

The Wife I Picked Up Is Too Chapter Chapter 900

Chapter 900: According to the Xie Family's Rules

Feng Qing's emotions were also infected. She subconsciously raised her voice and said, "Very good, everyone, get up!"

The next second, hundreds of people moved in unison and stood up from the ground. Feng Qing raised her hand and pointed at Xie Yuhuan. "Everyone, listen to my command. Turn to the audience."

Swoosh! A uniform voice sounded again. The loyalists and the members of the Xie family turned around without hesitation.

Feng Qing said in a clear voice, "I want you to tell Little Aunt personally who you listen to?"

Everyone did not hesitate at all. They all stared at Xie Yuhuan in the audience and shouted, "We are all under Ninth Master and Young Madam."

Everyone shouted three times in a row. The high-pitched and deafening shout was like waves hitting the shore, causing the blood in their bodies to churn non-stop.

Feng Qing's large beautiful eyes overflowed with a flamboyant and cold glow. "Little Aunt, according to the Xie family's rules, you're offending your superiors by scolding me. Today, I'll tell you clearly that the

Xie Manor is my and Little Jiu Jiu's home. I'm the legitimate madam of the Xie Manor. Moreover, as the First Lady of the Xie Corporation, I have the right to participate in the Sacred Island assessment and personally test the strength of the loyalists and the collateral families. My results are not included in the rankings, it won't stop them from seeking corresponding positions with their results."

Speaking up to this point, Feng Qing took a deep breath and looked into Xie Yuhuan's eyes with bright eyes. "As for you, as an elder of the Xie family, not only are you not mature and steady, but you also make things difficult for me all the time. You even scolded me in public many times. Are you hoping that Little Jiu Jiu and I will divorce? If I remember correctly, according to the Xie family's rules, deliberately destroying the relationship between the family head and the madam is a serious crime!"

With that, Feng Qing shifted her gaze to Xie Qi and asked, "Xie Qi, tell me, on the Sacred Island, if someone tries to harm the relationship between the family head and the madam, how should they be dealt with?!"

Xie Qi bowed and said, "Young Madam, according to the Xie family's rules, anyone who dares to deliberately destroy the relationship between the head of the family and the madam should be sent to the Penal Department. Depending on the severity of the situation, they will be in confinement. In addition, the offender will be whipped a hundred times with canes that are made of thorns!"

Hearing this, Feng Qing nodded and said in a sweet voice, "Then how do you think she should be punished according to Little Aunt's words and actions just now?"

Finally, Xie Yuhuan couldn't remain calm anymore. She pointed at Feng Qing from afar and said angrily, "Qingqing, how dare you treat me like this? I..."

Without waiting for her to finish, Xie Qi's voice sounded. "Young Madam, Old Madam offended her superior and criticized you. She's disrespectful and is suspected of deliberately destroying Young Madam and Ninth Master's relationship. According to the Xie family's rules, she has to be locked up for at least seven days and be punished with a hundred lashes as a warning!"

Feng Qing nodded and turned to look at Xie Jiuhan. "Little Jiu Jiu, what do you think?"

The corners of Xie Jiuhan's mouth curled up as he said calmly, "Everything will be done according to the Xie family's rules."

Xie Yuhuan looked at Xie Jiuhan in disbelief. She couldn't believe that these words came from Xie Jiuhan. She was so angry that her voice trembled. "Jiuhan, how can you treat me like this? I'm your aunt!"

However, Xie Jiuhan ignored her words. Xie Qi waved his hand and a few bodyguards surrounded Xie Yuhuan. Xie Qi said with a fake smile, "Old Madam, I'm sorry."

"Ah! What are you doing? How dare you touch me? Do you know who I am?" Xie Yuhuan shouted in panic and struggled with all her might. This was the first time she had encountered such a thing, especially in front of the Xie family. An indescribable humiliation made her so depressed that she wanted to vomit blood.

Xie Yuhuan was forcefully dragged out by a few bodyguards. As she struggled, she shouted loudly. She was unwilling to end up like this. She couldn't accept the fact that she was sent to the Xie Corporation's Penal Department for punishment. In the past, she was the one who sent others to the Penal Department. She never thought that she would enter it one day.

"Jiuhan, how can you treat me like this? Have you forgotten who took care of you when you were young? Who fed you when you were about to starve to death? Who provided you with protection all the way to the position of the Xie Corporation's president?"

"Jiuhan, are you so heartless? I'm doing this for your own good. How could you mistake it for ill intent?"

"Jiuhan, you've really disappointed me. Can you really bear to send me to be punished for a woman? Do you still have a conscience..."
