

## The Wife I Picked Up Is Too Chapter Chapter 895

### Chapter 895: Sacred Island Rules

As Xie Yuhuan spoke, she crossed her arms in front of her chest, looking like she was saying, "I'm the madam of the Xie family." She felt very satisfied after exposing the fake Xie Shihao on the spot. With Xie Jiuhan around, she didn't dare to attack Feng Qing, but it didn't mean that she didn't dare to touch a mere Xie Shihao.

In her opinion, the terrifying Xie Shihao on the stage was definitely hired by the real Xie Shihao at a high price from outside to make himself famous in the Sacred Island assessment. Only this could explain why that useless young master had suddenly become so powerful. If not for this, how could Xie Shihao have disrupted her plans alone? Not only did he occupy the first place in the team competition, but he also made a few of her capable people fail to enter the top ten in the team competition. As a result, she had lost the chance to compete for an important position in the Xie Corporation. This was something she couldn't accept, so she naturally had to find trouble with Xie Shihao.

Most importantly, she wanted to suppress Xie Shihao, just like how Xie Jiuhan had suppressed her trusted aides in the Xie Corporation. She wanted to let Xie Jiuhan know that he was not the only one who has the final say in the Xie Corporation. Don't forget that there was still her, this 'Little Aunt Xie'.

Xie Yuhuan raised her voice and said, "Xie Shihao, you're injured, but you're unwilling to give up on the assessment of this year's Sacred Island. This kind of strong and unyielding will is worthy of praise, but you hired experts to infiltrate the Sacred Island and pretend to be you to participate in the assessment for the sake of your reputation. You've already violated the rules of the Sacred Island by doing this. As a member of the Xie family, you've been influenced since you were young. You should know the importance of the Sacred Island assessment to the entire Xie family."

Upon hearing this, Xie Long, who was resting in the corner, jumped up as if someone had stepped on his tail. He pointed at Xie Shihao on the stretcher and scolded, "F\*ck you, Xie Shihao. You actually f\*cking found someone to take the examination!"

Before he could finish his sentence, Xie Hu's voice sounded. "Chief referee and assistant referees, Xie Shihao publicly violated the rules of the Sacred Island's examination and asked someone to take the examination in his stead. This is the first time such a thing has happened on the entire Sacred Island. He must be severely punished!"

With that, Xie Hu turned to look at Xie Jiuhan and Xie Yuhuan. He said angrily, "Ninth Master, Old Madam, please uphold justice for us. You must let the impostor and Xie Shihao receive the punishment they deserve. According to the rules of the Sacred Island, Xie Shihao should be exiled. Only then can you convince the public."

The moment that was said, it reminded everyone. Many people started to shout that they wanted to punish Xie Shihao, especially Xie Long, Xie Ba, and the rest.

"Exile Xie Shihao so as to uphold justice!"

"Let Xie Shihao and the impostor be judged by the Sacred Island's Ministry of Justice. Chop the impostor into pieces and feed him to the fish."

"The ancestors of the Xie family have long stipulated that unless one is sworn to the Xie family, unless they are a member of the Xie family's collateral branch, they are not allowed to take half a step

into the Sacred Island. This person first stepped into the Sacred Island without permission, then pretended to be Xie Shihao to participate in the assessment. He even injured our people in the competition. Everyone, attack together. We must arrest this person!”

It was unknown who shouted, but the entire boxing hall trembled. Everyone rushed towards ‘Xie Shihao’ in the ring. At that moment, facing the foreign enemy, be it the Xie Corporation’s loyalists or the people from the Xie Corporation’s collateral families, they all put down their prejudices and joined forces. They all erupted in battle cries. No matter how many reasons Xie Shihao had, he had completely angered everyone this time.

Seeing this scene, Xie Yuhuan sneered and said, “Everyone, listen up. Capture the person who invaded the Sacred Island immediately.”

The next second, the few black-clothed bodyguards who were standing behind Xie Yuhuan also rushed out. Those who were watching no longer hesitated and followed them down the stage. Xie Yuhuan stood in the stands, her yellow eyes fixed on ‘Xie Shihao’ on the stage. She wanted to see if Xie Shihao was really so powerful that he could fight a hundred people alone!

However, in order to show off her status, Xie Yuhuan looked at Xie Shihao on the stage and said coldly, “No matter who you are, if you dare to resist, I’ll kill you without mercy!”

Her subordinates pulled out their guns and aimed them at ‘Xie Shihao’ who was standing on the stage. Seeing this, Xie Shihao couldn’t help but smile. His eyes were filled with bloodlust.

However, just as she looked at Xie Jiuhan from the corner of her eye, her expression froze. She didn't know when, but Xie Jiuhan had actually left without anyone noticing. She didn't notice at all.
