

## The Wife I Picked Up Is Too Chapter Chapter 893

Without waiting for everyone to regain their senses, Xie Ba, who had just rushed over, was actually sent flying twice as fast as before. Xie Ba flew into the air, and it felt like someone was pulling him back with a rope. Everyone thought that Xie Ba had underestimated his opponent when he fought Xie Shihao, so he was sent flying by Xie Shihao. However, the scene of Xie Ba flying out was repeated in front of them.

Xie Ba rolled off the stage and his back hit the ground heavily. An intense pain spread from his chest and back to his entire body. Xie Ba's face instantly turned pale, and a trace of blood flowed out of the corners of his mouth. However, Xie Ba couldn't care less about his injuries now. Instead, his eyes were filled with shock as he glared at 'Xie Shihao', who was still playing games on the stage. He had seen very clearly that 'Xie Shihao' had attacked too quickly, so fast that it had completely exceeded his reaction speed. It was so fast that it had completely exceeded the reaction speed of a human body. In other words, when he reacted, he was already outside the stage. If not for the sharp pain in his body, Xie Ba would have thought that he was dreaming.

In the audience, Xie Qi couldn't help but cheer and clap. "D\*mn! Young Master is mighty. Young Master is awesome. Young Master's punch is too cool!"

The corners of Xie Jiuhan's mouth curled up as he said in a low voice, "Are you sure it's just one punch?"

Xie Qi nodded at first, then said unconfidently, "Yes, it should be. It was a punch. I saw Young Master send Xie Ba flying with a punch."

Xie Jiuhan snorted coldly. “But what if I say it was three punches and a kick?”

Xie Qi : “???”

He only saw Xie Shihao punch once. Moreover, it was already very fast to punch once in such a short period of time. How could it be three punches and a flying kick? If Xie Jiuhan hadn't said this, he probably wouldn't have believed it even if he was beaten to death. However, in order to confirm what Xie Jiuhan had said, Xie Qi still walked straight to a camera on the side of the stage.

The high-definition cameras now had the ability to replay in slow motion. The chief referee also walked to the camera, as if he was confirming the competition just now. Because 'Xie Shihao' had brought his phone to the ring, they wanted to confirm if 'Xie Shihao' had violated the rules of the competition. For example, whether the phone contained high-voltage electricity and flew out the moment Xie Ba came into contact with him. Other than the explanation of high-voltage electricity, they couldn't find any other reason.

In order to be fair, after the discussion of the referee team, they finally projected the scene on the LED screen in the boxing hall. Moreover, the scene was slowed down by the cameraman by twenty times. The entire video was almost changing frame by frame. The competition had ended too quickly just now, so the referees did not see how Xie Shihao made his move. Therefore, everyone wanted to see what had happened.

However, even though they slowed down by twenty times, no one could see any problems. They could see where Xie Shihao's punch landed. In order to see it completely, the cameraman slowed down the video by thirty times. Only then did everyone see what had happened. It turned out that it was really as Xie Jiuhan had said just now. Xie Shihao had really thrown three punches and a flying kick. However, the speed was too fast, so fast that they could barely see it after slowing down by thirty times.

The slow-motion camera on the LED screen showed that Xie Shihao had indeed moved just now. Moreover, he had not just moved. He had attacked Xie Ba a total of four times. Three punches were on Xie Ba's abdomen and chest. That kick landed on Xie Ba's shoulder. Then, Xie Ba flew out of the ring.

Seeing this scene, the entire boxing hall instantly fell silent. Everyone was dumbfounded as they watched the video on the screen replay again and again. It couldn't be helped. This scene was too shocking, so shocking that it broke everyone's worldview.

"D\*mn! What's going on? Young Master didn't punch once just now, but he punched three times and kicked him!"

"Oh my god, am I blind? When I was watching the competition just now, I only saw Xie Shihao block Xie Ba's punch with one hand."

"Is there a possibility that this video is fake? He attacked so quickly. Is he still human? No wonder the lines in the movies always say that speed is the only thing that can't be broken. Who can resist such an unbelievable attack speed?"

Xie Ba, who was helped up, looked at the scene in the LED. The expression on his face changed rapidly. It alternated between green and white. His black pupils trembled violently.
