

## The Wife I Picked Up Is Too Chapter Chapter 883

### Chapter 883: First Place

Bang! A particularly tragic bloody mark was left on the obstacle. Little Wu was too flustered when she ran and directly knocked away a few obstacles.

Little Wu's actions immediately attracted the attention of many people. The competition had clearly ended, so why was Little Wu still charging around the field like a fly? Why was she crossing all sorts of obstacles again?

"Little Wu, what are you doing? The competition is over!" The chief referee shouted in confusion.

However, Little Wu rushed out of the track and ran to the female toilet in the rest area like a gust of wind. She couldn't answer the referee because she didn't know what was wrong with her. She actually felt Feng Qing's aura from Xie Shihao.

When 'Xie Shihao' hugged her, Xie Shihao's face gradually overlapped with Feng Qing's face in her mind.

Little Wu was stunned for a moment before she slapped her mouth. "Damn it, how can I do such an insulting thing to Madam Qingqing?"

In her eyes, Xie Shihao was a useless person. He was a profligate son who lived a carefree life and waited for death. Someone like Xie Shihao couldn't be compared to Madam Qingqing.

When the female doctor was going to the female toilet, she saw Little Wu shouting, "Madam Qingqing, I'm sorry!" She hammered her head against the glass on the wall, not caring about the blood on her face.

The female doctor : "..."

...

When 'Xie Shihao' saw that a female doctor had also entered the female toilet, he heaved a sigh of relief. At this moment, the fatty, who had yet to get up from the ground, shouted in disbelief, "D\*mn, is that true? Young Master, our team actually... actually got first place? How is that possible?!"

'Xie Shihao' looked at Fatty and said, "Why not? Isn't it written there?"

Even though he received an affirmative answer, the fatty still said in disbelief, "Do you think the ranking method this year has changed and used the reverse ranking?"

Upon hearing this, Feng Qing smiled bitterly in her heart. She walked to the fatty and squatted down. She raised her hand and pointed at the huge screen above the training ground. “The ranking method hasn’t changed. The huge screen says very clearly that our team used the least time, ten seconds less than the second place, so we’re first!”

The fatty and the dwarf looked at each other in disbelief. Then, they shouted, “We’re first, we’re first. It’s actually true.”

There was even a hint of tears in their voices. Getting first place was simply like a dream to them. Not to mention others, even they themselves did not believe it.

“Fatty, Fatty, did you see that? I, we’re really first. I never thought that I would win first place in the trial.”

“Young Master, you actually relied on your own strength to bring us to first place. It turns out that it’s not that we’re useless, but we did not find the right backer. If we find the right backer, we can also take off.”

“I’ve never gotten first place in my life. I didn’t expect it to be realized today. Doesn’t that mean I have to fulfill my promise and start losing weight?”

As the fatty and the dwarf spoke, they suddenly wailed. Feng Qing squatted beside them and raised her hand to rub their heads gently, giving them comfort.

Suddenly, her gaze landed on the podium. On the red chair, Xie Jiuhan was sitting high up. Then, he had an idea and ran all the way to the podium. He gestured at Xie Jiuhan and said, "Little Uncle, Little Uncle, isn't your little cutie very outstanding? I got first place~"

She knew Xie Shihao too well. If Xie Shihao really got first place, he would definitely be even more exaggerated than she is now. Therefore, she had to be dutiful and act as Xie Shihao flawlessly so that no one would suspect anything.

Xie Jiuhan, who was sitting on the high platform, had a dark expression on his face. His Adam's apple bobbed. Xie Yuhuan, who was beside him, said with a puzzled expression, "What's going on? Why did Xiao Hao become so powerful? Did he inject some stimulant or something?"

The corners of Xie Shihao's mouth twitched slightly. "There's never been a rule that forbids the use of stimulants in the Sacred Island assessment. If your body can take it, it's the same if you rely on stimulants to become a strong person."
