

The Wife I Picked Up Is Too Chapter Chapter 887

Listening to the man's arrogant and domineering words, Feng Qing looked at the man with clear and transparent eyes. Feng Qing could only use her energy on him. Feng Qing pushed Xie Jiuhan's chest. "Let's talk about this after the competition. Anyway, there's no rush."

The individual competition was about to start. Feng Qing put away her thoughts of playing with Xie Jiuhan and was anxious to go out and participate in the competition. Just as she pushed open the wooden door in the cubicle, she saw a row of people standing against the wall and 'paying the water bill'. Feng Qing was shocked and hurriedly covered her face with her hand to walk out. Her face had an expression that said, "I didn't see anything."

Hearing a sound behind them, Xie Long and Xie Hu turned around and saw 'Xie Shihao' walking past them with his face covered. Then, they saw Xie Jiuhan walking out of the cubicle. This scene instantly made the few people who were peeing pee on their pants.

However, they did not dare to ask anything in front of Xie Jiuhan. Xie Jiuhan covered Feng Qing's eyes and brought her out. After they left the bathroom, he released Feng Qing. Feng Qing could not help but roll her eyes at him and say unhappily, "Let's see if you still dare to bring me to such a place in the future."

Xie Jiuhan said in a naughty voice, "Next time, I'll bring you to the female toilet."

Feng Qing: "???"

There were people around her. She resisted the urge to step on Xie Jiuhan. However, Xie Long and Xie Hu were still behind her. She couldn't do anything that would arouse suspicion.

"What's going on with Xie Shihao? Could it be that he really has that kind of relationship with Ninth Master?" Xie Hu was shocked. He stood at the bathroom door as if he was petrified.

Regarding how Xie Shihao was doted on by Xie Jiuhan, it had always been a rumor in the entire Xie Corporation. Moreover, it had been spreading for many years. In the past, he was still skeptical about this matter, but today, he witnessed it with his own eyes.

The short Xie He scolded, "Bah! What is this? It's so freaking disgusting."

"Hmph, in my opinion, Xie Shihao must have taken or injected some kind of human enhancement agent before the competition, but it can only strengthen his physical fitness and ability. As for combat skills and combat experience, it's not something that can be improved by enhancement agents," said the person called Xie Hao.

Xie Hu looked at Xie Long beside him and said, "It's the individual competition later. Do you want to fight him alone?"

Xie Long snorted coldly and said, "Of course. Our young master got first place in the team competition just now. As long as we beat him in the individual competition, we can get at least 60 points."

--

According to the rules, the combat competition in the individual competition was arranged to be held in the boxing hall beside the training ground. Everyone went to the boxing hall in an orderly manner to watch the competition. Xie Yuhuan naturally walked in and realized that the seat Xie Qi had arranged for her was still not the main seat. The seat on Xie Jiuhan's right was naturally empty.

Xie Yuhuan frowned and said, "It's fine if Qingqing didn't want to come because she was afraid of the sun on the training ground outside, but the central air conditioner is on in this boxing hall. In such a cool environment, can't Qingqing come to watch the competition? Even if she's not feeling well, as the madam of the Xie family and the first lady of the Xie Corporation, she should come out and meet everyone, right? The assessment is the most important event in the Xie family every year. She's already here on the Sacred Island, yet she isn't willing to attend the assessment. How can this be?"

Xie Qi smiled and replied, "Old Madam, your current expression is like a vicious mother-in-law who spends all her time finding trouble with her daughter-in-law."

Xie Yuhuan froze and her face turned cold. "How dare you! What did you say?!"

As the only elder in the Xie family who was recognized by Xie Jiuhan, and as the famous 'Little Aunt Xie' in the pugilistic world, Xie Yuhuan cared about her reputation the most. How could she accept Xie Qi saying this to her? Moreover, how did she become a vicious mother-in-law?

"Old Madam clearly heard it. Do you want me to say it again?" Xie Qi still had a smile on his face.

"Xie Qi, looks like I didn't slap you hard enough last time and made you forget so quickly." Xie Yuhuan gritted her teeth.

"Ninth Master has already said just now that he didn't bring Madam Qingqing to the Sacred Island to let her show her face and watch the assessment. He mainly wanted Young Madam to come here to recuperate. Moreover, Young Madam is indeed not feeling well. So what if she doesn't come to watch the competition? As her aunt, shouldn't you be more understanding of her? Why do you have to let her attend?" Xie Qi retorted on the spot. Without Xie Yuhuan's reminder, he knew better than anyone how badly he had been slapped last time. As the saying goes, a man can be killed but not humiliated. Of course, he would never forget.
