

The Wife I Picked Up Is Too Chapter Chapter 908

Gu Qingye: "...Are you sure Little Wu did it for you?"

Actually, there was something else he hadn't said. He wanted to discuss it with Feng Qing in private and ask her to find a top-notch neurologist to treat Xie Shihao. He suspected that there might be something in Xie Shihao's head that affected his IQ.

Through the screen, Xie Shihao could also see Gu Qingye's expression, especially when he was looking at him as if he was an idiot. Xie Shihao held his phone and said unhappily, "Ah Ye, don't look at me like that. Others might not know, but don't you know? I've been liked by girls more than you since I was young. This is an indisputable fact, so Little Wu must be willing to stay in the Xie Manor because of me."

The two of them were considered childhood friends and had been studying in the same school since they were young. At that time, he was very liked by the girls. However, after he reached university, the world had changed. The girls actually started to like ice blocks like Gu Qingye, and a profligate like him, who was a little handsome, was not well-liked. This caused him to be single all along. Occasionally, he would meet a few girls who did not ostracize him, but they only treated him as their best friend.

Compared to him, Gu Qingye had the temperament of a domineering president. Wherever Gu Qingye was, there would usually be a group of infatuated girls hitting on him. In the past, a few girls had taken the initiative to look for Xie Shihao. At first, he thought that these girls had taken a fancy to him. In the end, after chatting for a while, he realized that these girls wanted to get to know Gu Qingye through him and ask for Gu Qingye's contact information. Xie Shihao was also very dissatisfied with this.

However, today, his lonely and sealed heart had finally been pried open by someone. The person who pried open his heart was Little Wu. It had been a long time since a girl had gotten close to him and confessed to him. Little Wu's initiative to him made him feel happy from the bottom of his heart. Since the little girl had already taken the initiative, he, as a man, naturally had no reason to say no. He naturally wouldn't embarrass Little Wu in front of so many people. Moreover, Little Wu had won the championship but was still willing to be Feng Qing's secret guard. Didn't this prove Little Wu's loyalty to Feng Qing? However, Xie Shihao didn't know that Little Wu's loyalty to Feng Qing made Xie Jiuhan very unhappy.

The Sacred Island assessment ended. Unlike before, it was unknown if this assessment was affected by Little Wu, but there were actually many people who were ranked very high and were quite good. They all gave up on choosing positions. Xie Jiuhan did not say anything about this.

"The competition is over. Let's go back," Xie Jiuhan said to the woman sitting on his lap. Then, he carried the woman and left the boxing hall. Seeing the couple leave, a few loyalists immediately stopped Little Wu. Little Wu wanted to go back with them, but she had no choice but to stop when she was stopped. She only frowned with displeasure.

Little Wu said, "What is it?"

Xie Lei and the rest invited, "Little Wu, you're the overall champion of this assessment. We want to treat you to a meal as a celebration."

Upon hearing this, Little Wu shook her head. "No need. I don't need to celebrate."

With that, Little Wu turned around and walked towards the stretcher. If not for the fact that she was stopped by these people, she would have forgotten about Xie Shihao. Feng Qing had yet to revoke her orders, so she still needed to protect Xie Shihao.

Xie Lei and the rest did not give up. They surrounded her again and said, "Little Wu, you're already the champion. Everyone wants to have fun with you. Just go once."

Little Wu said coldly, "No, taking care of Young Master was a mission given to me by Young Madam. This time, because I rushed over to participate in the assessment, Young Master was kidnapped again. This is already the second time I've neglected my duty, so I definitely can't let anything else happen to Young Master. Otherwise, I won't be able to explain it to Young Madam."

Xie Shihao laid on the stretcher and stared at Little Wu without blinking. From his angle, he could see Little Wu's entire face from her chin. For some reason, there was a throbbing and drum-like sound in Xie Shihao's chest. Little Wu's thin and good-looking face was filled with seriousness. Xie Shihao even felt concern and love from it. He never expected that Little Wu would actually care so much about him. Moreover, she didn't attend any celebration banquet for him. It had been a long time since he felt cared and loved by someone. It was too touching.
