "The other me is undergoing the team competition on the training ground. Moreover, he's very powerful. Not only is he able to run very quickly on his own, but he can also carry a fatty who's at least 200 pounds for the assessment. I know that fatty. In the past, the two of us were alone in the team. Looking at his waist, he should have gained a lot of weight last year. Most importantly, the other me has already carried the fatty and jumped over twenty obstacles."

At this point, Xie Shihao swallowed his saliva and said in a terrified voice, "Qingye, I'm probably going to die. According to the laws of the universe, there can't be two identical leaves at the same time, let alone two identical people. Qingye, before I die, I have a wish that I need your help with."

Gu Qingye said impatiently, "Speak!"
