

The Wife I Picked Up Is Too Chapter Chapter 898

Chapter 898: Censure in Public

Xie Yuhuan tried her best to suppress the shock in her heart and said with a trembling voice, “Qingqing, why did you pretend to be Xiao Hao and take the assessment for him?”

Upon hearing this question, Feng Qing blinked her large eyes and replied innocently and romantically, “It’s nothing. I just thought it was fun, so I came over to play.”

Xie Yuhuan : “ ...”

Everyone : “ ...”

Feng Qing smiled and said, “This is the first time I’ve come to the Sacred Island, and I happened to be in time for the annual assessment on the Sacred Island. I’m very curious about this. Moreover, as the First Lady of the Xie Corporation and the madam of the Xie family, I also want to quickly integrate into the big family of the Xie family and play with everyone. Therefore, I thought of this method and pretended to be Xiao Hao to participate in the assessment when he was injured.”

With that, Feng Qing blinked her bright eyes and smiled gently at everyone, instantly making them feel like they were bathing in a spring breeze.

“In the team competition, we worked together. In the individual competition, I sparred with everyone. Let me ask you, what other way can I integrate with everyone faster than this? Moreover, I fully understand everyone’s strength through the competition. It turns out that there’s actually no one who can fight on the entire Sacred Island.” Feng Qing continued.

Everyone : “...”

In Feng Qing’s eyes, none of them could fight, but in their eyes, their faces were already swollen from the slap. They really wanted to know now which idiot was spreading the rumors. Who actually dared to say that Young Madam was weak and sickly? Which stinky idiot said that Young Madam was a trophy wife? Now, everyone has been slapped in the face. No wonder Feng Qing was mocking them now.

Xie Yuhuan came back to her senses and scolded coldly, “Jiuhan, no matter what the reason is, Qingqing broke the rules of the Sacred Island. She disrupted the competition because of her appearance.”

“Little Aunt, what do you mean? Am I not considered a member of the Xie family?” Feng Qing couldn’t help but ask.

“I-I don’t mean that. Since you’ve registered your marriage with Jiuhan, you’re naturally the madam of the Xie family, who is also a member of my Xie family.” Xie Yuhuan was forced to admit the identity of Feng Qing. Although Feng Qing wasn’t worthy of it in her heart, she could only say this unwillingly.

“Since I’m a member of the Xie family, why can’t I participate in the examination on the Sacred Island? Besides, hasn’t the Sacred Island always been judged by strength?” Feng Qing said.

“Qingqing, what I mean is, as the First Lady of the Xie Corporation and the madam of the Xie family, you have to know how to be gentle and virtuous. Your actions have to be dignified and magnanimous. You should accompany Jiuhan steadily and properly in these kinds of events. Moreover, you’re already the First Lady of the Xie Corporation. So what if you participate in the assessment and get first place? What position do you need to seek?” Xie Yuhuan spoke non-stop, her words accusing Feng Qing.

Speaking up to this point, Xie Yuhuan looked around at the people around her and said again, “Moreover, because of your appearance, the competition was disrupted and you occupied the top rankings. As a result, many people who should have advanced lost this precious opportunity. Because of you, not only did they work hard for a year in vain, but they also have to wait for the assessment next year. If the people of my Xie Corporation are as willful as you, wouldn’t the Xie Corporation be finished sooner or later?!”

Although she did not say it explicitly, what she meant was that Feng Qing was not worthy of being the madam of the Xie Corporation. She had finally found a chance to suppress Feng Qing today, so she naturally would not let go of this good opportunity easily.

Before she could finish her sentence, Xie Ba knelt on one knee towards Feng Qing. However, Xie Yuhuan was still belittling and making things difficult for Feng Qing, completely not paying attention to the change in the situation on the scene. She had been unhappy with Feng Qing for a long time. Today, she would naturally take revenge on both new and old grudges. She wanted to scold Feng Qing fiercely in front of everyone and also use this to establish her prestige in front of everyone. She wanted to tell all the loyalists and members of the Xie family’s collateral families that she was the madam of the Xie family who should be respected the most!

“I’ve said so much, Qingqing. You should have realized your mistake, right? If you don’t change, how can you bear the title of the madam of the Xie family?!” Xie Yuhuan emphasized every word, as if she was afraid that others wouldn’t hear her.

The next second, she saw a scene that made her hair stand on end. All the loyalists and members of the Xie family’s collateral families actually knelt on one knee, and they were kneeling towards the arena.
